

Revenge On My First Love Chapter 58

When Lawrence and Nova heard this, they were immediately baffled.

Bard looked at her askance, "Are you qualified?"

Olivia coaxed, "Master Bard, it really wasn't Emilia who did this. How could Emilia do something like this when she's scared to death of an ant?"

With that, she looked over to Lawrence and Nova.

As soon as Nova heard this, she instantly understood, and she directly admitted this sin: "Master Bard, I know it's wrong, this is all my doing."

Bard's eyes narrowed slightly.

Olivia also said, "Yes, my sister did this, my sister was confused, Sophia hurt her daughter a lot, she was angry, so she did this, we will make it up to you now, and if you want us to apologize to Sophia... .."

Before the latter words were finished, Bard looked at Nova with a cold smile, "Did you really do it?"

Nova didn't dare to meet his eyes and lowered her head, "Yes, I did."

"Well, since you did it, you're coming with me." Said Bard, grabbing her by the wrist.

Emilia and Lawrence both tried to follow, but Olivia held them back.

Bard just took people away.

Lawrence was in a hurry.

Olivia warned, "I told you not to do anything when I didn't tell you to, but now Bard has come to the door. If anyone dares to say a word, you will all go to jail together!"

When it came to this situation, both were afraid to speak.

"Also, I will find a way to get my sister out."
