

## My Rich Wife

### Chapter 1508

Qin Yu instinctively paused when he heard Heavenly Blood Rainbow's voice.

After so long, he had already forgotten about heavenly blood rainbow. He didn't think that he was still alive.

"What do you mean?" Qin Yu asked with divine sense.

Heavenly Blood Rainbow's voice was a little weak. He slowly said, "This aura... must have been inherited by the immortal slaying sect..."

As soon as he said this, Qin Yu immediately felt a chill down his spine!

If his guess wasn't wrong, this group of people should have come from the northern lands.

Could it be that the northern lands had obtained the immortal slaying sect's internal Qi to be able to develop to this day?

If that was really the case, then it would definitely be an extremely terrifying matter!

The immortal slaying sect was definitely not something that the sects of the southern region could compare to. Their internal Qi was extremely terrifying.

What Qin Yu knew was only the tip of the iceberg!

Even the heavenly blood rainbow only got a small part of it!

"How did they get the inheritance of the immortal slaying sect..." qin yu murmured, "Did the people of the immortal slaying sect reach the holy region back then?"

"It's nothing strange... When the immortal slaying sect was at its peak, nothing could stop them. Since the holy region was so prosperous, they naturally came..." heavenly blood rainbow said slowly.

As he spoke, there was a faint sense of pride in his voice, as if he was recalling the peak of the immortal slaying sect.

Qin Yu said in a deep voice, "Could it be that the person behind you gave the Northern Land's legacy?"

At this moment, Qin Yu suddenly thought of something.

Heavenly Blood Rainbow was not the true successor, and the successor behind him was even more terrifying.

However, his identity was extremely mysterious, and he had not even seen heavenly blood rainbow before.

“I don’t know...”the heavenly blood rainbow said in a low voice.

Qin Yu was silent. He hurried towards his destination.

The few black-robed men had already been surrounded by the GU city army. However, they were not worth mentioning in front of the black-robed men. In fact, they did not even have the strength to fight back.

The many generals of Gu City were beaten until they vomited blood. Some of them even had their divine sense absorbed on the spot and fell to the ground.

For a moment, the scene was too horrible to look at. Many of Gu City’s soldiers even turned around and ran.

Seeing this scene, Qin Yu was even more certain that the inheritance of the northern lands was definitely related to the immortal slaying sect!

Could it be... the person behind the Heavenly Blood Rainbow is he teng? Qin Yu thought to himself.

However, he didn’t continue to think about it. Now wasn’t the time to think about this.

Qin Yu looked coldly at the black-robed man in front of him and said coldly, “I didn’t expect that the people of the northern lands have already entered Gu City.”

The black-robed man looked at Qin Yu and said indifferently, “Not only gu city, but the entire southern province has our people everywhere.”

“As long as we give the order, it is enough to destroy the entire southern province!”

Just as Qin Yu was about to speak, the city Lord of Gu City arrived in a carriage.

He stood high in the sky and looked at the bloody scene. His expression became more and more unsightly.

“Who are you people? How Dare You Touch My People!”The city Lord of Gu City shouted!

The few black-robed men below all raised their heads and looked at the city Lord of Gu City.

“You are the city Lord? Then I’ll kill you first.”

A black-robed man said this and immediately stretched out his palm towards the carriage!

As the castellan of Gu City, he naturally had some ability.

Facing this huge palm, the castellan did not panic. He silently chanted a spell and a sharp blade immediately flew out from between his brows!

The castellan held the sharp blade in his hand and directly slashed towards the palm that was swinging towards him!

“Swish!”

With a slash of the sword, the palm was instantly cut into two!

“You must pay the price for what you have done!”The castellan coldly said.

The black-robed man said gloomily, “As expected of the city Lord of Gu City. He has some ability, but unfortunately... he has stopped here.”

Before he finished speaking, several black-robed men attacked at the same time, charging straight at the city Lord of Gu City.

For a moment, the sky was filled with killing intent, and the light was like fireworks, scattering all over Gu City.

Countless people of Gu City raised their heads to look at this scene, and they couldn’t help but feel a little excited.

“It’s the city Lord! The city Lord is personally fighting for us!”

Many ordinary people also ignited their fighting spirit and rushed towards this place.

