

MY RICH WIFE

Chapter 1431 – 1440

tit for tat

Chapter 1431: Chapter 1,431, tit for tat

Mo Rong was even more surprised when he heard Qin Yu's words.

He sized up Qin Yu and said in a strange tone, "Do you really take it seriously?"

Qin Yu snorted coldly and couldn't be bothered with Mo Rong at all.

Then, Qin Yu looked at Fang Fang and the others and said, "Follow me closely later."

Fang Fang said in a deep voice, "It's better for you to follow me closely."

Qin Yu didn't explain much, and he didn't say anything unnecessary. He just stood at the side, waiting for Mo Rong and the others to set off.

"What? Aren't you going to hunt the flying spiders? What are you waiting for?" Mo Rong sneered when he saw Qin Yu and the others not leaving.

Qin Yu said indifferently, "It's none of your business whether we leave or not."

Mo Rong narrowed his eyes and sneered, "Kid, you have repeatedly disrespected me. I'm afraid you are courting death."

The person beside him also said with a dark face, "Young master Mo, who is this kid? How dare he be so rude to you?"

Mo Rong sneered, "He's an idiot."

A girl stood beside Mo Rong. He looked at that girl and said with a faint smile, "Of course, I won't lower myself to the level of an ant like him."

That girl didn't say anything. She just frowned slightly.

"Well, it's about time. Let's go." Mo Rong stretched.

"After we kill the flying spider, we can sell it for a good price," someone said.

Mo Rong sneered, "Sell it for money? Is My Young Master Mo Short of money? Your Horizons are too low."

"If I can get the life qi, I can use it to exchange for the heavenly materials and earthly treasures the guild wants."

Hearing their words, Qin Yu could not help but frown.

Exchange Guild? What kind of place was that? Why had he never heard of it before?

"I'll have to investigate it when I have time," Qin Yu thought to himself.

The Southern Prefecture was so big. There were many places that Qin Yu did not know about. What he saw was only the tip of the iceberg.

"Brat, you better follow behind us properly," Mo Rong mocked Qin Yu and the others. Then, he led everyone deeper into the city.

"Let's go." Qin Yu looked at Fangya.

Fangya frowned and said, "Are we really going to follow them?"

"That's right. Not only do we have to follow them, but we also don't have to make a move. We just have to watch from the side." Qin Yu said coldly.

Fangya asked in puzzlement, "Why do we have to do this?"

Qin Yu narrowed his eyes and sneered, "You'll know in a while. Follow me."

With that said, Qin Yu took the lead and walked forward.

Although Fang and the others were puzzled, they still followed Qin Yu's request and walked forward.

Qin Yu activated his desolate god eye and clearly saw the huge flying spider.

Qin Yu had experienced the strength of this flying spider. Although it was not extremely powerful, its strength was definitely not to be underestimated.

With Mo Rong and the others' strength, it would not be easy to easily take down this flying spider.

As the group approached the flying spider, The flying spider seemed to have sensed Mo Rong and the others' arrival.

A strong killing intent was emitted from its body. This killing intent seemed to be warning everyone to leave.

Mo Rong felt this killing intent. With a shake of his palm, the sword fell into his hand.

He used this sword to snatch the spoils of war that belonged to Fang.

"Everyone, don't be nervous. A mere flying spider isn't even worth mentioning," Mo Rong said in a deep voice.

Since he was ranked in the top ten of the younger generation, he naturally had some ability.

There was a hint of nervousness on the group's faces.

Seeing that they were getting closer and closer to the flying spider, the vigilance on the flying spider grew stronger.

"Hiss!"

At this moment, the flying spider moved. It shot out spider silk at an extremely fast speed!

Mo Rong snorted. He held the sword in his hand and swung it forward, instantly cutting the spider silk in half!

"Swoosh!"

The flying spider aimed at Mo Rong and instantly arrived in front of Mo Rong.

The battle was about to start. Mo Rong's strength was not to be underestimated. He slashed forward with the sword in his hand. The bright

light shook the sky and Earth, as if it wanted to split the entire green rock forest into two.

The flying spider naturally would not sit still and wait for death. Although its body was huge, it was extremely agile. It had dodged Mo Rong's attacks many times and could even counterattack many times.

"Bang!"

At this moment, the flying spider spat out an extremely fine spider web, instantly forcing Mo Rong back.

Mo Rong's body was continuously pushed back hundreds of meters, smashing countless rocks and trees.

"Young Master Mo!" Everyone cried out in surprise.

At this moment, Mo Rong dashed out again.

He grabbed his sword with both hands and slashed at the flying spider!

"Swoosh!"

The flying spider spat out spider silk from its mouth and wrapped around Mo Rong's wrist!

Mo Rong's expression changed. He tried to struggle, but found that he couldn't break free at all!

"What are you all waiting for? Let's attack together!" Mo Rong shouted hurriedly.

The people around him finally came back to their senses. They all cast their spells and rushed toward the flying spider.

Qin Yu sneered at the side.

Everything was as he had expected. Mo Rong wanted to kill the flying spider, but it was not that simple.

"Yu Qin, should we attack?" Fang Fang asked from the side.

Qin Yu shook his head and said, "No need. We Can Wait."

My Rich Wife - Chapter 1432 - there's no one I don't dare to kill

Chapter 1432: Chapter 1,432, there's no one I don't dare to kill

Fang Fang saw this and didn't say anything more.

He didn't know what Qin Yu was planning, but for some reason, when he saw Qin Yu's extremely conceited expression, he felt inexplicably at ease.

Time passed by minute by minute, and the battle continued.

Qin Yu just looked at them coldly without any intention of attacking.

Mo Rong and the others were not worried that Qin Yu would snatch them away. After all, in their eyes, the strength of these people was not worth worrying about.

They were struggling to deal with the flying spider. With their abilities, there was no way they could kill the flying spider in one strike. They could only slowly grind it to death.

Under the joint attack of the few of them, the aura of the flying spider began to become unstable. It seemed to be showing signs of decline.

"Everyone, put in more effort and strive to kill this flying spider in One Breath!" Mo Rong shouted.

Qin Yu narrowed her eyes and clenched her fists, ready to attack at any time.

Seeing the flying spider being beaten back repeatedly, just as they were about to give the flying spider a final blow, Qin Yu suddenly shot out!

A golden light tore through the void and instantly arrived in front of the flying spider!

The sun-like fist directly smashed towards the flying spider's head.

With a bang, the flying spider's head directly exploded!

