

## Revenge On My First Love Chapter 218

"That's possible."

Chloe didn't believe it earlier. However, after a thought, she realized that Drake had taken over the Riley Group after Roman's scandal in the morning. Therefore, Roman wouldn't give up on Sophia. Moreover, he would definitely put more effort into winning her heart.

As expected, Roman appeared outside the window shortly after. Clinging to the window of Sophia's office, he beamed at her.

"Sophia, did I surprise you?"

Sophia stood up and pulled the curtain down without hesitation. "Turn on the light, Chloe."

"No problem."

Chloe was amazed by her reaction. At least she wouldn't be able to do it if she were Sophia.

Out of sight, out of mind.

It was a good idea to pull the curtain down.

However, they could still hear sounds from outside. Roman panicked. "Sophia, why did you pull down the curtain? Please pull it up!"

"For the sake of all this romantic stuff, Sophia, please talk to me!"

"Sophia, I did it for you."

"Please pull up the curtain. I still want to talk to you."

He was utterly ignored.

Chloe snorted. "Roman is really scheming. He dreamed of gaining your heart."

"Olivia taught him to do so. Years ago, she was worried I would marry Drake, so she tried her best to break us up. I haven't accepted Drake now, so she wants to let her son marry me. If her son did so, she would gain powers from my family and the top four families. She really dreams big, but I'll never make her wish come true."

"How disgusting! Olivia can do anything for her ambition. That bitch!"

"Whatever. No matter what they do, I don't mind watching the fun."
