

## My Rich Wife

### Chapter 1511

A hint of displeasure flashed across everyone's faces when they heard this.

"Young friend Qin, are you threatening us?" Someone asked coldly.

"Although you have some ability, I'm afraid you're overestimating yourself if you want to threaten everyone here."

Qin Yu smiled and said, "Of course I don't mean that. How can I threaten all of you seniors? When I say harm, I mean the northern lands."

"Northern land? Why do you say that?" Someone asked doubtfully.

Qin Yu said in a deep voice, "I wonder if everyone here has heard of the immortal slaying sect."

"Immortal slaying sect?" A trace of doubt flashed across their faces.

Qin Yu couldn't help but frown.

It seemed that the immortal slaying sect didn't spread in the holy region. Otherwise, it was impossible for them not to have heard of it.

Not only that, Qin Yu found that many great cultivators at the Tribulation Stage on earth didn't seem to be very famous in the holy region.

"How could these ants have heard of the immortal slaying sect's great name..." Heavenly Blood Rainbow's extremely displeased voice came from the spatial magic artifact.

Qin Yu sighed slightly and was about to give up when someone suddenly said, "I've heard of it. I've heard of the legend of the immortal slaying sect."

Hearing this, Qin Yu immediately looked at that cultivator.

The cultivator said, "Rumor has it that the immortal slaying sect was an extremely prosperous sect in the past. In their sect alone, there were many great cultivators at the tribulation stage, and each of them was extremely powerful."

"Many great cultivators at the Tribulation Stage? Nonsense, right? How come I've never heard of them?" For a moment, everyone couldn't help but be surprised.

The cultivator continued, "The origin of this sect is extremely mysterious. Rumor has it that it originated from an ancient star. In the past, there was once a great cultivator of the immortal slaying sect who crossed the void and arrived at the Holy Region."

"That was a golden era. The holy region has many great cultivators at the tribulation stage. Among them, the nine great clans of the Central Plains now each have their own tribulation stage."

Everyone was silent, waiting for him to continue.

He said in a deep voice, "That great cultivator from the immortal slaying sect had a conflict with the holy region, and many great cultivators attacked him."

"But in the end... those great cultivators at the tribulation stage died at the hands of the immortal slaying sect."

Hearing this, everyone was shocked!

A tribulation transcending cultivator from another ancient star actually killed many local grand cultivators? This was a bit too exaggerated!

"You heard it... you know how glorious our immortal slaying sect was back then..."heavenly blood rainbow couldn't help but feel somewhat proud.

"Shut up,"Qin Yu berated.

That cultivator continued, "What's even more shocking is that rumor has it that this sect wanted the entire sect to step into the tribulation stage back then! What a terrifying thing!"

"The entire sect stepped into the tribulation transcending stage? This is simply unheard of."

"It must be fake. This is pure nonsense. Such a prosperous sect, in the entire starry sky, I'm afraid no one can compare to it."

"That's right. How can such a sect be unknown? How can it be destroyed?"

The cultivator smiled bitterly and said, "It is indeed something that needs to be verified. Rumor has it that the immortal slaying sect was destroyed because of a masked woman."

"The masked woman once left a trace in the holy region."

At this moment, Qu Zhu, who had been silent all this time, said.

“Yes, I have also heard of the masked woman. Rumor has it that someone else has obtained her treasure.”

“The immortal slaying sect was destroyed by the masked woman? That is somewhat possible.”

“Yes, rumor has it that none of the cultivators at the tribulation stage at the same time can be compared to her.”

Obviously, the masked woman was much more famous than the immortal slaying sect.

“But all of this is just a rumor. As for whether it’s true or not, no one knows,” said the cultivator with a smile.

“A rumor is still a rumor. What’s more, so what if it’s true? What does it have to do with us? What does it have to do with the northern lands?”

At this moment, Qin Yu stood up and said, “These rumors are all true because I came from that ancient star. I once went to the immortal slaying sect and saw a scene there.”

“As for that scene, it was left behind when the immortal slaying sect was destroyed.”

Everyone looked at Qin Yu in unison. There was curiosity and excitement in their eyes.

“You said you came from that ancient star? Is that the ancient star known as the Crouching Dragon Land?”

“That place should have countless treasures. Why did you come to the Holy Region?”

