Chapter 1597: Chapter 1,597, news from the northern border

The two of them walked for an unknown period of time before they arrived at Qu Zhu's wind bamboo mountain.

Before they even stepped into the wind bamboo mountain, qu Zhu had already been waiting for them.

It wasn't that he had a divine plan. It was just that he had smelled a powerful internal qi and killing intent and mistook it for an enemy. That was why he had left early to wait.

When he saw that it was Qin Yu, he couldn't help but be slightly surprised.

Then, qu Zhu's gaze fell on iron egg.

"This is?" Qu Zhu asked curiously.

"I am the most powerful Asura in this world. Call me..."

"Just call him iron egg."

Before Iron Egg could finish his speech, he was interrupted by Qin Yu.

"F * ck you! Your Name is Iron Egg!" Iron Egg flew into a rage.

Qin Yu couldn't be bothered with him. He looked at Qu Zhu and said, "He's a friend of mine. Don't worry."

"Your friend... has such a strong internal QI," qu Zhu said in a low voice.

He couldn't help but look at iron egg warily. For some reason, he felt that iron egg didn't look like a good person.

Qin Yu couldn't explain to Qu Zhu, so he could only change the topic.

Then, Qin Yu told qu Zhu about Xiao Hai.

Qu Zhu couldn't help but look surprised after hearing that. Then, he said with a smile, "Brother Xiao Hai... he always does amazing things, forcefully pulling the two plates. I don't think anyone would dare to think about it except him."

Qin Yu said with a wry smile, "Yes, that's why I need your help now."

Qu Zhu didn't refuse and simply agreed.

After Qu Zhu agreed, Qin Yu planned to go directly to Zhuo Jing. After all, the materials were all found by Zhuo Jing.

Then, Qu Zhu found an opportunity to bring Qin Yu to the side and said in a deep voice, "Qin Yu, you have to be careful of your friend. His body... has a natural evil, a kind of uncontrollable evil."

Qin Yu glanced at Iron Egg not far away and nodded, "I know. Don't worry, senior Qu Zhu."

Qu Zhu grunted in gratitude and did not say anything more.

"How's Jue Wu recently?" Qin Yu asked.

Qu Zhu spread his hands and said, "Still the same."

Qin Yu sighed slightly and said, "It's better to bring her with us to the northern lands this time. Otherwise, I won't be at ease."

"That's exactly what I was thinking," Qu Zhu said.

At this moment, Qin Yu suddenly thought of Iron Egg.

"Do you know how to refine pills?" Qin Yu asked.

Iron Egg glanced at Qin Yu and said, "I don't know how to make a chicken."

Seeing this, Qin Yu didn't ask any more questions.

Then, Qin Yu and Iron Egg followed Qu Zhu and walked into Wind Bamboo Mountain.

They came all the way to the sleeping room of Internal Qi. At this time, Internal Qi was as usual, lying on the bed motionlessly, and her breath was very faint.

Looking at her young face, Qin Yu had an indescribable feeling.

"HMM? Nirvana body?"

At this moment, iron egg suddenly frowned.

Hearing this, Qin Yu's eyes lit up. He hurriedly looked at iron egg and said, "You know about Nirvana Body?"

"Nonsense. I've traveled all over the world, thinking back to those years..."

"Okay, stop bragging. Do you know how to break the curse of the Nirvana Body?" Qin Yu interrupted iron egg.

Iron Egg said in a deep voice, "I've heard of a method."

"What method?" Qin Yu hurriedly asked.

Iron Egg shook his head and said, "I forgot."

"You..." Qin Yu couldn't help but clench his fists. He wanted to punch him.

"Let me think about it. Maybe I'll remember it someday," said Iron Egg.

Qin Yu didn't want to waste time talking to Iron Egg. After thinking for a while, he put the final dance into the bronze coffin.

This coffin had preserved this god body intact for so many years. It must have its unique features. It was the best choice to carry the final dance.

After carrying the final dance, the group of three headed straight for Zhuo Jing's residence.

The group of three headed straight for the Zhuo family.

Riding on the Divine Eagle, they flew high up in the sky.

As always, cultivators from the northern lands could be seen everywhere in the South Province. It was as if they had settled down here. They could be seen every few weeks.

After a long time, the three of them finally arrived at the Zhuo family.

Unfortunately, Zhuo Jing was not at home.

His guests informed Qin Yu that Zhuo Jing had gone out for several days and had yet to return.

Hearing this, Qin Yu could not help but guess, "Zhuo Jing should have gone to look for materials for me."

“Zhuo family, his father back then was also a legend of a generation,” Qu Zhu said with a sigh.

Qin Yu smiled and said, “Senior Qu Zhu, do you know his father?”

