

Revenge On My First Love Chapter 257

"Of course, I am satisfied! Mom, things are a little rough with me and Sophia before, and I just wanted to tell her my feelings for her by this means."

"Roman!" Olivia was pissed off. "Do you think Sophia will care?"

"I am sure that she will be touched!"

Olivia covered her chest and felt pain in her heart.

"What did I do to have such a stupid son like you? Roman, tell me, do you really love her?"

Roman smiled. "What's the problem with me loving my future wife?"

He admitted that at the beginning, he pursued Sophia because he coveted the support of Lawson family.

But after he got to know her, he found that she was really particularly attractive.

No wonder Drake had been hung up on her over all those years.

He admitted that he had fallen in love with her, but he was very willing.

"You must be crazy! Roman, how could you fall in love with her?"

"Mom, why can't I? As you have said yourself, she can help us take control of the Riley family. With her help, our status in the society will be higher and higher."

"You..."

Olivia didn't even know what to say.

"Mom, you can rest assured. When I pursued Sophia before, I hadn't been serious enough, so she didn't fall in love with me. But things are different this time. I'm sure she will fall in love with me."
