

Revenge On My First Love Chapter 232

Drake, who was enjoying their intimacy, was suddenly pushed away. He was a little disappointed, but the night had just begun, he was in no hurry.

"Well, let's go to dinner!"

The two sitting in the car did not notice that a man with gauze covering most of his face and only his eyes revealed was staring at them.

Of course, he saw how they went to dinner together before going back to Sophia's place. After that, Drake never came out again, Roman saw it all clearly.

When he got home, he told Olivia the whole thing, "Mom, they must have been together. If not, how could Drake be staying in Sophia's place at late night?"

Olivia squinted. "I have tried so hard to keep them from getting back together but they did anyway. I have to think of another way."

"Yes, mom, you have to come up with a way right away. If they are really together now, what should we do about it?"

"Don't panic! I have a way out!"

Roman didn't know what Olivia meant. But he believed in her wisdom.

The next day, when Sophia arrived at the company, she received a phone call from the Old Riley.

"Sophia, I wonder if you have time today. I need you to come to my place."

Sophia had wanted to refuse, but when she thought of her current relationship with Drake, she said, "Okay. I'll come over at noon."

At noon, Sophia was about to go out when Chloe asked, "Where are you going? Aren't we having lunch together?"

"Oh, I forgot to tell you about it. You will have to eat alone today. I have something I need to handle."

Chloe felt it strange. What was so mysterious?