Qu Zhu shook his head and said, “I don’t know him. I’ve only heard of him.”

Qin Yu nodded and didn’t continue to ask.

Iron Egg closed his eyes slightly. His divine sense covered almost half of the Zhuo family.

“This Zhuo family has quite a lot of treasures,” Iron Egg said in a low voice.

Hearing this, Qin Yu warned, “Don’t have any ideas about their treasures. Never steal them. Do You Hear Me?”

Iron Egg glanced at Qin Yu and sneered, “Steal? I always rob the things I like. Stealing? That’s cowardly behavior.”

Qin Yu couldn’t help but stick out his tongue.

If this was heard by a man with the mustache, he didn’t know what he would think.

In the next few days, Qin Yu and Qu Zhu temporarily stayed in the Zhuo family.

The guests of the Zhuo family were very curious about the two of them, and they came to visit almost every day.

As time went by, Qin Yu could be considered to be on good terms with them.

Speaking of which, Zhuo Jing was quite generous. The large Zhuo family allowed these guests to come and go as they pleased and never did anything to stop them.

Whether it was eating, drinking, or having fun, the Zhuo family had almost guaranteed it. This also resulted in Zhuo Jing being extremely popular among the younger generation. His connections were extremely wide and could even be said to be able to get hundreds of responses at once.

A few days later.

Qin Yu and the many guests sat under the gazebo as usual, drinking tea and chatting. At this time, Zhuo Jing walked over from not far away.

“Young Master Zhuo, you’re back.”

Seeing Zhuo Jing, the many guests stood up one after another and warmly greeted Zhuo Jing.

Zhuo Jing also responded with a smile. Then, his gaze fell on Qin Yu.

Qin Yu hurriedly stood up and followed Zhuo Jing to the side.

“How is it? Have you prepared the materials?” Qin Yu asked.

Zhuo Jing was silent for a moment, and his expression was extremely grave.

“What’s Wrong?” Seeing this expression, Qin Yu immediately had a bad feeling.

Zhuo Jing sighed and said, “I think you don’t need to look for these materials anymore.”

Hearing this, Qin Yu frowned and said, “What do you mean?”

Zhuo Jing said in a deep voice, “Do you still remember what I told you? It’s very likely that senior Xiao Hai was trying to send you away. Now, his words have been confirmed.”

Qin Yu didn’t say anything, but he had a bad premonition in his heart.

“I just received news that senior Xiao Hai forcefully crossed the Dead River and went to the northern border. Now, he has been fighting with the three godly monarchs of the northern land for several days,” Zhuo Jing said in a deep voice.

Chapter 1598: Chapter 1,598, the invincible Xiao Hai

Qin Yu was stunned on the spot.

Half a second later, Qin Yu hurriedly grabbed Zhuo Jing’s arm and said anxiously, “What did you say? Xiao Hai went to the north? He... he forcefully crossed the Dead River?”

“That’s right.” Zhuo Jing nodded. “Senior Xiao Hai may be the first person to forcefully cross the Dead River.”

Qin Yu’s expression was extremely unsightly. He couldn’t understand why Xiao Hai was so anxious.

Thinking of this, Qin Yu expressed his gratitude to Zhuo Jing. Then, he hurriedly called Iron Egg and Qu Zhu, preparing to head to the northern border.

"I'll go with you," Zhuo Jing said.

Qin Yu glanced at Zhuo Jing and nodded. "Okay."

Therefore, Qin Yu summoned the Divine Eagle. The group of four rode on the Divine Eagle and headed straight for the northern border.

This was a long process. Qin Yu was extremely anxious.

He did not know if he still had time to reach the northern border. He also did not know if Xiao Hai could hold on.

Qin Yu also did not have a clear understanding of Xiao Hai's strength. He only knew that Xiao Hai was very powerful, but those godly monarchs were also not to be underestimated.

"With senior Xiao Hai's strength, he should be able to return safely..." Qin Yu muttered in a low voice. He did not know if he was comforting himself or if he really thought so.

However, Qu Zhu poured cold water on the matter by the side and said, "Naturally, there's no need to say much about Xiao Hai's strength. It's just that forcefully crossing the river of death will place a huge burden on his body."

"More importantly, after going to the northern lands, Xiao Hai's strength will also be suppressed. In this way, it's already not bad for Xiao Hai to be able to display 30-50% of his strength."

Qin Yu looked at Qu Zhu with a solemn expression. He had a bad premonition in his heart.

Qu Zhu sighed, "I'm afraid that Xiao Hai never thought he would come back."

"I'm afraid that I will never be able to make his choice."

Qin Yu did not say a word. He had never thought that Xiao Hai would make such a decision.

To fight against the entire northern lands by himself, such a feat could not be found in the entire southern province.

