

Revenge On My First Love Chapter 310

To give the public an explanation, Zain demoted the masters of those families.

Due to the demotion, they were irritated, so they blamed their daughters.

"Look what you've done! Do you know how difficult for me to get promoted again?"

"Dad, I did it for your own good."

"For my good? How ridiculous! Bullshit!"

"Dad, think about it. Why do I want to please Leah? I wished I could help you."

"This time, my friends and I did it for our fathers, so we took the chance to impress her. But she didn't help us but ratted us out. I'm also pissed!"

Those girls' fathers thought about Leah, who looked young but was indeed scheming.

They were enlightened.

"OK. I got it."

They were all annoyed by the Berry family.

Zain punished his subordinates to distance himself from them so the public understood why. In the beginning, Chloe was puzzled. However, after thinking it over, she smiled.

"Sophia, I didn't expect such a simple matter to have a huge ripple effect."

Sophia chuckled, "You still have a long way to go."

Chloe was surprised. "You don't look shocked at all. Did you call Bailey to ask him to do so?"

"I did." Sophia didn't hide it from her. "If I hadn't called him on time, he would have been to those women's houses. It wouldn't have had such a good effect."

"TSK. TSK. I'm upset now. We're both from affluent families. Why I can't be compared to you?"

"Chloe, I like your pure mind and innocence. It's not bad."