With just one strike, the flying spider immediately fell to the ground and its life force was rapidly fading away.

Mo Rong and the others' expressions changed and they immediately shouted angrily, "Brat, what are you doing! ?"

Qin Yu sneered, "What? I killed the flying spider, so the thing is naturally mine. I saved your lives, so you should be grateful to me, right?"

Mo Rong was speechless by Qin Yu's words. He opened his mouth, but was unable to say anything for a moment.

"Kid, we went through so much effort and almost killed the flying spider, but you made a move at this time. Do you have any shame?" The person beside Mo Rong shouted.

Qin Yu raised his eyebrows and said, "Do you think this kind of behavior is very shameless?"

"It's not just shameless, it's simply a beast's behavior!" Mo Rong's companion continued to shout loudly.

Qin Yu laughed loudly and said, "You're right, you're right! Mo Rong, what do you think?"

Mo Rong's face was livid. He looked coldly at Qin Yu and said, "Kid, I advise you not to find fault with me. Otherwise, not only will you get nothing, but you will also die here today."

"Is that so? I want to see what you can do," Qin Yu said with a sneer.

Mo Rong immediately flew into a rage and said, "You are courting death!"

With that, Mo Rong directly slammed his palm toward Qin Yu!

Qin Yu looked coldly at Mo Rong. Just as his palm was about to touch Qin Yu, Qin Yu suddenly made a move and grabbed Mo Rong's wrist.

Mo Rong's face changed. He tried to struggle, but found that he could not escape at all.

"What? You can't stand the fact that I used the things you've done on you?" Qin Yu loosened his grip. Mo Rong immediately staggered back a few steps and finally sat down on the ground.

Such humiliation made Mo Rong even angrier.

His palm shook, and he pulled out the sword again. Then he pointed at Qin Yu and said, "Kid, you're heating up the wrong person. I'll send you to Hell Right Now!"

After saying that, Mo Rong held the sword in his hand and stabbed straight at Qin Yu!

Qin Yu sneered. He stretched out two fingers and caught Mo Rong's sword.

Mo Rong's face changed. Before he could say anything, the sword in his hand was broken into two pieces by Qin Yu!

"Is that all you got?" Qin Yu looked at Mo Rong coldly.

Mo Rong realized that something was wrong. He took two steps back and said coldly, "Who the hell are you!"

Qin Yu shook his arm and sneered, "I won't change my name or surname. My name is Qin Yu, how about it?"

"Qin Yu?!"

As soon as he said that, everyone's expression changed drastically!

Fang Fang and the others who were not far away were even more shocked!

This young man who looked amiable was actually Qin Yu?!

"You... You Are Qin Yu? How... How is this possible?!" Mo Rong's expression was extremely ugly.

Qin Yu's feet shook, and he instantly appeared in front of Mo Rong.

"Why can't I Be Qin Yu?" Qin Yu narrowed his eyes and said.

Mo Rong gritted his teeth. In front of so many people, he braced himself and shouted, "So what if you are Qin Yu? I, Mo Rong, Am Not Afraid of You!"

Qin Yu said coldly, "I don't need you to be afraid of me. Anyway, you are a person who is about to die."

Mo Rong's body tightened. He said with a trembling voice, "I... I don't believe that you dare to kill me!"

Qin Yu laughed loudly and said, "There is no one in this world that I don't dare to kill!"

After saying that, Qin Yu directly stretched out his hand and smashed Mo Rong's head into pieces with a slap!

Mo Rong did not even feel any pain before he directly died here.

Looking at Mo Rong's corpse on the ground, the people around could not help but show terrified expressions.

Qin Yu reached out and took out the inner pellet from Mo Rong's pocket, then walked to Fang.

"This belongs to you. Take it back." Qin Yu handed the inner pellet to Fang.

Fang was stunned. He stood there in a daze, not knowing what to do for a moment.

Chapter 1433: Chapter 1433, First Elder's action 1

Qin Yu shoved the inner core to Fang and said, "In a few days, I'll bring you to the hunter organization."

Fang regained his senses and hurriedly nodded. "Okay, okay."

Not far away, Mo Rong's friends were nervously looking at Qin Yu.

Qin Yu glanced at them and said, "It has nothing to do with you. Don't worry, I won't do anything to you."

Hearing this, the few of them turned around and left without looking back.

Qin Yu didn't waste any more time. He walked to the flying spider and squatted down, ready to take out the life Qi in his body.

Wisps of life Qi were circulating on the flying spider's body.

He didn't know where this flying spider came from, but it actually had life Qi in its body.

Qin Yu took out the jade bottle that brother Fu had given him and carefully collected the life qi.

Soon, all the life Qi in the flying spider's body was absorbed into the jade bottle.

"Phew, this should be the last time." Qin Yu took a deep breath and suppressed the excitement in his heart.

Following that, Qin Yu put away the jade bottle. His eyes scanned the surroundings as if he wanted to see if the hand of death had appeared.

Under the gaze of the desolate God's eye, Qin Yu saw quite a number of demonic beasts, but he did not see the hand of death.

"This is really strange," Qin Yu muttered to himself.

This did not make sense. Could it be that the flying spider and the hand of death had something in common?

Qin Yu did not continue thinking. He turned around and looked at Fang Fang and the rest.

“Let’s go,”Qin Yu said.

Fang Fang hurriedly nodded. They followed behind Qin Yu and did not dare to say a word.

“You... Are You Really Qin Yu?”Fang Fang asked in a low voice after a long while.

Qin Yu smiled and said, “Why? Don’t you think I don’t look like him?”

“That’s not it. I just didn’t expect that a legendary figure would appear by my side,”Fang Fang sighed.

Qin Yu couldn’t help but laugh bitterly.

The legendary figure? was he worthy?

“In a few days, I’ll bring you to the Hunter Organization.”Qin Yu patted Fang Ya’s shoulder.

Fang ya nodded and said, “Then thank you very much... by the way, aren’t you afraid that they will tell the Heavenly Cloud sect about your whereabouts?”

Qin Yu shook his head and said, “I’m not afraid. This place is very far from the Heavenly Cloud sect. Even if they go to report it, it will take a few days.”

And a few days was enough for Qin Yu to recover his spiritual power.

At that time, even if the great elder came, Qin Yu would not be afraid at all.

After walking out of the Qingyan Forest, Qin Yu did not have anywhere to go for a while.

He did not know what kind of process it would take to recover his spiritual power, and Qin Yu was not confident.

Therefore, he had to find an absolutely safe place.

