

Revenge On My First Love Chapter 311

However, Chloe wanted to speak to Zain.

"Mr. Berry, please watch your younger sister. If she dares to provoke me again next time, you can't blame me for showing no mercy."

Zain chuckled awkwardly. "Ms. Thomas, are you THAT confident you'll marry Mr. Duncan?"

Chloe gaped at him. Why he was so confident that he was very likely to become the mayor?

However, she understood. If she hadn't known the next mayor had been agreed on in advance, she would have thought Zain stood a chance to become the mayor.

She replied, "Mr. Berry, this matter has nothing to do with Mr. Duncan. Even without him, if Leah repeatedly provokes me, I will definitely teach her a lesson."

Zain glanced at her. "Got it."

After arriving on the first floor, Zain left the elevator. "All right. Ms. Thomas, see you around."

"See you."

Chloe still walked him out of the building. After watching him leave, she returned to the elevator. After all, she didn't want to behave impolitely, which might impact Asco Group's reputation.

After returning to Sophia's office, Chloe found Sophia waiting for her.

"Sophia, I'm afraid you cannot remain neutral from now on. You must take a side."

"The current mayor has told me who the next mayor will be. Even if I don't take a side, the balance has shifted to that side. Besides, based on Zain Berry's attitude today, of course, I must take Harris' side."

"By the way, if not mistaken, he hasn't apologized to you, has he?"

Chloe shook her head. "No, he hasn't. You are right. He never thought of doing so. Let's continue your plan."

"Rest assured. I will never let go of anyone who bullies my bestie."

Chloe grinned at her. "Sophia, you should know it's easy for me to fall in love with you this way."

Bailey happened to arrive and was about to enter. However, Chloe's words made him stop mid-step.