Along the way, many people were heading to the northern border.

It was obvious that this news had already spread, and many people were planning to go and watch the battle.

Qin Yu did not say anything. He sat cross-legged on the back of the divine eagle, adjusting his internal Qi and state of mind.

“Senior Xiao Hai, please hold on...” Qin Yu said in a low voice.

Although he tried his best to adjust his state of mind, anxiety still showed on his face.

Qu Zhu put his hand on Qin Yu’s shoulder and said, “It’s useless for you to be anxious. Even if you go, you won’t be of much help. Neither of us can cross the Dead River.”

“Yes.” Of course, Qin Yu knew, but even if he knew some things, he still couldn’t suppress his heart.

After a few days, the group finally arrived at the northern border.

At this moment, many people had already arrived by the Dead River at the northern border.

Many of these people were the sect leaders of the various large sects. They stood on the other side of the Dead River and looked at the other side with a solemn expression. No one knew what they were thinking.

Even though they were all egoists, they were still moved at this moment.

The entire northern border was shaken to the point of rumbling. At a glance, one could see Xiao Hai’s undefeated posture despite fighting to the death. He was like a god of war, fighting against many northern land cultivators alone.

Everyone had a solemn expression on their faces. At this moment, they hoped that Xiao Hai could come back alive more than anyone else.

Qin Yu jumped down from the godly eagle and walked quickly to the Dead River.

He used the desolate God’s eye and looked straight at the other side of the Dead River.

On the other side, Xiao Hai’s broad and strong body was like a tall mountain, seemingly never to fall.

His long hair was fluttering wildly in the wild wind, and his arrogant fists were about to shatter the world.

When Qin Yu saw Xiao Hai’s face clearly, he could not help but be stunned.

“This face...” Qin Yu’s eyes widened.

This face was clearly the sect master of the Heavenly Cloud Sect!

Someone beside him seemed to have noticed Qin Yu's confusion and explained, "Don't you know that Xiao Hai and the sect master of the Heavenly Cloud Sect are blood brothers? They are of the same mother."

Qin Yu was stunned.

Xiao Hai was actually a brother of the Tianyun sect? And a brother of the same mother?

No wonder he had been wearing a mask. He was probably trying to hide his face!

"Senior Xiao Hai is really our role model," someone exclaimed.

"I wonder if senior Xiao Hai will be able to come back alive this time." Someone Sighed.

Qin Yu did not say a word. With his desolate divine eyes, he could clearly see Xiao Hai on the other side of the Dead River.

The three godly monarchs joined forces to suppress Xiao Hai, but Xiao Hai's fists were filled with invincible battle intent. Every punch was pushed to the limit!

Even the three godly monarchs seemed to be powerless as they retreated.

"Xiao Hai, you are very powerful, but you can not leave here alive!" A godly monarch shouted angrily.

Xiao Hai did not say a word. The only thing that responded to him was his incomparably powerful fist!

Every step he took seemed to be fusing with the Great Dao. This was the display of his battle intent exploding to the extreme!

Facing the three godly monarchs, Xiao Hai did not show any fear. Instead, he erupted with an extremely strong battle intent!

His fist pierced through the void and exploded over, almost shattering the entire world!

"Even if I am unable to shake the northern ruler, I will still kill the three of you today!" Xiao Hai's voice was cold and powerful, and his aura made people unable to resist submitting!

What kind of words was this? Xiao Hai actually wanted to rely on his own strength to kill the three godly monarchs of the northern lands!

One had to know that the current Xiao Hai had already fought for several days, and was under the suppression of the northern lands!

No one doubted Xiao Hai's ability. At this moment, everyone understood that Xiao Hai's strength was far above the three madmen and three uniques!

If he wanted to compete, he was afraid that no one in the entire southern region was his match!

"Xiao Hai, your strength is beyond imagination, but the Northern Lands' methods are definitely not something you can compare to!" A godly king roared furiously.

However, Xiao Hai did not say anything. The only thing that responded to them was that fist that shattered everything!

At this moment, Xiao Hai's eyes exploded with a dense killing intent, causing the already incomparably cold northern lands to feel a bone-piercing chill!

The three godly monarchs also felt an extremely strong pressure. They had sacrificed too much in this battle. It was unknown how many northern lands cultivators had died at Xiao Hai's hands.

Each of Xiao Hai's punches had the sound of a dragon's roar. No one knew what kind of dao technique this was. However, Qin Yu understood that this was Xiao Hai's Dao. His Dao seemed to be born for dedication!

Under such battle intent, Xiao Hai was invincible. No one seemed to be able to resist him.

The three godly monarchs did not dare to hold back anymore. They raised their heads and roared angrily. They had actually borrowed the dao technique of the northern lands.