Unfortunately, this was a cultivation world. Without strength, no matter how many people there were, it was useless.

“Everyone, don’t come any closer,”qin yu shouted loudly. “Don’t come forward and throw your lives away!”

After saying this, Qin Yu raised his head and looked at the sky.

The city lord was obviously unable to deal with these black-robed men.

The sharp blade in his hand had almost curled up, and his chest had been hit hard by a palm. He staggered back countless steps, and a mouthful of blood flowed down from the corner of his mouth.

“City Lord of Gu City, today I’m going to use my actions to tell the Heavenly Cloud sect not to interfere in the matters of the northern lands. Otherwise, the entire southern region will be implicated!” One of the black-robed men reprimanded coldly.

Qin Yu’s eyes narrowed slightly, instantly understanding the intentions of the northern lands.

This was more like they wanted to shift the conflict onto the heavenly cloud sect, and then use the other party to kill them...

The Heavenly Cloud Sect’s suffering was not bad news for Qin Yu.

“I can sit back and reap the benefits,” Qin Yu thought to himself.

Now that the supreme intent had made a move against the heavenly cloud sect, the northern lands had also pointed the spearhead at the Heavenly Cloud sect. The Heavenly Cloud sect had suffered a pincer attack from both sides, and it was hard to say who would win or lose.

If Qin Yu joined in, the chances of the Heavenly Cloud sect winning would probably be even smaller.

“Alright, it’s time for you to die.”

In mid-air, the black-robed man suddenly raised his palm, and a pitch-black radiance gathered in his palm.

In the next second, the black-robed man roared, and his palm slammed fiercely towards the city lord’s chest!

At this moment, a golden light streaked across the sky, instantly arriving in front of the city Lord who was holding it up!

The Golden Fist was incomparable as it met the pitch-black light.

“Boom!”

After a huge explosion, the black-robed person staggered back countless steps! Half of his palm was directly broken!

“Qin Yu, you...” seeing Qin Yu who attacked, the city lord could not help but be a little shocked.

Qin Yu ignored him and only looked coldly at the few black-robed people in front of him.

The black-robed man's expression changed and he berated coldly, "Brat, you are Qin Yu?!"

"That's right," Qin Yu said coldly.

The black-robed man narrowed his eyes and berated loudly, "This matter has nothing to do with you. You had better not interfere! Moreover, we are targeting the heavenly cloud sect. You should be thanking us!"

Qin Yu could not help but laugh out loud when he heard that and said, "If you are targeting the heavenly cloud sect, then go to their sect! Why are you targeting these ordinary people? Are you bullying the weak and afraid of the strong?"

"The sect of the Tianyun sect is standing there. You can go at any time."

The black-robed man's face turned black as he coldly said, "This has nothing to do with you. You'd better mind your own business!"

Qin Yu narrowed his eyes and said, "I think you want to use this method to force the Tianyun sect to cooperate with you, right?"

"At that time, won't you all be wearing the same pants? In the end, the ones who will benefit are you, and the ones who will suffer are these ordinary people!"

## Chapter 1509

After hearing Qin Yu's words, the expressions of these black-robed men could not help but change slightly.

Just as Qin Yu had said, they did not want to make things too difficult with the heavenly cloud sect, so they relied on this method to force the Heavenly Cloud sect to cooperate.

Now that they had been exposed by Qin Yu, their faces naturally could not hang on.

"Kid, don't talk nonsense!" The black-robed man shouted loudly.

Qin Yu sneered and said, "Whether it's nonsense or not, you all know very well in your hearts. I'll only tell you one thing. This method of yours will definitely not work."

If they really succeeded, then how would Qin Yu go to the Heavenly Cloud sect to take revenge?

The northern lands wanted to borrow someone's knife to kill, but Qin Yu was the same. He wanted to use the northern lands' hand to deal with the Heavenly Cloud sect.

“Let’s go.”The black-robed men saw that the situation was not good and turned around to leave.

However, Qin Yu naturally would not let them go. He stepped on the line word formula and instantly blocked their path.

The black-robed men’s expressions could not help but change. They said coldly, “Kid, don’t be too ruthless!”

Qin Yu looked at them coldly and said, “You killed so many people. Do you think you can still leave?”

