

Revenge On My First Love Chapter 82

"Get out!"

Flynn over there also came over, not expecting Drake to arrive in this room, but seeing Sophia, he understood.

"Cecelia, come here!"

"Brother Me"

"Hurry up and get over here!"

Cecelia was very reluctant, but because her brother had already shouted, she finally went over with resignation.

Travis spoke without moving a muscle: "I already know about the Price family's bullying of Sophia."

Originally Flynn was going to take Cecelia and leave, but hearing these words stopped him in his tracks.

"About this"

Before Flynn could finish his sentence, Travis interrupted him directly: "About this matter, I hope this is the first and the last time, otherwise, I can fully represent Lawson family and take on you the Price family."

The air pressure was so great that it pressed directly on their bodies.

Cecelia didn't know how this man could be so loud, and she was just about to say something when Flynn silenced her.

"Brother!" Cecelia was very angry.

"Shut up, he's Master Travis."

Flynn is not afraid of Travis, but afraid of the entire Pinkerton's four families, if they really unite together, the Price family is nothing.

Cecelia looked at the man over there incredulously, and although she noticed something different about him, she couldn't make the connection with Travis.

No wonder he was so dragged in front of Drake, it was him!

Flynn still volunteered, "Master Travis , please rest assured that this will not happen again, before my parents and Cecelia also personally to Sophia to apologize, and besides I will watch over them after this."

"Hmm."

The Price family can have Flynn like this, it is also the Price family's blessing.