“Little Friend Qin, I wonder if you can bring us to explore it?”

Qin Yu shook his head and said, “Everyone, don’t think about it. That’s all in the past. Now, my hometown is no longer suitable for cultivation. It has long become a wasteland with desolate spiritual qi.”

“The reason why I mentioned the immortal slaying sect is because, according to my experience, the northern lands have indeed obtained the inheritance of the immortal slaying sect. And this kind of inheritance is extremely terrifying. They can absorb everyone’s divine sense and spiritual qi, and even their physical bodies, and turn it into their own use. Moreover, the higher the cultivation level, the better the effect it will bring.”

At this point, Qin Yu paused for a moment and swept his gaze across everyone, he said indifferently, “Ordinary cultivators are simply unable to satisfy their needs. All of you are

top-notch people in the South Province. Sooner or later, they will shift the blame onto you.”

“When that time comes, do you still think that you will be able to survive?”

After hearing Qin Yu’s words, these people instantly fell into silence, as if they had been persuaded by Qin Yu.

Qin Yu struck while the iron was hot, “Once the northern lands enter the southern region on a large scale, everyone will be affected.”

“The powerful Tianyun sect has already put aside their personal grudges with me and turned to resist the northern lands, let alone everyone here. You All don’t want the sect that you have painstakingly built to be destroyed in an instant, right?”

The scene was silent. No one spoke.

Qin Yu wasn’t in a hurry either. He just waited quietly.

“Of course, everyone can consider it. I didn’t ask everyone to resist the northern lands. I only hope that the various large sects can shoulder their responsibilities. At the very least, they can protect the city that they are in,”Qin Yu said quietly.

“I’ll think about this matter carefully later. Young Friend Qin, you’re too kind.”Finally, someone stood up and agreed to this matter.

Following that, the others also expressed their stance one after another, saying that they would protect the surrounding area.

Of course, it was naturally not that easy to get them to resist the northern lands. As for whether they would change their minds in the future, that was unknown.

After everyone dispersed, Wen Daqi came forward and said, “TSK TSK, I didn’t expect you to be so good at deceiving people.”

Qin Yu smiled bitterly and said, “I didn’t deceive them. I’m telling the truth.”

Qu Zhu, who was at the side, said in surprise, “The news about the immortal slaying sect and the masked woman is also true?”

Qin Yu said in a deep voice, “That’s right. I indeed came from that ancient star and witnessed the destruction of the immortal slaying sect with my own eyes.”

Chapter 1512

When Qu Zhu heard this, he couldn’t help but gently stroke his chin.

“To tell you the truth, I’ve read many legends. Many of the legendary figures seem to come from that ancient star,” Qu Zhu said.

“Didn’t the Heavenly Cloud sect send people there not long ago? They wanted to find some secret treasure.”

Qin Yu nodded and said, “That’s right. I followed them here. Unfortunately, they didn’t find anything.”

Only Qin Yu knew where the secret treasure on Earth was. He had seen it with his own eyes in the underwater world.

Unfortunately, no one knew about this secret except for Qin Yu.

It was even more impossible to get those secret treasures.

Qin Yu did not continue this topic. He looked at Qu Zhu and said, “Big Brother Qu Zhu, what are your plans next?”

Qu Zhu stretched lazily and said, “Don’t count on me. I’m used to traveling the four seas. If I meet people from the northern lands, I might take action. But don’t think about anything else.”

Qin Yu laughed bitterly. Of course, he knew.

The reason why he gathered these people was not just to resist the northern lands. It also included Qin Yu’s selfishness.

Only when everyone resisted could the northern lands point the spearhead precisely at the heavenly cloud sect, so that the heavenly cloud sect would not be pressured to negotiate with the northern lands.

Qu Zhu did not stay any longer and left Mount Hua Ning the next day.

As for Zhuo Jing and the others, they were full of hot blood, so they naturally supported Qin Yu.

“Brother Qin, there’s still no news about what I promised you before.”

Before he left, Zhuo Jing pulled Qin Yu to the side and said.

Qin Yu smiled and said, “It’s fine. There’s no rush.”

Zhuo Jing grunted and said, “As long as there’s news, I’ll definitely tell you at the first moment.”

“Okay.”

After that, Zhuo Jing and the others left Mount Hua Ning.

Qin Yu also planned to search for this dark energy grave according to the address provided by sister Lin.

