

Revenge On My First Love Chapter 63

Harris smiled and said, "If you like it, you can have another one when you're done."

"Then I'm not going to be polite."

The words were just finished when she noticed a person holding her hand.

It is impossible to say that there is no change in her heart, but Sophia is not the same person she was before and shakes off Drake's hand.

"Mr. Riley, please behave yourself!"

Originally, she did not want to say anything, after all, Harris here, she can not give him face, but this man is really sticking his nose in the face, either this or that, if she does not say it, but really take her is a soft persimmon, just pinch.

Such a statement also put the originally very good atmosphere, once again awkward.

Drake looked over at her, "Sophia , I'm just seeing if you can really eat spicy food, don't be a hero!"

That's right, when Sophia couldn't eat spicy food, it made her palms sweat. I didn't expect Drake to remember everything in three years!

"If I say it's edible, it's edible, so cut the crap."

Harris came up and said, "Mr. Riley, Ms. Lawson, come on, come on, let's have something else."

Drake really didn't say another word, and it had to be said that Sophia's hands hadn't just gotten a little sweaty. He just couldn't imagine how much she had done in the past three years to be able to eat spicy food.

Does she just hate him that much?

Sophia also ate other spicy dishes and remained unchanged.

Harris smiled and said, "It looks like Ms. Lawson can eat spicy food."

"Yes, I've tasted all the sickly spicy ones from every country and every place."

When it comes to spicy, it's a conversation starter, and everyone is actively talking, except Drake who keeps looking at Sophia like no one's watching.

Chloe has long seen that she really thinks Sophia is quite a bully, or at least she would not be able to stand being watched by her first love like this.

Sophia acted as if nothing had happened and did what she had to do.