After thinking about it, he either went to the divine capital city or to Mount Hua Ning.

Therefore, Qin Yu looked at Fangya and said, “In a few days, you will still be here, right?”

Fangya nodded and said, “Yes, we will basically go hunting in the green rock forest every day.”

“Okay,” Qin Yu agreed. “I will come and look for you in a few days.”

He wanted to leave a token for Fangya and the others, but Qin Yu didn't have any spirit energy in his body. Even if he left a token, it would be useless.

Therefore, after bidding farewell to Fang Fang and the others, Qin Yu left.

Then, Qin Yu rushed toward the divine capital. This place was relatively close to the divine capital, so Qin Yu would need about three days to get there.

Meanwhile, in the Heavenly Cloud sect.

There were two huge pillars in front of the first elder.

There was a chain in the middle of the pillars, and a few people were hanging on the chain.

These people were none other than Zhen Yue and the others.

“First Elder, please let them go...” Di Zun kneeled in front of the first elder and pleaded.

The first elder was unmoved. He looked at Di Zun coldly and said through gritted teeth, “If the sect master didn't say before he went into seclusion that he couldn't kill you, you would have the same fate as them.”

Then, the great elder stood up and walked to Zhen Yue and the others.

With his hands behind his back, he looked up at them and said coldly, “Qin Yu hasn't shown up yet, so I can only sacrifice you.”

“As long as he doesn't show up, I will kill someone until he shows up.”

After saying that, his eyes fell on Zhen Yue.

Among these people, the one with the weakest talent was undoubtedly Zhen Yue. Therefore, the first elder planned to kill her.

He pointed his finger at Zhen Yue with a light light and rushed toward her.

At this moment, Di Zun gritted his teeth and waved his sleeve. A light instantly shattered the first Elder's spell!

The first elder's face suddenly changed. He turned to look at Di zun and said coldly, “Do you want to die? !”

Di Zun glared at the great elder and said, "Either you kill me, or I will never let you touch a single finger of theirs!"

The Great Elder's face turned ashen. He suppressed his anger and said, "Don't think that I really don't dare to kill you!"

Di zun said coldly, "Then come."

The great elder narrowed his eyes, he said, "You are really a traitor. You are in the Heavenly Cloud Sect, but your heart is still with Qin Yu, right? Let me tell you, even if I kill you, the sect master will at most punish me! And you will lose your life! You better think it through!"

Chapter 1434: Chapter 1,434, recovery of spiritual power 1

Di Zun remained unmoved and continued to look at the great elder coldly.

With Di Zun's current abilities, he was naturally not the great elder's ability. However, he still did not have the slightest intention of backing down.

The Great Elder's expression became increasingly gloomy and his entire body was emitting surging killing intent.

"Since you are seeking death, then don't blame me!"

The Great Elder roared angrily, and his aura instantly erupted.

He walked towards Di Zun, and the people around him hurriedly stopped the great elder and said, "Great Elder, you absolutely mustn't. The sect master has already said that you can't kill Di Zun..."

The Great Elder's body shook violently, and the people around him scattered.

"Whoever stops me today will die with him!" The great elder shouted angrily.

Seeing that the great elder was serious, no one dared to stop him.

The great elder directly raised the disc phenomenon behind him and charged at Di Zun!

No one expected that the great elder would use his trump card and face his own people!

"Rumble..."

The disc phenomenon was like a meteorite that came crashing down, shaking the entire heavenly cloud sect.

Di ZUN's expression was solemn, as if he was facing a great enemy. His muscles tensed up as he unleashed his most powerful battle strength.

Even so, he was still insignificant in front of the disc phenomenon.

Although di Zun was extremely talented, he had entered cultivation too late, so how could he be a match for the Great Elder?

Before long, Di Zun was crushed by the disc phenomenon.

His body collapsed, his body cracked, blood flowed, and his life force was rapidly disappearing.

Looking at Di Zun who was lying on the ground, the people around him hurriedly walked forward and pleaded, "First Elder, stop. Di Zun will die if we continue fighting!"

First Elder's face was cold. A moment later, the huge disc phenomenon slowly disappeared.

However, Di Zun was already lying on the ground and almost fainted.

"You don't know whether to live or die." First Elder walked to Di Zun and said coldly.

"I'll only teach you a small lesson this time. If you dare to stop me again, I'll kill you!"

Then, the first elder looked at Zhen Yue again.

He looked at Zhen Yue, who was hanging up, and a cold smile appeared on his face.

Zhen Yue was covered in blood, his aura was weak, and his body was covered in wounds.

The first elder, who had lived for a long time, didn't know what it meant to be kind to women. He only knew that he would sacrifice everything to achieve his goal!

"Let's start with you." The light on the great elder's finger lit up again.

Then, the great elder raised his finger and pointed at Zhen Yue.

Di Zun, who was lying on the ground, was stunned. He tried to get up desperately, but the wounds on his body made him unable to move.

"No! !"

Di Zun shouted with all his strength.

But nothing could stop the great elder at this moment.

The light landed between Zhen Yue's eyebrows, and a trace of fear flashed in Zhen Yue's eyes. In the next second, her pupils turned gray.

"No! !!" Di Zun's face was full of pain, and tears kept flowing down his face.

He had promised Qin Yu that he would take good care of Zhen Yue and the others, but he didn't expect it to end like this.

Looking at Zhen Yue's corpse, the first elder didn't show any emotion on his face.

"This is just the beginning. If Qin Yu doesn't show up, everyone who is related to him will die," the first elder said viciously.

The people around him didn't say anything. No one dared to say anything.

...

Qin Yu, who was rushing toward the divine capital city, suddenly felt his right eyelid twitch.

This made Qin Yu, who was rushing forward, stop in his tracks.

"Eh?" Qin Yu rubbed his eyelid. He suddenly had a bad feeling.

He stood there in silence for a long time before continuing his journey.

Although he did not know what had happened, Qin Yu had a very bad feeling in his heart.

This made Qin Yu, who was already anxious, speed up again.

After spending a few days, Qin Yu finally arrived at the divine capital.

At this moment, the divine capital was like a real city.

The previous decadence was swept away, replaced by a trace of prosperity.

Qin Yu quickly stepped into the divine capital city. As soon as he entered, someone noticed Qin Yu.

"Greetings, City Lord!" Someone cupped his hands.

"City Lord Qin, you're back!"

“City Lord, you’re finally back. We thought something happened to you.”

Everyone surrounded him. Everyone was filled with gratitude towards Qin Yu.

