## **Revenge On My First Love Chapter 78**

Marley also said with disbelief, "I don't care what she does, Sophia is bullying my daughter, that's just not okay."

"It's ridiculous! That shipment is for the project that the four of us are working on together, the government wants it, the government already knows about it, Dad, are you trying to get us the Price family killed?"

"What?" Marley was indeed not expecting it, "How is that possible?"

"How is that impossible? The government people have found my head, completely disregarded our the Price family's face and said they scolded me, did you take into account me and our family in doing such things? Really, how can I have a family like you guys."

Previously did not feel how, they are just doing something harmless, this time to do something at stake, he realized that these people are really making him powerless.

Mrs. Price remained unconcerned: "So what? As long as Sophia gets her lesson, I don't care!"

Flynn shook his head feebly, "Now Sophia didn't get the lesson at all, the person who got the lesson was us the Price family, us the Price family, you know?"

For those things in business, Mrs. Price would not have known much: "We the Price family get what lesson, can not get the goods, the government people find Sophia to settle accounts, why should we settle accounts, is not this ridiculous?"

"Mom, why can't you understand what I'm saying, Sophia has already told the government about our family holding her goods, so the government already knows that this is something we the Price family did and has found me, if not for that, how do you think I would know that this is something you guys did? "

"What?" Mrs. Price said incredulously, "This Sophia is so desperate as to tell the government what we've done?"

Flynn shook his head helplessly: "Now they're asking you to apologize to Sophia, and if you don't, we the Price family can be kicked out of the program at any time."

"After all, there are a lot of companies that want to take over this project, and once we are kicked out at this time, what the consequences will be, you should be clear."

Not only will there be losses, but they will also be laughed at and may be screwed down in one go, can they the Price family really afford this?

"It must be that Sophia again , she must have slept with someone from the government and that's why ......"

Before the words were out of her mouth, Flynn stopped, "Mom, I advise you that you better not let Drake hear that, or he won't even care about my face."

"What's wrong, I can't say anything? Does he not know what kind of virtue that Sophia is?"
