

Revenge On My First Love Chapter 39

But, so what? Don't think that if you succeed this time, you will succeed next time, dream on!

When she returned to the office, Chloe came running in a breeze.

"Wow, Sophia, I was wondering why you hadn't done anything after you found out that Emilia was involved in both car accidents. Well done, now her idea of marrying Drake for good has been completely destroyed!"

Sophia's mouth lifted: "Even if I didn't, Drake wouldn't have let her marry, I would have just let the Old Riley die on her!"

"This is how you should treat her, but it's still cheap! Sophia, is there any more big melon about her, let's continue to explode, a move to let her die!"

Sophia glanced at her: "How can that be, it's not fun to die like that, a lot of things should be tortured slowly to be interesting."

Chloe nodded: "Good, for the sake of the relief you've made, I'll take you to dinner."

Sophia left her work and went to the restaurant with her .

Two people came to the window seat, ordered the food, only to talk and laugh up, did not even notice the eyes passed over there want to kill her.

Perhaps it was a magical sense that Sophia looked over there and saw Emilia.

Chloe also looked through her direction and noticed Emilia .

"She's got a big heart, to come out to dinner after what happened."

Sophia hooked her lips: "There are all kinds of birds in the woods, leave her alone and let's eat what we have."

Chloe didn't bother with her either.
