

Revenge On My First Love Chapter 21

It really ruined him, he ran over and held the person directly.

"Sophia , are you okay!"

The main man came, at this time Drake felt very awkward look, he stood there, stay or not, go or not.

Sophia's face was beaming: "I'm fine, isn't that nice?"

Travis was so relieved that he picked her up in his arms: "I'll take you to the hospital and do a full body checkup."

It's been like this since she was a child. She has nothing more than a fever and a cold, and the whole family has to be out in force.

"I'm fine!"

Besides, how old do you think she is and how humiliating it is to have to hold it like that!

"Your car was hit like that, you still say you are fine, being hit who can ensure that there is nothing?"

Sophia looked helpless: "Chloe and Helena are still waiting for me."

"I know, I've told them about you, now just cut the crap and do what I say."

A face of dominance.

Once again, Sophia shook her head helplessly.

Travis paused in his tracks as he was about to carry Sophia to the car.

"Mr. Riley, what are you doing here?"

Drake could tell that although he stayed overnight at her house that night, it didn't seem to affect their relationship.

This is also enough to show that the two of them have a very good relationship, otherwise, how can Travis not care when he, an ex, lives there?

"Just happened to see it and saved her by the way."
