

Revenge On My First Love Chapter 42

Sophia glanced at him, "Who made you too stupid!"

LOL! Another day of being disliked by my sister.

Sophia called Mia over, "Go take him to the office for a moment, his position is the vice president."

"Yes!"

Bard looked at his sister's little assistant, who was quite good-looking, and couldn't help but talk to her a little more.

Perhaps Mia also thought Bard was good looking and her cheeks flushed as she spoke.

Sophia said helplessly, " Bard, don't do this!"

"Got it!"

Bard just behaved and stopped teasing Mia.

Martha knew about this, Summersky Group had hired a Sophia, but now they hired a Vice President, what does this mean?

Bard, a person she had never even heard of, was in the position of vice president. Was this company going to be abandoned by Lawson family? Is that why it is like this?

She secretly called someone and told them about what was going on over here.

The man, however, said, "I don't know who this Sophia is, but Bard, you've got to get a good grip."

Martha looked confused: "What do you mean?"

" Bard , is Lawson family's Bard , the reason why he has been kept out of sight is because he really is not capable of anything, maybe this time over, is to want to exercise him properly, so what to do, you should be clear."

Martha really did not expect that this Bard was the Master Bard of Lawson family, this Sophia really has the ability.

Not true!

"Do you think it's possible that he was sent over here and then spied on Sophia's?"

"Not without this possibility, after all, Sophia is not really the Lawson, Lawson family naturally can not completely hand over the company to her, I believe this point, Sophia herself also know. However, you can also take advantage of this point, you know what I mean?"

"I understand!"
