

## Revenge On My First Love Chapter 64

"At first, you guys were the ones who told me to leave, you were the ones who didn't care that I didn't have much of a background, well, I left him like you wanted, and then I found someone who didn't care about my background, so what, you still won't let me? As long as Drake is not good, I don't want to be good, right?"

One by one, they don't speak.

In fact, in this relationship, Drake is not the only one who is hurt.

They all thought Sophia had separated from him for money, but from what they've seen so far, Sophia is not that kind of person at all.

Then blame it on the inappropriate door between them.

Olivia came over and was just about to speak when Sophia took the lead, "I'm here, so if there's nothing else, I'll go first."

Aria shouted, "How can you be so heartless? My brother is inside right now and doesn't know what's going on, so how can you just say leave?"

Sophia looked at her speechlessly, "Do I have to stay and take care of him? May I ask, do I have that obligation?"

"Let her go!" the Old Riley suddenly spoke.

Aria was about to say something when the Old Riley stopped her with a look, and Aria had to stop.

Sophia just walked away.

When Drake came out, it was two hours later.

What the doctor meant was that if he kept drinking like that, he might have to have surgery, and if it progressed any further, any number of possibilities would be possible.

Aria said angrily, "Brother, can you stop being stupid about that woman? What's so good about her that you have to do this, and, you don't know how arrogant she was just coming over ....."

Not hearing any of the previous words, Drake only heard the last one, "You said she just came?"

"Don't mention it, she's got the old bad attitude ....."

Before Aria could finish her sentence, Drake cut off, "She's really here?"

the Old Riley gave him a look, "Drake, you almost tossed yourself to death over that woman three years ago, and now you're doing it again, how the hell am I supposed to feel comfortable with you?"

"So, she really came?"

Everyone looked at each other.

Drake's state is like when they broke up, for a while, everyone thought he was going to be ruined, but then he somehow managed to get up again suddenly.

But it's clear that this time Sophia is still hitting him hard, and there's no telling what will just been treated,