Even the treasures unearthed there were filled with dark energy. It was definitely an excellent place for cultivation.

Qin Yu raised his head to look at the sky. At this moment, dark clouds covered the earth and the Sun couldn't be seen.

“Hopefully, I'll be able to step into the mighty realm as soon as possible,” Qin Yu thought to himself.

Every time he broke through to the mighty realm, Qin Yu would have to expend a lot of effort. This time was probably no exception.

After saying goodbye to Wen Dawen er, Qin Yu set off on his journey.

...

The northern lands was a land of snow and wind.

It was bone-piercing cold here, and the spiritual Qi was thin.

At this moment, a few people were walking in the snow.

“Our actions didn't force the Heavenly Cloud sect to retreat,” one of them said.

“That's right. Not only did they not retreat, but they also sent a large number of people to the border. Many of us have already died at their hands.”

The leader was a tall man. He swept his gaze across the crowd and then said in a deep voice, “I already know about this news.”

“Sir, Yongji has sent news. Rumor has it that he has someone hiding in the heavenly cloud sect.”

“Oh? Yongji? is he the Yongji of the South Province's three extremes?”

“That's right. According to Yongji's news, the current heavenly cloud sect is almost empty. Almost all the elites have been sent to the major cities as well as the northern border. I think that we might be able to take this opportunity to directly uproot the Heavenly Cloud Sect!”

In the snowstorm, that "Lord" suddenly stopped, and the others followed closely behind.

"Lord, the Heavenly Cloud sect will sooner or later become an obstacle for us. This opportunity is very rare for us."

That Lord was silent for a moment, and then said coldly, "Who can guarantee that this isn't a conspiracy of the Heavenly Cloud Sect? And who can guarantee that Yongji isn't trying to use us?"

Please support our website and read on [wuxiaworldsite](http://wuxiaworldsite)

After this Lord's Reminder, everyone also came back to their senses.

Yong Ji had been thinking about the heavenly cloud sect for a long time, but he himself hadn't made a move yet. No one knew if there was a trap or not.

"Since it's Yong Ji's suggestion, then let him take the lead to attack the Heavenly Cloud sect. If there's no trap, we'll naturally send people," this Lord said.

The person next to him frowned and said, "But... we've already played Yongji once. This time, he might not agree."

"HMPH, that's his business. He can choose to refuse. We don't need him."

After saying this, the Lord continued walking forward.

...

Yongji city.

A black-robed man stood in front of Yongji.

He conveyed the lord's meaning to Yongji.

After listening to him, Yongji's face turned ashen.

He slapped the table and said coldly, "Do you northern lands think I'm an idiot? Why, do you have to force me to go to the northern border as well?"

The black-robed man was not worried. He smiled faintly and said, "I believe that Mister Yongji won't do that. Moreover, we're doing this for your sake."

"If the northern lands makes a move first and you take the opportunity to make a move, wouldn't that mean that you will bear the blame? At that time, everyone will think that it is you who has joined hands with the northern lands."

Yong Ji frowned slightly, as if he felt that it was somewhat reasonable.

He sat down again and did not speak for a long time.

“Why? What is Mister Yong Ji worried about? The elites of the heavenly cloud sect have long left. What do you have to be afraid of?”The black-robed man laughed.

Yongji opened his mouth as if he wanted to say something, but in the end, he did not say anything.

“Alright, I’ll agree to it.”After hesitating for a long time, Yongji finally agreed.

He had coveted the heavenly cloud sect for too long. To him, this might be his only chance.

The sect master had gone into seclusion and the elites had already left. This was a once-in-a-lifetime opportunity.

“Alright, I’ll wait for Mr. Yongji’s good news.”The black-robed man cupped his hands.

“Don’t worry. Our people from the North will soon make a move to assist Mr. Yongji. At that time, the South region will only think that our north is taking advantage of the situation and won’t suspect Mr. Yongji.”

After saying this, the black-robed man turned around and left.

Yongji thought for a long time and immediately stood up. “After waiting for so long, it’s time to make a move... Heavenly Cloud sect, it’s time for all of you to disappear!”

...

Qin Yu held the map in his hand and spent several days before he finally arrived near his destination.

This place was barren. From thousands of stars away, he could feel the cold and dark energy.

