

Revenge On My First Love Chapter 234

"I know. But there is nothing they can't do."

"Your grandpa..."

"Don't worry. He was pretending to be controlled by Olivia. However, Olivia has been really vigilant. For so long, she has never shown her true colors."

The reason Sophia agreed to come here was that Olivia would find out something fishy if she didn't.

"Fortunately, I came here in time. I will kill Olivia and her son if they hurt you!"

Sophia felt touched, though she didn't show it on her face.

"By the way, why are you here?"

"I was going to you and Chloe for lunch with Bailey, but you weren't there. Chloe said that you should be out for some private affair and I thought that you may be here."

No wonder he showed up so timely.

"Forget it, let's go to lunch."

"Okay."

Sophia didn't know that Olivia had sent the video to Abbott and Laura.

After the two watched the video, the first thing they did was to go to a professional agency for identification. After a lot of technical personnel's help of identification, they found that the video was forged.

So, the two ignored Olivia.

Olivia didn't get any reply from them and was anxious. She called Laura.

Laura didn't know Olivia's phone number, but she had guessed it should be her. So, after answering the phone call, she didn't initiate the conversation. But after waiting for a long time without hearing any words from Olivia, she said, "If there's nothing, I need to hang up now."
