

## Revenge On My First Love Chapter 212

"You are so shameless!" Bard darted a glance at him in disdain.

"Of course. Or how am I supposed to gain her heart?"

Sophia was mentally strong, but Drake's words made her face blush scarlet.

"Stop it!" she snapped at him.

However, her voice and expression were coquettish in others' eyes.

A triumphant smile came over Drake's face.

When Sophia realized her tone, her cheeks turned crimson.

She coughed, trying to distract others. "Since he's here, let him sit down. I'm hungry. Shall we order and eat?"

Since she said so, others stopped giving Drake a hard time.

However, after Sophia sat down, Edwin and Bard quickly sat on her either side. Charles learned from them and pushed Drake away.

Therefore, Drake had to sit opposite Sophia. But it was not bad for Drake since he could watch her all the time.

Bard couldn't stand it. "Drake Riley, if you don't want to disgust us, you'd better eat and stop watching."

"You should get used to it. I'll often watch Sophia this way in the future."

Drake's glib tongue gave others goosebumps.

"Sophia, we should have kicked this guy out, but you stopped us."

"Enough. Let's eat."

Chloe approached Bard and whispered, "Have you noticed Sophia has gradually accepted Drake?"

Her words shocked him.

'How could it be possible?'

However, after he recalled, he had to admit Chloe's words made sense.