Qin Yu sniffed and then grinned. “Sister Lin is still reliable...”

Hence, he sped up and rushed towards his destination.

As he got closer to his destination, the dark energy became stronger.

When Qin Yu reached the vicinity, the intense dark energy made Qin Yu shudder!

“Good Place, it really is a good place!”

Qin Yu activated his desolate God's eye and looked in front of him.

This seemed to be a mausoleum. Unfortunately, this mausoleum had already been excavated and there did not seem to be anything left.

"HM?"

At this moment, Qin Yu discovered a sneaky figure.

He was lying in the mausoleum, as if he was pulling something.

### Chapter 1513

Qin Yu frowned slightly and said in a low voice, "It seems that there are still some people who don't want to give up. However, to be able to move freely in such a place, he does have some ability."

Looking at his nimble movements, Qin Yu didn't believe that he was in a mausoleum at all.

"If I can follow him to pick up some Babe, it wouldn't be too bad," Qin Yu thought to himself.

Thinking of this, Qin Yu immediately walked towards him.

All the way to his back, Qin Yu looked at him quietly.

He was very serious and did not notice that Qin Yu was behind him.

Qin Yu followed his gaze and saw that there was nothing in front of him, only a piece of desolate land.

And his fingers seemed to be wearing some magical artifact, moving extremely fast.

"What are you looking for here?" Qin Yu finally couldn't hold it in any longer.

Hearing this voice, the other party was so frightened that he staggered and fell heavily to the ground.

"F \* ck, you're scaring me to death... F \* ck!"

Before he could finish his words, he turned around and was about to run away.

Qin Yu couldn't help but be greatly shocked, because this person was none other than man with the mustache!

“Why are you running away!”Qin Yu grabbed his shoulder and forcefully pulled him back.

“F \* ck you! Why are you hiding from me?”Qin Yu said with his eyes wide open.

Man with the mustache coughed and immediately put on a serious posture. He said indifferently, “My friend, did you get the wrong person?”

“F \* ck you!”Qin Yu kicked man with the mustache’s butt.

“Man with the mustache, stop pretending. I haven’t seen you since you ran away last time. Why? Are You Afraid of Me?”Qin Yu said with his eyes wide open.

Man with the mustache coughed dryly and then said with an embarrassed smile, “Look at what you said. Isn’t There Something Going On? Why would I hide from you?”

“Tell me quickly. Why are you hiding from me?”Qin Yu grabbed man with the mustache’s shoulder and said fiercely.

“Aiya, why are you so fierce? There really was something going on back then,”man with the mustache said with an aggrieved look.

Qin Yu knew that if this kid didn’t want to say anything, no matter what methods Qin Yu used, he wouldn’t be able to get him to open his mouth. Therefore, he was too lazy to continue asking.

He released man with the mustache and immediately asked, “What Babe did you find here?”

Man with the mustache immediately shook his head. “I didn’t find anything! I was just taking a walk here!”

“F \* CK Your Grandpa. I’m not going to fight with you.”Qin Yu rolled his eyes.

Then, he glanced at the tomb and said in a deep voice, “There’s no danger inside, right? You know, I don’t care about the treasure at all. What I want is the dark energy inside.”

Man with the mustache immediately said with his chest held high, “Absolutely safe! This place has been excavated a hundred times. The danger has long been passed by the predecessors. You can rest assured...”

“Boom!”

Before he could finish his words, an extremely powerful internal Qi suddenly erupted from within the mausoleum!

The two people who were caught off guard were instantly sent flying into the air by this internal Qi. Several of their ribs were broken!

Man with the mustache had countless magical treasures on him. The moment that internal Qi rushed out, a set of armor wrapped around him. Therefore, he was unharmed.

“Bang!”

The two of them fell heavily to the ground, creating a huge crater.

Qin Yu rubbed his chest, feeling waves of pain.

Man with the mustache, on the other hand, put away his armor and fell to the ground, pretending to say “Aiyo Aiyo” nonstop.

“Okay, stop pretending. I saw it all,” Qin Yu said with a frown.

“You are still as unreliable as before. You didn’t even finish your fart before you got slapped in the face.”

Man with the mustache coughed dryly and said, “There was an accident, but this should be a good thing.”

“A good thing?” Qin Yu raised his eyebrows.