After Qin Yu greeted everyone, he quickly walked forward.

He rushed all the way to the back of the mountain and found a place where no one was around.

Then, Qin Yu took out the jade clear bottle.

Qin Yu did not waste any time. He opened the jade clear bottle and began to absorb the life energy.

Traces of Aura entered Qin Yu’s body through his nose. Then, it flowed through his entire body at an extremely fast speed.

As the life energy flowed into his body, Qin Yu’s body slowly changed.

This was not a long process. In just a few minutes, the life Qi in the jade clear bottle was completely absorbed.

His body slowly emitted traces of light.

This light was the golden color that he had not seen for a long time.

Chapter 1435: Chapter 1,435, nascent Soul Stage 1

Rays of light like the afterglow of the Sun appeared on Qin Yu’s body.

Qin Yu closed his eyes and felt the heat coming from all over his body.

At this moment, the number on his forehead slowly disappeared.

His flat forehead reappeared.

His black hair was like a waterfall that fell on his shoulders. Under the golden contrast, he looked like a god.

Qin Yu stood up from the ground. He took a deep breath and said in a low voice, “Finally, the twilight aura has finally disappeared.”

After saying that, Qin Yu closed his eyes and felt the long-lost spiritual power in his body.

Traces of spiritual power slowly circulated in Qin Yu’s body.

“Finally, finally...”Qin Yu was so excited that tears filled his eyes. He unconsciously half-knelt on the ground. Two lines of clear tears flowed out of his eyes.

This was the feeling of possessing spiritual power. The surrounding spiritual energy made Qin Yu feel comfortable both physically and mentally.

“Eh?”

At this moment, Qin Yu noticed something unusual.

He felt the spiritual power in his body and found that there was very little spiritual power in his body, far less than before he was infected with the Twilight Qi.

“What’s going on?”Qin Yu’s face was a little ugly.

Could it be that the damage left by the Twilight Qi was irreversible?

Even if she consumed the life Qi to recover, would it permanently affect her spiritual power?

“That’s not right.”Qin Yu shook his head.

Previously, after Zhao Wan ‘er recovered her spiritual power, there were no sequelae, so there shouldn’t be any problems with Qin Yu.

“Perhaps she will recover in a while,”Qin Yu thought to himself.

Therefore, he didn’t continue to think about it. No matter what, Qin Yu had indeed recovered his spiritual power.

He raised his head and looked at the sky. Then, his body shook and he floated in the air.

Qin Yu stood high in the sky and looked down at the divine capital city. A smile appeared on his face.

Then, Qin Yu raised his palm and aimed at a certain uninhabited place.

He gently slapped his palm forward, and a huge palm crushed forward.

“Boom!”

The ground instantly collapsed, stirring up a hundred thousand feet of dust!

“Hahahahaha!”Seeing this, Qin Yu could not help but raise his head and laugh loudly.

This was the feeling that a true cultivator should have!

Although this palm strike was extremely powerful, the only pity was that with just one palm strike, the spiritual energy in Qin Yu's body was completely depleted.

He lowered his head and looked at his hands. He could not help but frown and say, "The spiritual power in just one palm strike was empty. If this was in a big battle, I'm afraid it would be of no use."

After thinking about it, Qin Yu felt that it might be because his spiritual power had just recovered. It would take a certain amount of time.

Therefore, Qin Yu did not think further. He turned around and returned to the divine capital city.

In the divine capital city, there were already people who had prepared accommodations for Qin Yu.

They had built a huge and magnificent palace in the center of the divine capital city.

Although this palace could not be compared to the Wen family's manor, it was still too extravagant for Qin Yu.

"I have never received such treatment before..." Qin Yu looked at the huge castle and could not help but be surprised.

"City Lord, the palaces in every city represent the city's face. We can not be careless," said an elder beside him.

Qin Yu looked at the old man and said, "Did you plan all of this?"

The old man said with some pride, "Yes, I planned the entire city."

Qin Yu couldn't help but sigh, "How can I, Qin Yu, do that..."

"You can't say that. If it weren't for you, we might have become prisoners of the Heavenly Cloud Sect," said the old man.

Qin Yu couldn't help but think to himself that he had no intention of becoming a willow tree.

"What's Your Name?" Qin Yu looked at the old man.

The old man cupped his hands and said, "I'm Peng Liu. City Lord, you can call me old Liu."

Qin Yu smiled and said, "I'll Call You Peng Liu. In the future, this divine capital city will have to rely on you more."

To Qin Yu, he didn't want to be a city lord at all. This place was just a sanctuary.

And now, Qin Yu did not need a sanctuary. He might come to the divine capital city to cultivate in seclusion in the future.

"City Lord, you... have your spiritual power recovered?"

At this moment, Peng Liu suddenly asked.

Qin Yu nodded slightly and said, "Yes, it has just recovered."

Upon hearing that, Peng Liu immediately cupped his hands and said, "Congratulations, City Lord! I wish that city lord can pull out the heavenly cloud sect as soon as possible!"

Qin Yu smiled and shook his head, not saying anything else.

"City lord, your cultivation... seems to be only at the nascent Soul Realm?" At this moment, Peng Liu seemed to have noticed something.

Qin Yu nodded and said, "Why, are you very surprised?"

Peng Liu said with a face full of shock, "Not only surprised, I simply... have nothing to say!"

"Previously, someone had guessed your strength and said that you might be at the peak of a mighty figure who had lost his spiritual power. I never expected that you were only at the nascent Soul Realm..."

Qin Yu raised his head and sighed. That's right, there was still a thin line between him and the Almighty Realm.

If it wasn't for the Twilight Poison, he wouldn't be in this state.

The current Qin Yu could indeed cross ranks to fight, but if he met a true genius, it was hard to say who would win.

For example, Chang Mang, or that Xiao Yuan.

If they were at the same level, Qin Yu didn't dare to guarantee that he could beat them. Moreover, their current cultivation was definitely above Qin Yu's.

Chapter 1436: Chapter 1436, kneading di zun 1

In such an era, everyone had a chance to stand out, and everyone could become the gravel of the era.

Qin Yu walked into the palace, which was similar to the design of the city Lord of Gu City.

Other than a huge hall, the rest were almost all Qin Yu's rooms.

Qin Yu chose a room and planned to rest for a while.

He had been too tired during this period of time, and every day had exhausted him.

He lay on the bed and soon fell asleep.

Perhaps it was because the recovery of spiritual power had made him feel more at ease, but in any case, Qin Yu had not slept so well for a long time.

