

Revenge On My First Love Chapter 241

Olivia, who was absent, came over and said, "Baron, I know you don't love me, but you are too partial! Why can Drake like Sophia but Roman can't? "

"Don't be ridiculous!" Baron didn't expect that such a thing would happen during his absence, "Dad, what do you want to say?"

The Old Riley said faintly, "I think there's nothing wrong with Roman and Sophia being together!"

"Dad, what are you thinking about? Everyone knows that Sophia has slept with Drake... How can Roman be with Sophia? How people will judge us?"

"It's not a big deal nowadays. I don't think it's a problem!"

"Dad!"

Baron looked at him in disbelief, feeling that the old man was becoming more and more strange.

The Old Riley looked at Drake, "Since you are not married, everything is possible. If Sophia chooses Roman, I hope you can give them blessings!"

"Funny!" Drake felt ridiculous, "Give them blessings? It's never gonna happen!"

Roman was pissed off but he didn't dare to say anything.

"Alright, I've done what I should today. Take care, Grandpa." Then, Drake got up and headed outside.

Yet after a few steps, Drake felt dizzy. What was going on? He had a bad feeling...

Baron looked at him in confusion, "Drake, do you have anything else to say?"

Olivia hurriedly walked over. "Drake, are you feeling unwell? Yes, you must be very tired from running such a big company. What about staying at home tonight?"

Drake was fit enough, but today he seemed exhausted.

The Old Riley said, "OK, then stay at home. Also, call our family doctor over and check on Drake."