Man with the mustache said seriously, “That’s right. Such a strong internal Qi at least shows that my judgment is correct.”

“There’s definitely a babe hidden inside!”

Qin Yu frowned slightly and said, “Didn’t you say that this place has already been walked over a hundred times?”

Man with the mustache sneered and said, “If your standard isn’t good enough, it’s useless even if you walk over a hundred times.”

Just as Qin Yu was about to belittle him, he remembered what Brother Dao had said before.

Man with the mustache indeed had some ability. Even the nine great families of the Central Plains hadn’t escaped his vicious hands.

More importantly, this bastard had actually managed to escape from the hands of the nine great families!

One couldn't help but admire his ability.

"Kid, you sure are lucky," man with the mustache said as he stroked his beard.

"Since you've met him, I'll give you a share no matter what. Let's go."

Qin Yu nodded. He followed man with the mustache and entered the mausoleum once again.

The internal Qi in the mausoleum came from the hole that man with the mustache had dug. At this moment, one could still see a wisp of fog.

Man with the mustache stared at the hole. He reached out with his hand and took out a shovel. Then, he continued to dig.

Qin Yu knew that he couldn't help much, so he waited at the side to prevent any accidents from happening.

The hole grew bigger and bigger. In just half an hour, man with the mustache had almost dug through the mausoleum.

Qin Yu stood at the hole and looked down at man with the mustache.

"Damn, there's really something inside."

At this moment, man with the mustache's voice came from the deep hole.

The next second, man with the mustache threw an iron chest up from below.

Qin Yu hurriedly caught the iron chest. The moment he touched it, he felt a bone-chilling coldness.

"Kid, don't Open It!" Man with the mustache shouted from below.

As he said that, he leaped out from the hole.

But at this moment, a few large cold hands suddenly appeared from below and grabbed man with the mustache's calf!

"Not good!" Man with the mustache's expression changed slightly. He made a prompt decision and quickly bit his finger, and drops of blood flowed out.

Man with the mustache muttered, and those drops of blood actually transformed into a blood-red dagger!

The dagger shot down and easily cut off those big hands!

Man with the mustache also took this opportunity and hurriedly jumped up.

Qin Yu, who was watching from the side, was terrified. He frowned and asked, "What happened just now?"

Man with the mustache did not reply. He just looked at the hole coldly.

"There's something wrong with this hole." Man with the mustache took a deep breath.

"What is it?" Qin Yu asked quickly.

Man with the mustache did not explain. He took the metal box over and said, "Let's see what's in the box first."

Man with the mustache took out his tools and carefully opened the box.

Man with the mustache's expression was extremely grave, and cold sweat broke out on his forehead.

Obviously, even he did not know the origin of the box, let alone what was hidden in it.

The moment the box was opened, the expected horror did not happen. Instead, it was calm.

A few items were scattered inside the box:

A yellowed book, a strand of long black hair, and three fingers. Other than that, there were also a few scattered materials that could not be named. These materials looked like the fragments of weapons after a great battle.

#### Chapter 1514

Man with the mustache's expression became more and more serious as he looked at these items. He did not speak for a long time.

He picked up the weapons and materials inside and carefully observed them, as if he wanted to discover something from them.

However, after a while, man with the mustache said in a deep voice, "Even I can't tell the origin of these things..."

“You can’t Tell?”Qin Yu couldn’t help but be a little surprised.

In fact, although Qin Yu always belittled man with the mustache, he still admired him from the bottom of his heart.

This kid looked muddle-headed, but he was extremely knowledgeable. There was almost nothing he didn’t understand.

Man with the mustache ignored Qin Yu. He raised his head and looked at the mausoleum in front of him, he said in a deep voice, “As expected, what the world sees is only the surface. It seems that the tombs that have been developed in this world should be visited.”

Man with the mustache put away the suitcase.

He looked at Qin Yu and said, “I can’t give you this thing for the time being. I have to study the origins of this tomb.”

Qin Yu Glared at man with the mustache and muttered, “F \* ck your grandpa! Are you trying to run away with this thing?”

Man with the mustache rolled his eyes. “Am I lacking this little thing? You’re looking down on me too much.”

Qin Yu scratched his head. That was true.

Man with the mustache had countless treasures hidden on him. It was no exaggeration to say that if he were to take them out, it would be enough to shock half of the Holy Region.