The next day, Qin Yu slowly woke up at noon.

He sat on the bed and tried to sense the spiritual power in his body, but he was surprised to find that there was still very little spiritual power in his body.

"What's going on?" Qin Yu could not help but frown.

Could it be that the spiritual power in his body was scarce because he had not cultivated for a long time?

It was very likely! After all, the divine capital was located in a desert, and the surrounding spiritual power was not dense. Otherwise, it would not have become a ruined city in the past.

Moreover, there were so many people living in the divine capital now. The scarce resources were naturally even more scarce.

Just as Qin Yu was thinking, the token in his pocket suddenly flashed with a ray of light.

This token was the one Zhuo Jing had given him back then.

Qin Yu took out the token from his pocket and felt that the token was extremely hot.

It was obvious that Zhuo Jing had crushed the token.

Qin Yu thought for a moment and then crushed the token in his hand.

“Could Zhuo Jing have also found the life force?” Qin Yu thought to himself.

It was for the best. Qin Yu took this opportunity to absorb the life force again to see if the nature essence in his body would change.

Therefore, Qin Yu waited quietly for Zhuo Jing's arrival in the divine capital for the next few days.

...

Tianyun sect.

After the first elder killed Zhen Yue, he didn't make the next move.

“First elder, Zhen Yue is dead, but Qin Yu hasn't shown up. This means that either he doesn't know about this news or Zhen Yue doesn't care about him at all,” someone beside him analyzed.

With a gloomy face, the first elder said, “Then I'll kill them all!”

“Is there a need for that?”

At this time, the deputy sect master walked out.

He sat beside the first elder and said in a deep voice, “Why should I do something meaningless?”

The first elder glanced at the deputy sect master and said, “I'm in charge of the Tianyun sect now, not you.”

The deputy sect master was not angry. He smiled faintly and said, “I'm not here to fight for power with you. I'm just here for the development of the Tianyun sect.”

“You killed Zhen Yue, but you didn't force Qin Yu to show up. Instead, you offended Di Zun.”

“It's not a good thing for such a genius to be concerned about you.”

The first elder frowned, but it only lasted for a moment.

He snorted and said, “If Di Zun dares to oppose me again, I'll kill him!”

“Kill him? Hehe.” The deputy sect master laughed.

“Everyone in the world knows that this is a golden era. Every genius has a limitless future.”

“You should know that all the sects are fighting to retain the talents of the younger generation. Their goal is to survive in the golden era.”

“Di Zun is a rare talent. If you kill him, where are you going to find one to return to the sect leader?”

His words immediately made the first elder fall into silence.

“If you can’t kill Di Zun, then one day he will really grow to an invincible state. Have you thought about the consequences?”The deputy sect master sipped his tea and said indifferently.

The first elder suddenly felt a chill on his back.

After the deputy sect master’s analysis, he finally understood what Di Zun meant to the sect master and even the Heavenly Cloud sect.

The sect master’s son had been killed, yet he couldn’t bear to kill Di Zun to force Qin Yu to appear. This was enough to show how important Di Zun was to the sect master!

“Phew...”the first elder let out a long sigh of relief.

He looked at the deputy sect master, cupped his hands and said, “Thank you for telling me. I will never forget your great kindness.”

The deputy sect master smiled faintly and said, “That’s not necessary. I can tell you how to ease the relationship between you and Di Zun.”

The first elder looked at the deputy sect master and waited for him to finish.

The deputy sect master said, “You’ve killed Zhen Yue. Even if Di Zun hates you, he can’t save them. But the ones who are still alive are different.”

“If I’m not wrong, Di Zun will come and plead for Fang Yue and the others once he has recovered.”

“When that time comes, you should know what to do.”

After hearing the deputy sect leader’s words, the first elder could not help but bow his head in admiration.

“I understand.”The first elder bowed again.

“In terms of leadership ability, you must be above me.”The first elder sighed from the bottom of his heart.

The deputy sect leader stretched his back and sighed, "It's a pity that the deputy sect leader has never been able to hold too much power. Otherwise, this time, it would not be your turn to represent us."

After saying this, the deputy sect leader walked out.

The first elder sat on the rattan chair and pondered for a moment. Then, he ordered the people around him, "Send the medicinal pills to Di zun immediately. Make sure that he can recover as soon as possible."

Chapter 1437: Chapter 1,437, spiritual energy deficit 1

As expected, everything was as the deputy sect master had said.

After his injuries had slightly recovered, Di zun came to plead with the Great Elder.

The great elder pretended not to agree. Under Di Zun's pleas, he "Reluctantly" agreed to let the remaining people go and claimed that it was out of respect for Di Zun.

...

Divine capital city.

Qin Yu had been standing on the city wall for the past few days, looking at the vast expanse of desert.

This desert stretched for hundreds of stars and was nowhere to be seen.

Just this piece of desert was almost the size of an earth.

Standing here, it was as if he was cut off from the world and could not know anything.

A few days later.

Qin Yu, who was standing on the city wall, finally saw Zhuo Jing.

He was standing on a huge godly eagle with a long sword in his arms.

The godly eagle was extremely huge. Its arms were nearly a hundred meters long, and it looked very imposing.

"It's finally here." Qin Yu couldn't help but sigh in relief when he saw Zhuo Jing rushing over.

He jumped down from the city wall and stood at the gate of the city wall, waiting for Zhuo Jing to arrive quietly.

The huge godly eagle slowly stopped in front of Qin Yu. The powerful air pressure stirred up waves of dust.

Zhuo Jing jumped down from the Godly Eagle and put the godly eagle into his spatial artifact.

“It’s really hard to find a place like this,”Zhuo Jing said helplessly.

Qin Yu praised, “Your godly eagle is really handsome.”

“Haha, if you like it, I’ll give it to you.”Zhuo Jing joked.

Qin Yu waved his hand and said, “Let’s go. Please come in.”

At this time, Zhuo Jing looked at Qin Yu in surprise and said, “Brother Qin, you... you have recovered your spiritual power?”

Qin Yu did not hide anything and nodded, “Yes, a few days ago in Qingyan Forest, I got the life force by luck.”

Zhuo Jing gave Qin Yu a thumbs up and said, “Brother Qin, you are indeed not simple.”

“There is nothing not simple. I was just lucky,”Qin Yu said with a bitter smile.

Zhuo Jing did not say much, but a meaningful smile appeared on his face.

This smile was extremely strange, and Qin Yu did not understand it for a moment.

