

Revenge On My First Love Chapter 298

Just now, Drake simply felt Rodney somewhat familiar, but he failed to remember who he was. And now he did.

He had been busy and had no time to go to him and now...

Drake grabbed his wrist and beat him up.

Sophia wasn't surprised at all.

Rodney couldn't fight back at all and fell to the ground, groaning in pain.

Everyone who saw this was shocked. Although they had anticipated it, they were in shock when it happened.

When Drake was about to kick him again, he was stopped by Sophia.

Sophia shook her head.

Drake was surprised that she would stand up for him. Didn't she know what was going on?

Sophia took Drake to the other side, "Don't beat him to death! He's a spy placed in the company by Spencer and I would like to have some fun with Spencer."

"So, that's why you didn't tell me?"

Sophia nodded.

If it were someone else, Drake would have lost his temper. Tthough he was angry now, he soon suppressed his anger and recovered some composure.

"Well, I can tolerate him staying by your side, but if he crosses the line, you should beat him hard and I will bear any consequences for you!"

Drake really did not expect that Rodney could be such a scumbag. He had hurt his sister, and then he was coming at his wife. As a man, how could he tolerate it?

"Oh, does Aria know about this?"

"Yes, she ran into him the other day when she came here to deliver me a bag."

"What a scumbag! After you handled your company's internal matter, I will make his life miserable!"

"Don't worry. Even if you didn't do it, I would." Sophia remembered what Rodney had done to Aria clearly.