“You!”The black-robed man was instantly furious, but he couldn’t do anything to Qin Yu.

Qin Yu could also see that these people were just small fries from the northern lands. Otherwise, they would have long used the spatial formation to leave this place.

“Just a few small fries, and even the city Lord of Gu City isn’t your match...”Qin Yu couldn’t help but sigh when he saw this.

As he spoke, Qin Yu’s body emitted an extremely terrifying internal Qi.

Seeing that Qin Yu was about to make a move, these people didn’t waste any more words. They immediately erupted with black energy and charged towards Qin Yu!

Unfortunately, their strength wasn’t even worth mentioning in front of Qin Yu. Their golden fists crushed everything in their path, and no one could resist them.

In just a short ten minutes, these black-robed men’s bodies were all shattered, and they fell to the ground without getting up!

Such powerful combat strength was naturally shocking.

Even the city lord of Gu City could not help but be dumbstruck.

“As expected of... the person who made the heavenly cloud sect suffer...”the city lord of Gu City thought to himself.

The remaining black-robed man stood there trembling.

He glared angrily at Qin Yu and shouted, “Qin Yu, your actions are undoubtedly offending our Northern Lands!”

Qin Yu sneered, “So what? Do you think I’m afraid of You?”

After saying that, Qin Yu stretched out a large hand and grabbed him.

The immense power made him unable to move. All of his Qi energy seemed to have been sealed and could not be used.

Qin Yu looked at him coldly and said, "I'll give you a chance to live. I'll ask you a few questions. As long as you answer truthfully, I'll spare your life."

"Don't even think about it! I'll never betray the Northern Lands!" The black-robed man shouted.

Qin Yu nodded slightly and muttered to himself, "That's true. You're just a small fry. I'm afraid you don't know any useful information."

When the black-robed man heard this, his pupils immediately shrank.

He wanted to say something, but Qin Yu did not give him a chance. He directly raised his hand and smashed his head.

After dealing with these black-robed men, Qin Yu looked at the city Lord of Gu City.

"Quickly activate the formation. Doesn't Gu City have a very powerful mountain protection formation?" Qin Yu said.

The city Lord of Gu City came back to his senses and quickly nodded. "Okay, okay. I'll do it right away."

Qin Yu grunted and turned to leave.

At this moment, the city Lord of Gu City suddenly pulled Qin Yu back.

He said somewhat embarrassedly, "Qin Yu, thank... Thank you."

Qin Yu waved his hand and said, "Take care of sister Lin for me."

After saying this, Qin Yu left.

He wasn't in a hurry to find the dark energy grave. Instead, he temporarily returned to Mount Hua Ning.

Following that, he asked Jue Wu's two attendants to send out invitations to Qu Zhu, Zhuo Jing, and the others, inviting them to come to Mount Hua Ning for a chat.

Besides them, Qin Yu also invited all the major sects and sects to discuss big plans with them.

With so many people invited, it naturally couldn't be done in one go. Qin Yu could only wait for them at Mount Hua Ning.

"These people are very arrogant. Do you think they will come?" Wen Da held a piece of foie gras in his hand and asked as he ate.

Qin Yu shook his head and said, "If someone doesn't come, someone will. In short, as many as possible."

Wen Er patted Qin Yu's shoulder and said, "Little brother, you overestimate your appeal."

This was the truth. Although the current Qin Yu could be considered famous in the South Province, his appeal was very weak.

Many sects did not take Qin Yu seriously at all, let alone accept his invitation.

In the next few days.

The news came from all over again. Many black-robed men had appeared in the South Province.

Their methods were exactly the same as in Gu City. Countless people had died in their hands.

For a time, many cultivators were terrified. They lived in fear all day long.

...

Heavenly Cloud sect.

The vice sect master sat in the position of the former sect master. His face became colder and colder.

Many elders had already taken their seats. All the famous people of the Heavenly Cloud sect had arrived. Only the first elder was missing.

"Vice sect leader, the northern lands have been making a lot of moves recently. They're obviously taking revenge on us," someone said.

"That's right. We've sent people to the northern lands. The northern lands will naturally retaliate."

"If this continues, who knows how many people in the South Province will be affected."