After welcoming Zhuo Jing into the tea room, Qin Yu poured zhuo jing some water and said, “Brother Zhuo, what good news did you get this time?”

Zhuo Jing said with a faint smile, “I wouldn’t dare to disturb you without good news.”

He picked up the teacup and said indifferently, “I heard the news about the life qi, but I think Brother Qin doesn’t need it now.”

“No.”Qin Yu hurriedly shook his head and said in a deep voice, “My body is still very strange. I do have spiritual power in my body, but... it’s very little.”

Qin Yu told Zhuo Jing about his situation.

After Zhuo Jing heard it, he could not help but burst out laughing.

“What’s Wrong?”Qin Yu asked suspiciously.

Zhuo Jing forced himself to smile and said, "Brother Qin, I have been in the divine capital for such a short time, but I already feel that the spiritual energy in my body has been suppressed. Do you know why? It is because there is no spiritual energy in the surroundings."

"Moreover, you have lost your spiritual power for too long. Your body can be said to be in an extremely empty state, so your spiritual power is naturally insufficient."

This was the same as Qin Yu's guess, but after listening to Zhuo Jing's explanation, Qin Yu also had a sense of confidence.

"Phew, then I'm relieved," Qin Yu said with a smile.

"Try to sense your Dantian. The spiritual energy in your body is probably extremely dry long ago," Zhuo Jing said while shaking his head.

This was the truth. Qin Yu had also noticed this problem.

"It seems that I have to recuperate for a few days as soon as possible," Qin Yu said.

"A few days?" Zhuo Jing shook his head, "Even if I come to the divine capital once, I will need to recuperate for a few days when I go back, let alone in your condition. Based on my speculation, you will need at least a month to recover to your normal condition, and this is under the premise of replenishing your body with elixirs."

"So Long..." Qin Yu took a sip of tea, and a hint of solemnity appeared on his face.

Zhuo Jing smiled and said, "If brother Qin needs medicinal pills, you can tell me. I can provide them for you temporarily."

Upon hearing this, Qin Yu immediately cupped his hands and said, "Thank you very much, Brother Zhuo. There is no need for medicinal pills. Just give me the medicinal ingredients."

With that said, Qin Yu flipped his palm, and the long-lost spiritual fire immediately jumped onto Qin Yu's palm.

Seeing the purple spirit fire burning on Qin Yu's palm, Zhuo Jing couldn't help but widen his eyes.

"Brother Qin, you are also an alchemist?" Zhuo Jing asked with a face full of shock.

Qin Yu acknowledged and said, "I was lucky to have learned it."

"Lucky? This is a purple spirit fire." Zhuo Jing's tone carried some shock.

Qin Yu smiled and didn't say anything. It was very clear that purple spirit fires weren't common even in the holy region.

The spiritual fire in his palm soon disappeared. Without the support of spiritual energy, the spiritual fire wouldn't last long.

Qin Yu looked at Zhuo Jing and said, "By the way, where is the life energy you mentioned before?"

Zhuo jing smiled and said, "In the exchange union, it is said that the life energy has appeared before. Because of you, the life energy is very popular now."

Qin Yu touched her chin and said in a low voice, "The trade union..."

This was the second time Qin Yu had heard this title. It was said that many treasures would appear there.

Chapter 1438: Chapter 1,438, Exchange Guild 1

That was a place where one could barter for items. Spirit coins wouldn't work there.

As long as one had a treasure on them, they could exchange for what they wanted.

Moreover, the Exchange Guild had an extremely powerful background. They were able to ensure the safety of others, and it was very rare for them to kill and steal.

This also caused the displacement guild to become more and more popular. Compared to the previous ghost market, the displacement guild was much stronger.

Qin Yu and Zhuo Jing did not waste any time. They set off on the same day and headed to the displacement guild.

On the Divine Hawk's broad back, Qin Yu sat cross-legged.

He closed his eyes slightly, breathed in and out, and absorbed the surrounding spiritual energy.

This was a desert that had existed for many years, so the spiritual energy here was extremely thin. As a result, Qin Yu's cultivation was extremely slow, and the amount of spiritual energy he absorbed was pitifully small.

"Brother Qin, it's better not to waste time. In such an environment, even if you have great abilities, it's useless,"Zhuo Jing advised.

Qin Yu sighed and said, "Yes, the spiritual energy here is indeed too thin. I really don't know why the people of the divine capital chose to stay."

For Qin Yu, if he was in an environment where he could not cultivate for a long time, he would definitely go crazy from holding back.

Zhuo Jing put his hands behind his back and said, "They can't do anything about it."

Qin Yu tried to sense the spiritual power in his body. Although his spiritual power had already recovered, with his current state, this bit of spiritual power was simply a drop in the bucket. He was still unable to contend with the Heavenly Cloud sect.

"Brother Zhuo, if I continue to absorb the life qi, can I recover my spiritual power faster?" Qin Yu looked at Zhuo Jing.

Zhuo Jing smiled and said, "Of course. If you have the conditions, using the Qi of life to cultivate is better than using the Qi of spirit."

Qin Yu was slightly surprised and said, "The Qi of life has such an effect?"

"That's right, but almost no one will use it like this because it's too wasteful." Zhuo Jing nodded slightly.

That was true. The Qi of life was so hard to find that it was not worse than any precious treasure.

If he were to cultivate with it, it would indeed be a waste.

Zhuo Jing's divine eagle was extremely extraordinary. Even the wind chasing colt could not be compared to it.

According to Zhuo Jing, in order not to waste time, he had specially paid a high price to buy this divine eagle.

And this divine eagle could fly for several days without stopping. Its speed was also extremely fast.

After listening to Zhuo Jing's introduction, Qin Yu also sized up this divine eagle and said, "I'll go and buy one later."

"If you like it, I'll give it to you," Zhuo Jing said with a smile.

Qin Yu shook his head repeatedly and said, "That won't do. I've already received enough favors from you."

Zhuo Jing laughed loudly and said, "Brother Qin is too polite. It's just a divine eagle. It's not worth mentioning."

Although that was the case, Qin Yu absolutely couldn't accept it.

“Oh right, brother Zhuo, does the entire holy region rely on flying exotic beasts to shuttle around?” Qin Yu asked in puzzlement.

Zhuo Jing shook his head. “Of course not. A better method would be to rely on teleportation arrays.”

“Other than that, if you are strong enough, you can travel through the entire holy region freely. Traveling a thousand miles in a day is not a problem. Why would you need to rely on flying beasts?”

