

Revenge On My First Love Chapter 256

Roman's face instantly became white. He knew that Sophia did not like him, but he did not expect she disliked him so much.

"Sophia, is there no hope for me at all?"

"Not much from the beginning!"

Roman was really angry that he clenched his fists. "Sophia, I really don't understand why you like Drake. I'm younger than him and I need you more. I'm also the young master of the Riley family and I might inherit the Riley Group in the future. Why can he be your boyfriend, but not me?"

Sophia's lips curved into a smile. "Roman, are you pursuing me because you like me?"

"I ..." For a moment, Roman actually did not know what to say.

"You see. You pursue me just because I have some use for you. In that case, you should not have come to me!"

"But Sophia ..."

"Stop it. Just go!"

That being said, Sophia stood up.

Roman, however, shouted loudly, "Sophia, I will prove to you that only I'm able to save you!"

Sophia ignored him and walked in.

Roman sat there and felt upset. He said so much, but Sophia still thought he was not capable.

He must prove his true ability to her. So he told the truth when he got over to the police station.

"So, that's what happened. Sophia did defend herself justifiably."

"Can you be responsible for what you just said?" The policeman looked at him.

"Yes!"

"But I want to tell you clearly that you also shoulder some legal responsibility for saying this."

"It's okay!"