The vice sect leader naturally understood. This made his expression even uglier.

If they didn't send people to the northern lands, then the northern lands would definitely become more and more rampant. Sooner or later, they would also reach this stage.

However, if they sent people to the northern lands, everyone would probably blame it on the Heavenly Cloud sect.

"I suggest that we withdraw our people and negotiate peacefully with the northern lands," someone suggested.

"No!" The deputy sect leader directly rejected this request without even thinking.

"We absolutely can not allow the northern lands to continue to be arrogant."

At this moment, elder Bai suddenly opened his mouth and said, "If those lowlifes die, so be it. However, our people have all gone to the border. What if the northern lands suddenly attack the Heavenly Cloud Sect? What should we do then?"

"That's right. If the Heavenly Cloud Sect Falls, wouldn't that be even more troublesome?"

"I still suggest that we withdraw our people and let Xiao Hai Jue Wu and the others stay at the border."

This suggestion seemed to have received the approval of most people.

However, the deputy sect leader slammed the table and stood up. He angrily berated, "I said, no! Resisting the northern land is the responsibility of the Heavenly Cloud sect. As for the various large cities in the southern region, I will send people to reinforce them."

"Hahaha! Didn't you just get hit by the Northern Lands' boxing gloves? Get everyone out. Are we going to wait for death here?" Elder Bai snorted lightly.

"Vice sect master, you are only temporarily replacing the sect master. You are not the sect master yet."

As he said this, the first elder suddenly walked out shakily.

Seeing the first elder, everyone immediately became confident.

They all looked at the first elder, waiting for the first elder to speak.

## Chapter 1510

The first elder's body had not yet recovered. He had already suffered heavy injuries repeatedly, and he looked like an old man in his twilight years.

“First Elder.” The vice sect master also greeted the first elder.

The first elder looked at the vice sect master coldly and said, “Do you have the final say in this heavenly cloud sect? Do you have the final say?”

The vice sect leader remained silent, but he seemed to have guessed what first elder was going to say next, so his expression was not very good.

First Elder put his hands behind his back with great difficulty. He swept his gaze across the crowd and slowly said, “I agree with everyone’s suggestion to negotiate with the northern lands.”

Once these words were said, the vice sect leader’s expression instantly became extremely ugly.

The many elders present laughed.

“Did you hear that? The first elder has spoken. What else do you have to say?”

“That’s right. Don’t forget that the first elder is the true acting sect leader.”

“Since the first elder has spoken, deputy sect leader, there’s nothing for you to persist on.”

Everyone requested to withdraw from the border and give up on resisting the northern lands.

Just as everyone was conversing, the deputy sect leader’s eyes suddenly flashed with viciousness.

In the next second, he suddenly extended his hand and slapped the first elder’s Back!

The first elder suddenly spat out a mouthful of blood. He turned around with great difficulty and glared at the vice sect leader as if he wanted to say something.

However, before he could say anything, he directly laid down.

Seeing this scene, everyone’s expressions couldn’t help but change greatly!

“Vice sect leader, what do you mean by this! Are you trying to rebel! ?”

“You actually attacked the first elder! Have you gone mad! ?”

“First Elder, are you alright! ?”

The vice sect leader coldly swept his gaze across the crowd and slowly said, "Don't worry, I didn't kill him. He's only unconscious. It just so happens that he also needs to rest, so don't let him work hard."

Speaking up to this point, the vice sect leader placed his hands behind his back and said indifferently, "Without the first elder, I have the final say in the Heavenly Cloud sect. I can oppose any opinion."

The faces of the elders present were somewhat ugly. They clearly did not expect the vice sect master to be so ruthless!

"Pass down my orders. Send people to reinforce the various large cities and ask the formation master to set up a formation,"the vice sect master said coldly.

"Vice sect master, aren't you going too far!"Someone shouted loudly.

Hearing this, the vice sect master did not say anything and raised his hand to slap the elder.

"Bang!"

The elder was immediately slapped until he vomited blood.

"Who else has an opinion?"The deputy sect master coldly swept his gaze across the crowd.

The scene instantly fell into silence. No one spoke again.

"Since no one has an opinion, just do as I say,"the deputy sect master said coldly.

After saying that, he turned around and left.