Qin Yu nodded slightly. That was true. If one was strong enough, not to mention the holy region, even crossing the galaxy would not be a problem.

After a few days, the two of them finally left the desert.

The moment they left the desert, Qin Yu felt the spiritual energy surging in from all directions.

This spiritual energy was much stronger than the spiritual energy on Earth!

Qin Yu didn't waste any time. He immediately sat down cross-legged and began to absorb the spiritual energy.

The spiritual energy in the surroundings rushed toward Qin Yu, forming a small vortex around him.

The spiritual energy, which was invisible to the naked eye, could be seen clearly at this moment.

Zhuo Jing said in surprise, “Brother Qin's cultivation speed is really not ordinary.”

Qin Yu's body was like a long river that had been dried up for many years. Now that he was suddenly welcomed by the rain, he sucked at it as if he was hungry and thirsty. Naturally, his speed was extremely fast.

Along the way, Qin Yu didn't get up. His whole body and mind were devoted to cultivation.

Zhuo Jing stood on the Divine Hawk's huge head. His arms were wrapped around the silver spring as he scanned his surroundings.

His divine hawk had two eyes, which would easily arouse suspicion and be easily discovered by the people of the Heavenly Cloud sect.

Several days later.

The two of them finally arrived at the replacement guild.

The replacement guild was extremely huge. It was built from an entire mountain range.

The entire place was like a fairyland. There was a dense mist surrounding it, a trickling river, and a god-like stone sculpture.

There was a massive killing array hidden within this mountain range. The killing array was jointly held by the leaders of the displacement guild. If anything unexpected happened, the killing array could be activated at any time.

It was said that the core of this killing array was constructed from four void-level weapons. Its killing intent could be said to be endless. Even a peak-stage almighty would not be able to escape this array.

The two of them landed on the square of the Exchange Guild. Zhuo Jing brought Qin Yu down from the Divine Hawk.

“So this is the Exchange Guild.” Qin Yu activated his desolate divine eye and scanned his surroundings.

The entire exchange guild was packed with people. Qin Yu tried to sense their cultivation levels and discovered that there were many powerful figures here. There was even no lack of peak mighty figures.

As expected, there are countless experts hiding in the southern region, Qin Yu thought to himself.

“Brother Qin, Let’s go,” Zhuo Jing said.

Chapter 1439: Chapter 1,439, Dragon Tiger Pill 1

Qin Yu nodded. Zhuo Jing was the leader of this exchange guild, so Qin Yu listened to him.

The entire exchange guild was open. As long as you had something, you could come here and exchange with others.

Some people chose to set up stalls and display their treasures publicly. Others were like Qin Yu, strolling around and selling the treasures they wanted.

In the Exchange Guild, Qin Yu saw a dazzling array of treasures. Many of them shocked him greatly.

There were medicinal herbs for refining, materials for refining weapons, top-notch cultivation techniques, and even alchemy cultivation techniques.

Many of the treasures tempted Qin Yu, but unfortunately, he didn't have any treasures that could be exchanged. He had to rely on Zhuo Jing for everything. Therefore, Qin Yu tried his best to act as if he wasn't interested in anything.

Zhuo Jing led Qin Yu through a long dark path, heading deeper into the forest.

He seemed to have a purpose, so he didn't take a second look at the stalls on both sides of the road.

Qin Yu, on the other hand, was completely different. He looked around as if Granny Liu had entered a grand viewing garden.

Just as the two of them arrived at the Exchange Guild, the Heavenly Cloud sect quickly reported the news to the Great Elder.

The first elder, who had received the news, immediately moved out and headed straight for the Exchange Guild!

"This time, we must kill Qin Yu. We must not give him a chance to live!" The first Elder's face was as dark as water. He extended his hand and actually took out a bronze-colored divine lamp from the void.

This divine lamp had a depleted wick on it, and there was a strange smell around the divine lamp.

This divine lamp was called the demon subduing divine lamp, and it was one of the most precious treasures of the Heavenly Cloud sect. It was said that this item was comparable to a virtual entity, and its power was endless.

And the Heavenly Cloud sect had not used such a secret treasure for a long time. Now that they had taken out the demon subduing divine lamp, it was obvious that they were serious.

This represented the Heavenly Cloud Sect's determination to kill Qin Yu in one strike. They could not give Qin Yu any leeway!

The first elder brought the divine lamp and several guardians to the Heavenly Cloud Sect's mountain top altar.

This was a seemingly desolate altar. On the altar, there was an array platform that had not been activated for a long time!

This array platform was the legendary teleportation array platform!

As a top sect in the South Province, the heavenly cloud sect naturally had a teleportation array!

However, they would not activate this array platform unless it was important.

“Qin Yu, let’s see where you can run to this time!”The first elder’s face was gloomy. He clasped his hands together and muttered. Several teleportation divine stones shot out from his spatial divine artifact!

The first elder personally guided the array formation. He knew the coordinates of the Exchange Guild. With the teleportation array platform, he could quickly reach the exchange guild.

Streaks of mysterious light landed on the array platform. In front of them, it was as if a door to the void had opened.

The first elder brought many protectors and stepped into the array, heading straight for the Displacement Guild!

...

Displacement Guild.

Zhuo Jing brought Qin Yu to a certain stall.

There were many people surrounding this stall.

Their strength wasn’t weak. They were all at the Almighty Realm, and each of their auras were extremely powerful.

As for the stall’s owner, his eyes were slightly closed as he erected a sign in front of the stall. A few words were written on the sign: do not speak unless you have a treasure.

Such a gesture showed his confidence.

Zhuo Jing pushed aside the crowd and brought Qin Yu to the front of the stall.

He went straight to the point and said, “Stall owner, we are here to look for the aura of life.”

When they heard the words ‘aura of life’, everyone’s eyes fell on Zhuo Jing and Qin Yu.

“En? Isn’t this the Qin Yu that is wanted by the Heavenly Cloud Sect?”Someone at the side recognized Qin Yu.

“Qin Yu? Why? Did you come to the Exchange Guild to hide?”Someone teased.

Qin Yu smiled bitterly. He had never thought that his name would spread for such a reason.

After the stall owner heard Qin Yu's name, he slowly opened his eyes.

"You are that Qin Yu?" The stall owner did not look at him sideways.

Qin Yu bowed slightly as a form of greeting.

"I heard that you're in urgent need of Life Qi, right?" The stall owner asked.

Qin Yu nodded and said, "That's right. Life Qi is indeed very important to me."

