

## Revenge On My First Love Chapter 269

"Sorry. I'll go prepare it right away," Chloe immediately apologized.

"No need. It doesn't matter."

Of course, Spencer saw what they were doing here -- they were putting on a show.

Sophia hurriedly said, "Mr. Porter, I'm really sorry. It's not that I did not prepare a gift for you. It's that my assistant has a bad memory."

Did she think he was a fool? It was so obvious that she didn't prepare a gift for him on purpose!

Being humiliated in front of so many people, Spencer felt insulted and couldn't stand it.

"Ms. Lawson, how about this? Let's conduct a poll to see if they want a professional manager or you to run the company."

Sophia smiled, "Of course, if you insist. Let's check the public opinion!"

"Well, in that case..."

Before Spencer finished his words, someone knocked on the door.

"Come in!" Sophia said.

It was Paul.

When he appeared, he naturally attracted the attention of everyone.

"Sorry to interrupt."

Paul walked straight to her, "Ms. Lawson, this is the contract that Mr. Riley asked me to send you. He said today was your first day in office and he wanted to give you a gift as your fiancée."

Sophia really didn't know Drake would do this. He had asked once before when she would start her work in this company. She told him back then, but she didn't expect he would prepare this gift for her.

Chloe smiled. It was a nice act. Drake was a qualified husband-to-be to Sophia.

"Sign it, Ms. Lawson," Paul reminded her.

Sophia signed on it quickly.

However, that was not all. After Paul left, two men came, they were Flynn's assistant and Bailey's assistant.
