

Revenge On My First Love Chapter 235

"I know, when she gave us the video, your father and I had someone identify it. That's why we ignored her. Your father also said that we should leave her alone to see what she can do."

Sophia laughed. "Yes, I agree."

"So, you've got a plan to handle this?"

"Yup!"

Laura had nothing to worry about now after hearing this.

After Sophia finished the call, Chloe asked her how she wanted to fight back. The tricky part of the whole thing was that Emilia was involved. But Sophia couldn't just bear such an accusation. It would affect her reputation if she was not to do anything.

What she didn't expect was that Sophia saw some news.

"Let me see!"

It was a notice from the police station of Sealand, saying, "Whoever wanted to spread rumors should think about the netizens who have received Ms. Lawson's lawsuit. Besides, no one has ever reported a crime related to this, so the authenticity of this matter requires further investigation."

Chloe laughed out loud. "This, this is too funny, Sophia. You and Drake haven't done anything yet, the police gave Olivia a slap in the face. I wonder what Olivia's face looks like now. Her face must be purple now!"

Sophia was also surprised. She called Drake, "Did you talk to the police?"

"I just saw it, too, and was going to ask you. It doesn't look like you did it either."

"So, it wasn't you who did it?"

Chloe looked surprised, and then laughed again. "Wow! So, the police station stood up by itself! How hilarious!"

Sophia couldn't help laughing, too. "I guess Olivia would not expect such a thing."
