

## Revenge On My First Love Chapter 308

When Hank received the news, he rushed to the hospital and told Spencer about this matter.

"Mr. Porter, shall we disclose the news that Rodney has been sent to jail?"

"Not necessary."

Hank looked at him in confusion.

Spencer explained. "Sophia did so to push us to disclose the news. Then she would follow the clue and kick us out. We cannot fall into her trap."

Hank was enlightened. "I see. You are absolutely right."

"Keep quiet. Pretend this matter has nothing to do with us."

"OK, Mr. Porter."

Sophia had waited a long time but still didn't receive any news. Narrowing her eyes, she realized Spencer was more challenging to deal with than she had imagined.

Chloe remarked, "That old jerk is really cunning."

"Of course. He's old and experienced."

"What shall we do then? They don't make a move. Will you take action?"

"Of course not. We're racing to see who's more patient. I can wait."

Chloe was competent and straightforward. Hence, many people from other companies were willing to cooperate with her.

However, in terms of schemes and the psywar, Sophia would be better.

When they had lunch during the noon break, they encountered Leah.

Since her older brother would be promoted soon, Leah was always proud and arrogant.
