

## Revenge On My First Love Chapter 292

"Don't say that. I believe the person you recommended must be excellent. And nothing makes me happier than to see excellent people working here."

Spencer narrowed his eyes as well. The woman was quite prudent in the way she talked.

"Alright. I will tell him to report for duty."

Then, the two of them returned to their offices.

Chloe soon found out who Spencer brought in. She walked to Sophia's office angrily.

And when she entered Sophia's office, she soon shut the door.

"Sophia, guess who that bastard Spencer brought in?"

"Who?"

"Rodney"

Sophia was confused, "Does Spencer know him?"

"According to what I have found, Spencer didn't know him. But yesterday, after we left Rodney, Rodney went to see Spencer. That's probably why he's brought in here."

"So someone must have introduced Rodney to Spencer. And Spencer wants to make me feel uncomfortable, that's why he brought Rodney in."

"Damn it. He still got in here."

"Never mind, we will find a way to kick him out. Which department does he work for?"

"The sales department."

"Then it's easy. Once he makes a mistake, we'll use it against him and kick him out. Spencer wouldn't disagree with that."

They could only hope so.