When he reached the door, the deputy sect master suddenly stopped in his tracks.

He glanced at everyone and said, "From now on, anyone who proposes to negotiate with the northern lands, or anyone who is close to the northern lands, will be killed without mercy!"

After saying that, the deputy sect master left the meeting room.

In the meeting room, everyone looked at each other, and some even had cold sweat dripping down their foreheads.

No one seemed to have expected that the deputy sect master would be so domineering.

...

Mount Hua Ning.

Zhuo Jing and the others had already rushed to Mount Hua Ning.

However, there was no one else besides them.

“Look, let me tell you. Those sect masters are all very arrogant. How could they listen to your call?” Wen Da muttered.

“That’s right, that’s right. Back then, even my grandfather couldn’t find many people,” Wen er added.

At the mention of Wen Wanyi, Zhuo Jing couldn’t help but ask in puzzlement, “Where did senior Wen Go?”

“I don’t know.” Qin Yu shook his head.

Ever since the last great war, Wen Wanyi had never appeared again. No one knew where he went.

“Brother Qin, do we have to continue waiting?” Someone asked.

Qin Yu took a deep breath and said, “Wait one more day. If no one comes, then forget it.”

Master Wen seemed to want to say something, but in the end, he waved his hand and said, “I’d better go and drink.”

The next day.

Qin Yu stood at the mountain gate of Mount Hua Ning. He waited from morning to evening, but no one came.

“Sigh.”

Qin Yu let out a long sigh. These people were all exquisite egoists. If there were no benefits, they probably wouldn’t come.

The sky gradually darkened. Just as Qin Yu turned around and was about to go back, a figure suddenly rushed over from afar.

It was none other than Qu Zhu.

"I'm sorry. I've been a little tired recently and rested for a few days. I'm late," said Qu Zhu as he stretched lazily.

Qin Yu hurriedly cupped his hands and said, "Big Brother Qu Zhu, I'm already very satisfied that you could come."

As he spoke, more and more people arrived one after another.

In the blink of an eye, a total of eighteen people had arrived.

This made Qin Yu a little surprised. What a coincidence? Qu Zhu had just arrived, and they were also here?

In fact, these people had been hiding in the dark for many days. They wanted to observe for a while before making a decision.

If it was only Qin Yu and his group of young people, they would turn around and leave. After all, in their opinion, these people wouldn't be able to achieve anything big.

But if there were people with three crazy and three unique abilities participating, then they would show up. Perhaps they could get some benefits.

Qin Yu quickly understood this logic. After thinking for a moment, he said, "Everyone, please rest for now. I'll get someone to prepare the food."

"There's no need for that. We didn't come all the way here just to eat," someone said.

"That's right. Little Friend Qin, if you have something to say, just say it."

After seeing everyone's comments, Qin Yu was silent for a moment before saying, "Alright, then I'll respectfully comply. Seniors, Please!"

After welcoming everyone into Mount Hua Ning, everyone gathered together.

Regardless of whether it was the sect leader of the sect or the outstanding figures of the younger generation, they were all seated below at this moment, waiting for Qin Yu to speak.

Qin Yu swept his gaze across everyone and said in a deep voice, "Thank you all for coming. I've called everyone here this time because of the matters of the northern lands."

"The northern lands have been committing countless murders recently, killing countless people. Many people in the southern region have already been affected. I don't know what opinions you all have on this."

“What can we think of? We could have negotiated and gotten a copy of the Sacred Heart technique, but unfortunately, some people don’t agree,” someone below mocked.

“That’s right. Where does the sense of justice come from? Who would think of that?”

“Don’t tell me you want us to protect those useless people? What’s the use of keeping them here?”

Qin Yu had long expected such a reaction. As expected, it was too unlikely for them to resist the northern lands unless their vested interests were damaged.

However, once the northern lands fully entered the southern prefecture, would there really be anyone who could remain unscathed?

“Little Friend Qin, if you really want to resist the northern lands, you might as well head to the northern borders. Why Waste Your Breath Here?” Someone said with a strange tone.

Qin Yu swept his gaze across everyone before saying, “After I step into the mighty realm, I will naturally head to the northern lands. However... Before that, I’m afraid that all of you will suffer certain injuries.”
