

Revenge On My First Love Chapter 94

That is a strange woman, learned, there is nothing she does not know.

A woman like that can get you a lot of things done smoothly with just one piece of information from her.

When we arrived at the place, the people waiting for the audition, it was a sea of people, if not seen with their own eyes, could not believe it, and thought it was some big talent show site.

What is surprising is that two familiar figures are seen here.

Cecelia stood there with a disturbed bar, she is the Price family's first lady ah, is also the first daughter of the rich family, even if the previous disgrace, but in the end also has such a status.

It's ridiculous to have her follow these commoners around.

"Aria, didn't you ask your brother either? Can't even he talk to their entertainment company boss and let us go straight in for the audition?"

"I told you, but I heard that the president of this company is not our Sealand people, and simply do not give my brother face."

"Why isn't Drake crushing them?"

Aria was also upset: "Sister Cecelia, you don't know, because of Emilia's matter, I have already made my brother angry many times, this time I came here, I actually want to prove myself, so if I mention it to him again, he might really send me abroad."

"Hey, it's a good thing that Emilia is dead, she's so pitiful."

Cecelia looked at the ones around her, all kinds of disgusted, as if they all had poop on them and were afraid to rub up against her.

Chloe said with contempt, "They are the only two who auditioned, not afraid of failing to lose face?"

Sophia smiles: "Then spice them up!"

"What do you mean?"

Before Chloe could understand what was going on, Sophia called someone.

Chloe quickly understood and gave her a thumbs up,

"Wait for

arc, and where his sister was, there must be

long for the reporter who received the information to rush over this way, and while looking into the video camera, the reporter said, "Hello everyone, I'm an entertainment reporter, and

lead, but the supporting solution is still late in finding a suitable candidate, and behind me, you can't imagine that so many people are here for the casting, which shows the

going to pick a few people at random and have them come in and talk about their thoughts on the competition

a reporter
