

Revenge On My First Love Chapter 26

"Money?" Sophia sarcastically, "You think I'd be short of money?"

The moment she came up, she spent 400 million on a house, and I heard that she spent nearly 200 million on a car.

"So what do you want?"

Sophia looked straight at him: "What once gave me pain, now, naturally, I want you to give it back little by little, money, I will not ask for it at all, now you will do what the law says, what the law tells you to do!"

There is no doubt that Sophia has evidence on hand that the Old Riley was truly defamatory and Aria was truly perjured, and they must pay for it.

Of course, in addition to the two of them, Emilia and Olivia will not be able to escape either.

Olivia immediately softened up: "Sophia, you can't be so desperate, you and Drake were in love, no matter what, Drake didn't hurt you, didn't he? Can you look at his face and leave this matter at that?"

"Any more, grandpa's getting old, if he goes in"

The latter words need not be said, we all know what it will be.

Sophia smiled warmly: "You Riley family didn't even consider my feelings when you were doing this, and besides, I gave you a chance, but what did you do to me?"

"In that case, pay your price!"

"Besides, the sentences for defamation and perjury are not large, and the two of them will be out in six months inside."

the Old Riley was so angry that his hands were shaking: "Sophia , are you speaking human?"

Olivia continued softly, "Sophia, how about this, we give you a public apology, we admit that these mistakes were made by our Riley family!"
