

Revenge On My First Love Chapter 28

Drake looked at her with interest, "Oh? What did I do last night? Why can't I remember?"

Sophia is not the same stupid white girl, of course, will not fall for his tricks.

"Now get the hell out of my house and stay out of my face."

Instead of walking away, Drake moved closer to her.

"You're so anxious to let me go because you slept with me last night and found that you still have me in your heart, don't you?"

Such compelling words made Sophia's heart beat uncontrollably.

But, she refused to have her heart beat for this man.

"Dream on!"

Drake leaned even closer, originally they were on the bed, basically no gap, but now it is good, two bodies have been tightly pressed together.

"Sophia , you are dishonest!"

She bit her lip to death, and although she didn't want to admit that his name "Sophia" really gave her an initial heartbeat, she wasn't stupid anymore.

"Drake, don't go too far!"

"What if I go even further?"

With that, his lips were almost on hers.

Sophia's uncontrollable heat was radiating outward a little: "This is not your hotel, you can come and go as you like, get lost!"

Drake, however, laughed out loud.

God knows what he was laughing at this time.

"You are right, this is indeed not my hotel, in that case, then from today onwards I will stay directly in, and definitely will not want to get in and get out!"
