

Revenge On My First Love Chapter 70

Nice guy, what a little titty dog!

"I do think you have a very sincere look in your eyes!" Sophia took a sip of her wine, a smile rippling around the corners of her mouth.

Ronan's heart moved.

When there is no work, he has nothing to do but come here to play, and has seen many women, but never a woman to make him feel this way.

Ronan came a little closer.

Just then, a few more people came in from outside, Drake, Flynn, Bailey, Cecelia, and Aria.

After all, Cecelia is back, and if Drake hadn't been hospitalized earlier, they would have come out to celebrate.

And as soon as they came in, they saw Ronan as if he was going to kiss Sophia in general, while Bard was playing with another woman on the side.

Aria snorted coldly, "Brother, did you see that? That is the woman you like, look at what she is all about, the mouth still says there is no other man around, in fact she has done what, her own heart is not clear?"

Cecelia takes out her phone and prepares to take a picture.

Flynn blocked, "Cecelia, what are you doing?"

Cecelia said unconcernedly, "Brother, what do you think would happen if Travis saw a picture like that?"

After she came back, she also heard a lot of things from her mother, but the more she heard, the more she felt Sophia was disgusting, obviously she had Travis, but she was still looking for Drake, and now she was playing with other men so openly, this woman is not a bitch is what?

"Mind your own business!"

"Drake, what do you think?" Cecelia didn't seem to have any intention of putting her phone down.

"Whatever!"

He turned around and went to the other side.

Cecelia took it as a yes and was ready to take a picture, only to be stopped by Flynn again.

"Travis, is that something you can mess with? Don't shoot."
