

## Revenge On My First Love Chapter 280

Tia didn't take Aria's words seriously. "Hey, you two were losers by that time. Do you think you can win now?"

As Tia said that, she stepped on the table. "Now, lick my shoes. Otherwise, I'll make you guys leave with wet pants!"

No one could bear being humiliated like that.

When they were studying in Amerosia, Tia bullied Sophia and Aria very badly. Now they met again. Aria naturally wanted to settle scores with them.

Aria was about to stand up, but Sophia pressed her hand, indicating for her to sit down. Then, she picked up the coffee on the table and poured it over Tia's head.

"Tia!"

The girls behind Tia all came over.

Tia's face was ashen. "Sophia, how dare you? Do you think you can treat me like this after just a few years?"

Tia and her friends were expelled from the school because they bullied too many students.

Afterward, they went to other schools, but occasionally they would come back to bully Sophia and Aria. If Drake hadn't found out, Tia and her friends wouldn't have stopped.

But because of that, Tia and her friends hated Aria and Sophia very much. After all, Drake made them suffer a lot by then.

They were indeed afraid of Drake, so they didn't come back.

No one had expected that they would meet here today. Tia didn't intend to leave without taking revenge.

But she didn't expect Sophia to treat her like this.

"Girls, get her!"

"Yes!"
