

Revenge On My First Love Chapter 32

Chloe knew about this and was particularly furious: "Sophia, what were you thinking, why did you let them both go? Did you have a soft heart? Say, it must be because of that Drake!"

Sophia smiled: "Chloe, don't be anxious yet, it will be like this and it's normal, you should know well, if I don't do this, the next public opinion on the internet will surely say that I am a person with a hard heart, they Riley family have come out personally to apologize and are so sincere, if I still want to put them in jail, that I just don't make sense."

"But it was their fault! Olivia, this is moral kidnapping!"

"Of course I know, did you forget what I told you before, that she would find a way to get the Old Riley's trust?"

Chloe seems to have remembered: "Yeah, how did I forget about this, so you've thought of it?"

"That's right, this is the moment I've been waiting for."

Chloe cheered up, "Sophia, do you have something fun to do next?"

"Well, accompany me to the bank!"

"Good!"

Although she didn't know what she was going to do at the bank, Chloe thought of all the things Sophia had done before, and she began to look forward to it.

Sophia was about to walk out when Mia walked up to her.

"It's not good, Ms. Lawson, just now the Riley Group released a message saying that no group can work with us, and if anyone dares to work with us, they are working against the Riley Group."

Sophia froze for a moment, then smiled: "It's okay, there's no need to rush this matter, wait for me to come back to deal with it."

With that, she also patted her on the shoulder and the person walked away.

Mia can't imagine what time it is, she actually has to deal with other things, is she really not in a hurry at all?