"Stall owner, there's no need to beat around the bush. Just state your conditions directly," Zhuo Jing said.

He flipped his palm and took out a few pills.

"This pill is the Dragon Tiger Pill that I've treasured for many years. It was left behind by my father. During the Great War back then, hundreds of pills were consumed. Now, there are only three left," Zhuo Jing said.

"How about using these three pills to exchange for your life force?"

Hearing the words 'Dragon-tiger pill', the surrounding people became interested.

"Dragon-tiger Pill? Is it the pill that is said to be able to increase one's strength for a short period of time after taking it?" Someone beside him exclaimed.

"Not only can this pill increase one's strength, it can also restore one's spiritual energy in an extremely short period of time. It is indeed a rare pill and has a crucial role in the Great War."

"En, the dragon-tiger pill was very common on the battlefield back then, but it disappeared after that."

The stall owner, however, narrowed his eyes and said, "The dragon-tiger pill is indeed not bad, but it's a pity that this medicinal pill will damage one's foundation, right?"

Chapter 1440: Chapter 1,440, you can keep it for yourself

Zhuo Jing held the three Dragon Tiger pills in his hand and said with a smile, "It's not to the extent of damaging one's foundation, but any medicinal pill that can raise one's cultivation level in a short period of time will have certain side effects, and the Dragon Tiger Pill is no exception."

When the stall owner heard this, he shook his head and said, "That won't do. That doesn't mean anything to me."

“How can it be meaningless? Who wouldn’t encounter a crisis in their life? Compared to the side effects, life is more important,”Zhuo Jing said with a faint smile.

This was true. Just as Zhuo Jing said, anyone would encounter a dilemma. The Dragon Tiger Pill could indeed save one’s life at a critical moment.

This was also the reason why this kind of pill was so popular, even if it had side effects.

The stall owner still shook his head and said, “Then I might as well find a few teleportation talismans. Isn’t that more effective?”

“I have a teleportation talisman too.”Zhuo Jing’s mind moved, and he actually took out a teleportation talisman from a spatial god tool.

Seeing the teleportation talisman in Zhuo Jing’s hand, the surrounding people couldn’t help but be shocked.

They looked at this young man in surprise, and for a moment, they seemed to be unable to figure out his origin.

“As expected of Zhuo Jianchen’s son. The treasure in his hand is indeed worthy of its reputation,”the stall owner said with a faint smile.

Zhuo Jing said indifferently, “Name your price. A few teleportation talismans can be exchanged for the life Qi in your hand.”

The stall owner still shook his head and said, “These things are all consumables. I’m not interested in consumables.”

“Young Master Zhuo, I’m quite interested in this teleportation talisman. I wonder if you’re willing to sell it?”The person next to him asked.

“I’m willing to trade the Vajra pill for it.”

“I have a thousand-year-old divine medicine in my hands. I’m also willing to help.”

Zhuo Jing shook his head slightly. He ignored the people around him and continued to stare at the stall owner.

“Then what do you want? Let’s cut to the chase,”Zhuo Jing said.

The stall owner narrowed his eyes and looked at the Silver Spring in Zhuo Jing’s hand.

“If I’m not wrong, the Silver Spring in your hand is the Silver Spring that your father took when he fought in the war, right?”The stall owner said.

Zhuo Jing lowered his head to look at the sword in his hand and nodded. "That's right. This is the Silver Spring."

"Then the Silver Spring in your hand is the exchange." The stall owner said with a faint smile.

Zhuo Jing's expression instantly became a little ugly.

This Silver Spring was a treasured sword left behind by his father. It was a personal item of a return to void tier cultivator. Its power was far from what ordinary return to void tier weapons could compare to.

"Using life Qi to exchange for the Silver Spring. You're really asking for too much." Qin Yu couldn't help but say with a black face.

The stall owner spread his hands and said, "Anyway, these are my conditions. You can exchange it or not."

Zhuo Jing said in a deep voice, "The Silver Spring is a treasure sword left behind by my father. Naturally, I can't sell it. However, I can bring you to my house to visit. No matter what you like, I can give it to you. How about it?"

Zhuo Jing's words made Qin Yu extremely moved.

He was really generous to exchange for Qin Yu's life energy.

"That won't do. Once I leave this exchange guild, who can guarantee my safety?" The stall owner shook his head slightly and said.

Zhuo Jing smiled and said, "Don't worry. I can swear with my spiritual sense that I will never touch you."

"Just because you won't kill me doesn't mean that you won't find others to kill me," the stall owner said with a sneer.

"You don't have to waste your breath on me. I don't want anything other than the Silver Spring in your hands."

Qin Yu, who was at the side, said with a dark face, "Then you'd better keep it for yourself. I Don't need this thing anymore."

After saying that, Qin Yu dragged Zhuo Jing and was about to leave.

At this time, the stall owner said indifferently, "Without the life energy, you can't recover your spiritual power. You Don't need it? Hehe, you're just stubborn."

Qin Yu stopped in his tracks.

He turned around and looked at the stall owner, sneering, "Indeed, I don't need it anymore, because I've already recovered."

After saying that, Qin Yu's body suddenly shook, and a terrifying pressure immediately erupted!

His body turned into a golden color, extremely dazzling!

The surrounding people were directly pushed back by this aura, and some people couldn't even withstand the pressure, and their bodies went limp.

Feeling the powerful aura on Qin Yu's body, everyone was shocked!

"This Qin Yu has already recovered?"

"What a powerful aura! But he clearly looks like a nascent soul stage cultivator, what's going on..."

Qin Yu's extremely powerful aura shocked everyone!

The stall owner frowned even more. He knew that he had lost the ability to raise the price.

"So you should keep it for yourself," Qin Yu sneered.

After saying that, Qin Yu pulled Zhuo Jing and turned to leave.

"Wait."

At this time, the stall owner spoke.

He said in a deep voice, "It's not impossible for you to want the life qi. We can talk."

"Talk my ass," Qin Yu couldn't help but curse.

He really wanted to get the life energy in his heart, but on the surface, he still wanted to pull Zhuo Jing away.

"What do you want? Say it." Zhuo Jing shook his head and stopped in his tracks.

The stall owner thought for a moment and said, "I want ten teleportation talismans and ten dragon tiger pills. How about it?"

"You Want Your Grandpa!" Qin Yu couldn't help but curse.

“Zhuo Jing, let’s Go!”

“Five. No less,”the stall owner said coldly.

“Deal.”Zhuo Jing agreed without thinking.