“Then how are you going to find me?”Qin Yu asked, puzzled.

Man with the mustache said proudly, “I want to find you. There are many ways. Just Keep Your Heart in your heart.”

Qin Yu nodded and said, “Okay then. But... aren’t you being hunted? I heard that you didn’t even let the graves of the nine great families go.”

Man with the mustache couldn’t help but mutter, “D \* mn, this is just a small matter. Everyone knows about it. They’re still too young to catch me.”

After saying this, man with the mustache patted Qin Yu’s shoulder and said, “Kid, you can’t tell anyone about what happened here.”

“Don’t worry, I’m not stupid.”Qin Yu rolled his eyes.

Man with the mustache grunted and didn't say anything more. He turned around and was about to leave.

Qin Yu quickly pulled him back and asked tentatively, "By the way, is this tomb safe or not? Nothing can happen, right?"

Man with the mustache sneered and said, "Kid, you're lucky. Even if something happens, you won't die."

Qin Yu wanted to say something else, but man with the mustache waved his hand impatiently and said, "Okay, stop talking nonsense. I'm very busy. I'm leaving."

After saying this, the Mustache Man with the mustache jumped and disappeared without a trace.

This could not help but Shock Qin Yu greatly.

No wonder this kid was able to escape time and time again. His spatial spell was much more advanced than he Teng's.

Damn, if I want to go to Zhongzhou, I'm afraid I'll have to rely on this kid, Qin Yu thought to himself.

Then, he looked at the mausoleum in front of him.

Inside the mausoleum, dark energy was rampant and extremely dense.

Qin Yu took a deep breath and strode into the mausoleum.

After entering the mausoleum, Qin Yu didn't dare to be too ostentatious, afraid that he might accidentally trigger some killing formation.

He carefully found a relatively safe place, and Qin Yu didn't waste any time. He immediately sat down cross-legged and began to absorb the surrounding dark energy.

The moment the dark energy entered his body, Qin Yu felt extremely carefree. The feeling of being blocked for a long time disappeared without a trace, and the speed at which his body absorbed the dark energy was many times faster than spiritual energy.

As the dark energy entered his body, all the pores on Qin Yu's body opened up, and he absorbed the surrounding dark energy as if he was hungry.

This was a long process, and Qin Yu's body needed a lot of dark energy. Fortunately, the dark energy in the tomb was extremely dense, and it was enough to support Qin Yu's cultivation.

At this moment, on the other side.

More and more actions were taking place in the northern lands. Under the urging of the northern lands, Yong Ji also began to prepare to attack the heavenly cloud sect.

In Yong Ji City.

Many Foster sons gathered together.

They knelt on one knee, like generals about to go on an expedition.

Yong Ji coldly swept his gaze over everyone and said, "All this while, I haven't been able to see the best scenery in the southern region. All of this is because the heavenly cloud sect, this mountain, is blocking in front of me."

"I've been patient for many years. This is the moment I've been waiting for. This battle, we can only win, we can not lose!"

His words made the foster sons extremely excited.

"Foster father, the sect leader of the Heavenly Cloud sect is still on the cultivation mountain. Will our operation this time..."the foster son's words were extremely tactful, but his words seriously infuriated Yong Ji.

He looked coldly at the foster son. In the next second, he suddenly raised his finger and pointed it at the center of his brows.

In just a split second, that foster son's primordial spirit had been directly obliterated!

Seeing this scene, everyone felt fear and trepidation!

"If anyone dares to say such words that are detrimental to morale, kill them without mercy!"Yong Ji said coldly.

It had to be said that his every action was extremely similar to that of a general on an expedition.

The hypocritical and amiable expression from before had disappeared. What replaced it was an indescribable dignity and dominance.

"The sect master of the Heavenly Cloud sect has long sealed off the cultivation mountain. He won't come out until he breaks through,"Yong Ji said coldly.

"Moreover, so what if he comes out? I'm not afraid of him."

Of course, these words were false. If he wasn't afraid of the sect master of the Heavenly Cloud Sect, he wouldn't have waited until now.

However, now was the time when morale was needed. Yong Ji naturally needed to say a few words to boost morale.

"Send a challenge to the heavenly cloud sect immediately. We'll set off tomorrow," Yong Ji said coldly.

"Yes!"

On the same day.

