

## Revenge On My First Love Chapter 29

Sophia didn't show any fear and asked back, word by word, "What do you think!"

His kiss suddenly kissed her lips, although only a little, but also in her heart rippled.

"Now that I've used your mouth, why don't you change it?" Drake looked at her with an indebted smile.

"Drake!"

Sophia wanted to kill someone, she grabbed her slippers and wanted to punch them.

But Drake ran like a rabbit.

"Stop right there!"

Drake thought it was too funny to tease her, even though so much had changed in her over the past three years, but somehow, this moment was like the one he knew at the beginning.

"I won't stand still, what can you do to me?"

"See if I don't beat you to death!"

Sophia was completely unaware that she had fallen into his trap.

At some point, the doorbell rang.

Sophia finally got over it, "It must be you again, get the hell out of here!"

What a bad luck!

Sophia cursed in her mind as she put on her slippers.

Drake doesn't mind, he can't wait to open the door every time and tell everyone that he slept here last night.

When I opened the door, it was Travis!
