

Revenge On My First Love Chapter 24

Sophia said without a trace, "Did your family not tell you if I've slept with a man or not?"

Drake's eyes became deeper and he didn't know how long he looked at her before he spoke, "Sophia , tell me, what happened back then? What did they do to you?"

Sophia suddenly pushed him away: "Isn't Mr. Riley here for your grandfather? I'm sorry to inform you that this time, I'm going to sue you Riley family!"

She doesn't look at him, but those hateful intentions in her eyes are clear to him.

According to those in the family, Sophia must have been the one who hurt them, when she was the one who took money from their Riley family and left with a richer man?

But the development of things let him find that is not the case, if she since she took the money away, she pressed not to use to retaliate, coupled with what happened during this time, how it looks like Sophia suffered more

After a long time, he spoke: "In the beginning, who hit you!"

Sophia's eyes had changed, he knew she had been in a car accident?

No, I think he was talking about the last time!

Sophia had a sarcastic smile on her lips, "Is Mr. Riley so good that he can't find out who did that to me the last time?"

"Sophia , I'm talking about when you left me." His gaze was very firm, the eyes like a vast universe, as if he was trying to suck her in.

"Mr. Riley couldn't find out?" Before Drake could say anything, he heard Sophia say again, "With your ability, do you know who it is and don't want to find out? Then why bother asking, isn't it redundant?"

"And, Mr. Riley, if you don't leave, I'll take you directly to the court side as well!"

Drake stepped in front of her, and Sophia subconsciously stepped back.

"Sophia , how did we become like this?" His eyes suddenly became extremely sad: "Once we said we would be together forever, why did everything change just like that? Tell me, did our separation really leave you with no regrets at all?"

she turned her head and looked at him with sarcasm: "Mr. Riley, you don't have to say