The news of Yong Ji City starting a war with the heavenly cloud sect spread throughout the entire southern province.

For a moment, everyone in the southern province was in an uproar.

"Eternal limit has waited for so long, but in the end, he still made his move."

"I've Long said that this child is a wolf with wild ambitions. He has been conserving his strength for so many years for the sake of the heavenly cloud sect."

"I have to say that this is a good opportunity for eternal limit. The Heavenly Cloud sect is being attacked from all sides. The northern lands, Eternal Limit City, and even Qin Yu. It's really hard to say who will win and who will lose."

"You guys think too little of it. Do you really think that the heavenly cloud sect only has these enemies? I don't know how many sects secretly have a problem with the heavenly cloud sect. They just lack people to take the lead."

"The southern region this year... isn't peaceful."

Heavenly Cloud sect.

In the meeting room, the deputy sect master's expression was extremely ugly.

"He actually attacked the heavenly cloud sect at this time..." the deputy sect master couldn't help but slap the table.

However, the elders on the table laughed coldly.

"You've sent people to the northern lands and all the major cities. The Heavenly Cloud sect is like an empty city now. Aren't you giving others a chance?" Someone laughed coldly.

“That’s right. Why are you acting so lofty? You weren’t like this when the sect master was around. Do you really think that you’re the Savior?”

## Chapter 1515

The deputy sect master wasn’t surprised by everyone’s ridicule. He had already expected this scene.

In reality, the deputy sect master’s understanding of the heavenly cloud sect far surpassed that of the first elder.

Of course, he knew about the internal and external troubles of the Heavenly Cloud sect. He had long known about the ambitions of the eternal limit city.

But even so, the deputy sect leader still gave the order to resist the northern lands.

This kind of spirit was worthy of praise.

“Deputy sect leader, what do you think we should do now? If it really doesn’t work, we’ll run away,” someone mocked.

“In such a short time, it’s too late even if we pull them back.”

“TSK TSK, I didn’t expect that the Heavenly Cloud Sect’s many years of wealth would be destroyed by your hands.”

At this moment, the deputy sect master suddenly slammed the table and stood up.

He coldly glanced at the crowd and said four words, “Fight with all your might!”

“Fight with all your might? That’s easy for you to say.” Someone sneered.

“The foundation of the Heavenly Cloud sect has been taken away by you. How can the few of US resist Yongji?”

“The three madmen and three absolutes are not just for show. Even the sect master will give them some face, not to mention that Yongji still has so many people under him.”

The deputy sect master said in a deep voice, “This is the calamity of the Heavenly Cloud sect. We should work together to get through it. At the same time, I will pull people back. As long as everyone can resist it...”

“Resist it? hahaha! I want to see how you resist it!” An elder said with a sneer.

The deputy sect master knew that resisting was not an easy task, but there was no other way now.

He immediately formulated a strategy and activated the Tianyun sect's mountain protection formation.

Then, the deputy sect master crushed the token and asked the eighteen gods and the elites of the Tianyun sect to return to the Tianyun sect as soon as possible.

All of this was within Yongji's calculations.

Even if the Tianyun sect returned, it would definitely be too late.

The Tianyun sect was located in the center of the Southern Region. It was very far away from the northern lands. It would take at least ten days to half a month to return.

After ten days to half a month, the heavenly cloud sect would most likely become history!

As for the sect leader of the Heavenly Cloud sect, he would most likely join forces with the northern lands and attack together.

...

The next morning, the world was silent.

But everyone knew that this was the calm before the storm.

Many people had already gathered near the heavenly cloud sect.

These people were not ordinary people. They had rushed here not just to watch the battle, but to stand on their side.

If there were any signs of defeat, they would take action and help the Heavenly Cloud sect suppress Yongji, and vice versa.

On the other side, Qin Yu was still absorbing the dark energy.

Boundless dark energy entered his body, and his body began to slowly become balanced.

With Qin Yu's current state of mind, it was not a problem for him to step into the Almighty Realm. He just needed time.

The dark energy in the mausoleum was like a river flowing into the sea, endlessly flowing.

Looking from afar, one could see a strange scene:

Qin Yu's body was wrapped in white qi. The hair on his body was already frozen, as if he had been frozen stiff.

Just as Qin Yu was cultivating in seclusion, someone suddenly rushed to the mausoleum.

