

Revenge On My First Love Chapter 286

Chloe knew clearly about Sophia's plans and went back to work.

At noon, the dishes arranged by Drake were brought here. However, it surprised Chloe that it was Drake who delivered the meal instead of his domestics.

When she was about to say something, Drake gestured for her to hush.

Chloe understood it and said, "Well, I'll have lunch with some colleagues."

Of course, even though Drake didn't come here, she would have lunch with others to gain more information. Although Sophia had fully learnt the information of everyone here, there was still something unknown. Chloe should infiltrate the company to learn more.

That was the reason why Chloe came here with Sophia. After all, Sophia was the president who couldn't get close to staff in person frequently. Only Chloe could make it.

When Drake entered Sophia's office, she was still working and seemed to hear the sound but didn't raise her head.

After a long while, she spoke, "You can put down the food and leave me. Thanks!"

"Are you sure?"

Hearing the familiar voice, Sophia looked up and said, "Drake, why are you here?"

"I come to see you. Can't I?"

Sophia smiled, "Why not? Do you deliver me the lunch in person today?"

She gestured at the lunch box.

"Yes. Surprise!"

There was sufficient time left for Sophia's job, and she felt hungry now. Thus she said, "Let's have lunch!"

"No, take your herb soup first." Drake then took out another box.

Sophia could only complain about it, "I cannot eat whatever I like. It's painful."

"Better than unable to eat. Take it!"

"Alright!"
