

Revenge On My First Love Chapter 203

Sophia threw caution to the wind. They had sex already anyway. It wouldn't do any harm to have sex with him again.

They were both adults, so they didn't need to hide their desires.

Drake was very encouraged by her sudden cooperation.

He thought things would go smoothly this time. Yet the next second, Sophia pushed him away.

Drake was puzzled. What happened?

Sophia suddenly ran to the bathroom.

Seeing the red liquid on her underwear, Sophia knew what was going on.

Drake was a bit worried and called her outside the bathroom door, "Sophia, Sophia?"

Sophia wanted to ask him to leave.

However, after she searched every drawer in the bathroom, she found that she forgot to buy tampons.

The last time she left from Sealand to Pinkerton, she thought she would never come back, so she didn't buy extra tampons, either.

But now...

"Drake!"

An embarrassed voice came from the bathroom.

"Is there anything I can do for you?"

"Yeah."

"Tell me."

"Can you get some tampons for me?"

"Did you get your period?"

Drake was stunned.

"Yes!"

Why did she get her period at such a moment?

It made sense. They went to the hospital because Sophia didn't get her period regularly.
