

Revenge On My First Love Chapter 222

All had fun while playing the game.

Soon, only one team member was left for each team, including Sophia, Drake, Edwin, and Chloe.

The game became more exciting.

Sophia and Chloe shared a tacit understanding. After exchanging a glance, they pounced at the two guys.

Edwin dodged quickly. When Drake was about to avoid them, Sophia subconsciously grabbed his arms.

Probably because they both lost their balance, they fell to the ground.

Meanwhile, Sophia's lips covered Drake's.

Silence reigned over the private box.

Drake and Sophia were taken aback.

Chloe quickly reacted and yelled, "Why are you standing there? Help Sophia stand up!"

Her voice brought Sophia back to her senses. She tried to disengage herself from Drake.

However, the next second, she fell back on him somehow and kissed him again.

Others gaped at them.

Fortunately, Charles was still rational. He strode over and forcibly pulled Sophia up.

Sitting on the ground, Drake said with a bright smile, "You are all my witnesses. I didn't mean to kiss her, but she offered to kiss me."

"Shut up!" Bard snapped at him in anger.

It was just a game, but no one had expected it to happen. Bard was irritated.

"Are you OK, Sophia?" others asked in concern.

"I'm fine. Let's continue," Sophia answered while stomping on Drake's balloons.

Much to everyone's surprise, Drake suddenly grabbed her and pulled her back on him. He quickly rolled to be on top of her and kissed her lips.
