

# Revenge On My First Love

Chapter 20 As long as you say no, I'll believe you

"Crazy crazy!" the Old Riley looked at him like he was a stranger: "Drake, you forget everything when that woman shows up, I really want to know what curse she put on you to make you believe in her so much?"

"Okay, you don't believe me, I'll show you the evidence now!"

the Old Riley had long since gotten his stuff together, just in case he came to question him.

"Look, these are the bills she went to the hospital for the year you were together, and also, there are files on here about her abortions."

The evidence here is indeed more complete than what was posted online.

Drake brought it over and didn't want to believe it, but all these sheets were here, how to explain?

the Old Riley looked at him and said helplessly, "Drake, you should stop being played by that woman. If she really loved you, how could she do these things behind your back? Also, if it wasn't for the money, how could she have been with Master Travis?"

"Drake, how could you be so stupid?"

Drake still says he can't believe that if Sophia really did this, how could she have personally sent him the court papers?

the Old Riley continued: "Drake, I can understand your thoughts, after all, she is your first love, first love is the most difficult to forget in this world, you do not want to have loved the first love is such a woman, I certainly do not want, but .....

"As you can see, things are really like this, and the reason why I deal with her so much is actually for you ah, I really don't want to see you continue to make fools of yourself for her at all!"

When Sophia disappeared, Drake went crazy and searched everywhere in the world, no matter what they said, Sophia just dumped him because she was with someone richer, but he didn't believe it.

In those days, the Old Riley almost thought he was wasted.

But then I don't know how much time had passed, he couldn't find anyone, and he was sure that Sophia was indeed that kind of woman, and only then did he pull himself together little by little.

At the same time, that was also the time when he took over the company and made it bigger and bigger.

The Old Riley thought he had forgotten about Sophia because of this and was testing him the last time he asked him to bring Sophia over to apologize to him.

But he never brought it, what does this mean? It means that he still has that woman in his heart.

Including this time, so much evidence was placed there, and as a result, still chose to believe him.

Drake, Drake, how could you be so stupid?

After an unknown amount of time, Drake handed over a video in his hand and asked, "Okay, I'll give you the benefit of the doubt on these facts, so what's this about?"

the Old Riley took the video over suspiciously, glanced at it as if he understood something, and asked, "You think I did this?"

"As long as you say it's not, I'll believe you!" That was, after all, his grandfather, who had been very good to him since he was a child.

"I didn't do it!"

the Old Riley doesn't know what the hell is going on, but it certainly has nothing to do with him.

"Okay, I got it!"

Drake can basically conclude that the incident is indeed unrelated to him.

But there are things that need to be done.

"Grandpa, this is the lawyer's letter Sophia sent me earlier, she said that if you can't retract those news and apologize publicly, she'll go after you."

the Old Riley snorted, "What a mouthful, who gave her the nerve to do that?"

Drake knew that there was basically no turning back on this.

Drake was ready to leave, but then he saw Aria, who had been watching them.

Aria seemed to see him too and turned away in fear.

Drake wondered a little, "Aria!"

Aria's body froze in place.

"Are you ..... in fear?"

Drake noticed that Aria's body was shaking like crazy.

"No, no!" The sight didn't even dare to meet his eyes.

"Did you do something else?"

"No, no!" A look that was completely unbelievable.

"Aria , what you have done, better hurry up and tell me, everything can still have a solution, but if you do not say, do not end

up even I can not protect you."

Aria tried to keep a smile on her face, "Brother, what are you talking about, what can I do?"

Drake glanced at her, saw she didn't mean to say anything, and ignored her.

This sister grew up pampered, and is young lady of Riley family, the others also support her, she is used to do everything.

Never mind, there are times when it's okay to let her suffer a little and learn from her mistakes.

Drake left straight away.

Aria let out a breath, but was still nervous.

What to do? What to do?

.....

Sophia never received a reply from the Old Riley of Riley family, let alone an apology from him, so it looks like this is going to be a tough fight to the end.

In that case, what else does she have to take into account, since she has already given them a chance anyway.

Sophia sent the lawyer's letter directly to the internet with a statement: the Old Riley, since you insist on doing this, don't blame me for being merciless to you, after all, I gave you a chance. I have already submitted the evidence of your slander

against me to the court, and will deal with this matter in the next day. At such an old age, you still have to go in and pay a price for this, I really feel sad for you, but this is the path you want to take, then I can only give you a ride.

Sophia's words are particularly rigid, that is the Old Riley ah, if it is other people, has been afraid, even is afraid to speak out, but Sophia did not, but she proved rigid, and to send the Old Riley to prison for a few days.

I can't even think about it!

In response, Helena was curious: "Sophia , what evidence do you have on hand to prove that he is framing you!"

Sophia laughs: "The evidence is huge, I didn't want to be such an unkind person, but what can I do, they Riley family just like to die."

Chloe was excited: "Can you reveal it in advance, I'd like to see what kind of melon it is!"

"Although you two are my good sisters, but to make this a little more fun, I still have to sell you a story first."

Chloe begged, "Sophia , let us know first, so anxious, anxious I can hardly sleep at night scratching my hair."

Sophia burst out laughing: "The main event always comes later, just wait!"

Chloe cried out to the heavens.

We are all waiting to see how Sophia is going to turn around and how the Old Riley is going to be sent to jail by Sophia.
