

Revenge On My First Love Chapter 260

"I didn't even have time for this meal, but I thought this is someone's treat. Plus, your other brothers all did not have time to come over. I had to be here on behalf of them to attend the dinner organized by our future brother-in-law, so I made time."

Drake, who was called "someone", was speechless.

"Since you have come, stay for a while longer!" Sophia tried to persuade him.

"We will have plenty of chances in the future. This won't be the last meal Drake treats us."

Since Travis had said so, there was nothing they could do now.

A while later, Travis stood up, "I'm leaving. You guys have fun!"

He had a plane to catch.

Sophia said resignedly, "Helena, will you go see him out for me?"

Helena was stunned for a moment before she understood what Sophia meant and stood up.

Chloe gave her a look of encouragement.

After they left the room, Sophia and Chloe followed them secretly out of worries.

Drake, Bailey, and Flynn shook their heads helplessly.

At the door, Travis was waiting for the car while Helena was standing aside.

Sophia and Chloe were anxious looking at them. What was with Helena? Why didn't she make a move?

Travis spoke first, "It is a good thing that you have met someone. I remember that you and Chloe used to..."

Before he finished, Helena held his face and kissed him.

Sophia and Chloe covered their mouths at the same time in shock.

Travis was stunned.

It seemed that Helena had decided to go all out. "Travis, can't you feel it? I have liked you since we were kids. I have always followed you wherever you go and managed to get those girls who liked you away from you. I thought you knew how I feel about you."

"But I didn't realize until today that you have been seeing me as your sister."