And the person who came was none other than Zhuo Jing.

Zhuo Jing stood on top of the mausoleum and shouted, "Brother Qin!"

Although his voice wasn't loud, it was close to divine sense.

"Brother Qin!"

Zhuo Jing shouted again. Under this shout, Qin Yu, who was in seclusion, slowly opened his eyes.

He looked up into the sky and saw Zhuo Jing rushing over. He couldn't help but frown.

"Why is he here?" Qin Yu's expression didn't look too good.

Zhuo Jing had probably seen the scene of his cultivation clearly just now. This wasn't good news for Qin Yu.

"Brother Zhuo, why are you here?" Qin Yu stood up from the ground and slowly walked out.

Zhuo jing smiled and said, "I have something to tell you."

Qin Yu didn't say anything. He looked at Zhuo Jing and said in a low voice, "Brother Zhuo, don't you have anything you want to ask?"

Zhuo jing laughed and said, "To be honest, I really want to ask, but if you don't want to tell me, it's okay."

Qin Yu couldn't help but sigh in his heart.

As expected, he still found out.

"Brother Qin, you won't choose to silence me, right?" Zhuo Jing said half-jokingly and half-seriously.

Qin Yu shook his head and explained, "I cultivate both yin and yang. Whether it's spiritual Qi or dark energy, I can absorb them all."

“Chaotic body?”

Zhuo Jing asked in surprise.

Qin Yu was even more surprised. “You know about chaotic body?”

Zhuo Jing said in a low voice, “I’ve heard of it. Rumor has it that it’s one of the most powerful physiques in the world, but I’ve never seen it before. I really didn’t expect brother Qin to have a chaotic body.”

Qin Yu sighed and said, “You also know that cultivating dark energy can easily lead to misunderstandings, so i...”

“No worries.”Zhuo Jing waved his hand. “Brother Qin, if news of your chaotic body gets out, it will attract many sects.”

Qin Yu waved his hand and said, “Forget it. Let’s get down to business. Brother Zhuo, why are you looking for me?”

Zhuo Jing grunted and then said seriously, “Yongji made a move against the Heavenly Cloud sect today.”

“Yongji?”Qin Yu couldn’t help but be shocked.

He never expected that the first person to make a move would be Yongji!

“Yongji has gathered almost everyone and has set off for the Heavenly Cloud Sect,”Zhuo Jing said.

“Brother Qin, do you want to take the opportunity to make a move?”

Qin Yu touched his chin and muttered, “To be honest, I do have this idea, but... it’s still too early. No one can guarantee that the heavenly cloud sect doesn’t have any backup plans.”

“Many people have the same idea.”Zhuo Jing nodded slightly.

“I reckon that it won’t be long before the northern lands makes a move.”

Qin Yu narrowed his eyes and sneered, “Looks like I have to speed up the progress...”

Zhuo Jing could not help but sigh, “Everyone seems to want to witness the end of a sect.”

The collapse of tall buildings was usually a scene of sighs.

Qin Yu said with a smile, "Brother Zhuo, thank you for telling me this news from afar."

Zhuo Jing shook his head and said, "Brother Qin, you are too polite."

Qin Yu acknowledged and then said, "I still have to cultivate, so I won't talk much. I believe that it won't be long before I step into the mighty realm."

"At that time, I will personally go to the battlefield and send the Tianyun sect on its final journey."

"With Brother Qin's abilities, if you step into the mighty realm, no one in the entire southern prefecture would be able to defeat you." Zhuo Jing couldn't help but sigh.

Following that, Zhuo Jing bowed and said, "Then I Won't disturb you any further. I'll wait for Your Good News."

Following that, Zhuo Jing didn't stay any longer and immediately planned to leave.

"Oh right, Brother Zhuo, I wonder if I can borrow your treasured sword for a while?" Qin Yu suddenly called out to Zhuo Jing.

Zhuo Jing was silent for a moment before he finally nodded and agreed, "Okay!"

"Thank you." Qin Yu bowed again.

Zhuo Jing didn't say anything else and immediately left the mausoleum.

At the same time, Yongji had already led a large group of people and rushed to the vicinity of the Heavenly Cloud sect.

At a glance, the sky was a dense mass of black clouds, like a huge cloud drifting over from the distance.

"The Black Cloud is trying to destroy the city." Someone whispered.
