

## Revenge On My First Love Chapter 296

They all looked at one another in warning, as if saying, "Does Rodney refer to you? If so, you'll be doomed!"

At noon, everyone left to have lunch while Rodney was still squatting there. Since he could not find which department Sophia was in, he decided to wait outside.

When he saw Sophia walk out from the elevator, Rodney hurriedly ran over to her, "Sophia, you are here! How about having lunch with me? My treat. I have a car. We can go anywhere you want and I will drive you back."

Sophia was indeed surprised. She didn't expect him to have a car so soon.

Rodney looked proud, "Although my car is not as good as yours, don't worry. I am a capable worker. Within half a year, I can buy a new car worth five hundred thousand and by then, I can drive you around town."

Sophia was speechless.

Where did he get the gall to say those words to her?

"So, Rodney, are you going to pursue me?"

Rodney took the chance and said, "Sophia, I did not tell you before, but even back in Amerosia, if you were the first person I met, I would have dated you, not Aria."

Sophia sneered. At that time, although she was still naive and didn't have a good judgment in people, she would not date this man even if he pursued her.

"I think you'd better not waste time on me, and, do your job well in the sales department. If you screwed it up, I will kick you out of the company."

"Sophia, you are jealous that I am close to those female colleagues, aren't you? I know you are jealous, but you just don't admit it!"

Sophia was at a loss for words.

How could he be so foolishly confident?

He even reached out his hand and tried to grab her hand. "Sophia, don't worry. No matter how much those women are obsessed with me, it is not important. The important thing is that I have fallen in love with you!"

Fortunately, Sophia dodged very fast and didn't let him touch her.

But Rodney kept approaching her. What a shameless man!
