

Revenge On My First Love Chapter 252

"Since we ran into each other, how about having a meal together? I haven't introduced you guys to my boyfriend!"

Sure, Sophia and Chloe knew what was gonna happen next.

However, since they greeted her first, they wouldn't refuse her. Julia was their classmate, and it was "fate" that led them to meet her here.

They sat down. Julia noticed Drake, Bailey and Flynn who wore plain clothes.

After all, they were climbing the mountains. Comfort was an important factor for them to choose clothes to wear.

Julia had no idea of the brand of their clothes and thought they must be very cheap.

So, she admitted that they were good-looking, but that was all they've got.

Her boyfriend just came back. "Darling!"

As soon as they met, they were clingy together. Julia introduced Sophia and Chloe to him with a smile, "Darling, these two are my classmates, and I didn't expect to see them here. Don't you think it's such a coincidence?"

When Julia 's boyfriend saw Sophia and Chloe, his eyes lit up. Julia looked plain-looking, but the makeup could make her beautiful. But Sophia and Chloe obviously were good-looking even without any makeup.

If he could flirt with these two women ... But then he felt the sharp gazes of Bailey and Drake.

He immediately realized they were their boyfriends.

He thought they were just good-looking but not his match in other aspects.

Julia didn't know what Graeme was thinking and introduced him to Chloe and Sophia. "Chloe, Sophia, he is my boyfriend, Graeme Frost, from the Frost family in Pinkerton."

Smugness gleamed in her eyes. "By the way, you must have heard about the Frost family, right?"

Sophia and Chloe looked at each other. They did not expect him to be from the Frost family.