Ice spikes rose from the ground. This was a technique shared by the three godly monarchs. Tens of thousands of ice spikes condensed in the void. Any one of them could easily wipe out the mighty realm!

Several ice thorns condensed and headed straight for Xiao Hai's glabella!

Chapter 1599: Chapter 1,599: Certain Death! 1

Xiao Hai's expression was still as cold as ever. He reached out with his palm, and his coarse and huge palm slammed out with a bang!

The ice spikes that the three godly monarchs had unleashed were actually shattered by a single palm strike!

This caused everyone to turn pale with fright! The Godly monarchs who were known to be the strongest under the northern Lord had unleashed spells that were easily shattered by Xiao Hai.

Such strength was enough to shake the past and present!

Everyone's hearts were hanging in the air. They all broke out in cold sweat for Xiao Hai.

"Xiao Hai, are you really going to force us!" A deity King raised his head and roared angrily.

It was as if they were forced into a desperate situation. In their own territory, they were forced to retreat repeatedly by a cultivator from the southern region!

"In that case, even if we use up our essence qi, we must kill you today!" A deity King roared explosively!

Following that, wisps of essence qi emitted from his glabella.

These essence qi fused with the world of the northern lands, as if they were casting some terrifying spell!

The three godly monarchs did the same. They all offered up their essence qi!

"Rumble..."

In an instant, the Earth began to shake!

In a short moment, figures erupted from the ground.

These people were dressed in black armor, and each of their bodies emitted an extremely terrifying internal Qi.

And they did not have the slightest change in expression. Other than the terrifying battle intent that emanated from their bodies, there was nothing else!

"Oh no, it's the Northland Gods!" Someone cried out in alarm.

"Northland Gods? What's That?"

"Rumor has it that the Northland gods are powerful creatures that are buried underground. Every single one of them contains extremely powerful strength. These gods probably already possess the power of the reversion void stage!"

"Reversion void stage? ! How is that possible! You must know that any one of the reversion void stage can easily wipe out a mighty figure!"

“That’s right, but the gods and demons of the north do not have full combat strength, but they are still extremely terrifying.”

Upon hearing everyone’s words, Qin Yu could not help but have a horrified expression!

He could naturally sense the terrifying strength of the gods and demons of the north, but when he heard the words “Reversion void stage”, he could not help but be greatly alarmed!

“Bullsh * t gods and devils of the northern lands. This is clearly the corpse of the immortal slaying sect’s ancestor!” At this moment, Heavenly Blood Rainbow’s voice suddenly came from the spatial magic artifact!

When Qin Yu heard this, he hurriedly asked, “The corpse of the immortal slaying sect’s ancestor? What does that mean?”

Heavenly blood rainbow said coldly, “After the immortal slaying sect’s ancestor died in battle, his corpse was left under the sect’s ground. His body would not be damaged for a thousand years, and would not be destroyed for ten thousand years. As long as he borrowed the immortal slaying sect’s secret technique, he would be able to summon him up and fight for himself! “This is to prevent the sect from suffering a powerful external enemy. This is to ensure that the sect will not be destroyed for ten thousand years!”

Qin Yu’s expression changed drastically. In other words, what Xiao Hai had to face next was no longer the godly monarch of the northern lands, but the corpse of the immortal slaying sect’s elders!

On the northern border, everyone’s expression was solemn. Their Hearts were hanging in the air.

Everyone knew that this was a great battle that would never return, but everyone hoped that Xiao Hai could return safely!

Qin Yu’s expression was extremely cold. He clearly remembered that back then, the Heavenly Blood Rainbow had once mobilized the white bone army.

It was this white bone army that gave Qin Yu and the others a headache.

Now, the northern lands had used the same, or even more brilliant methods!

How terrifying was a corpse at the reversion void stage! Any one of them possessed strength that was difficult to resist!

Qin Yu gritted his teeth. After pondering for a moment, he immediately walked towards the Dead River.

Since Xiao Hai could cross the Dead River, then Qin Yu believed that he could too!

He quickly walked to the side of the Dead River and raised his foot to step into it.

“Chi la!”

A heart-piercing pain!

Qin Yu’s expression instantly became extremely ugly. This pain was not something that a human could withstand!

“Come up!”

At this moment, iron egg suddenly reached out and pulled Qin Yu back.

He looked coldly at Qin Yu and said, “Are you tired of living?”

Qin Yu lowered his head and looked at his calf. Sure enough, his skin had already festered.

If he had stayed for another half a second, his calf would have been directly corroded!

“Senior Xiao Hai endured this kind of intense pain and crossed the river of death...”Qin Yu could hardly believe it!

One had to know that he was a chaotic body!

But even so, he was unable to withstand this river of death. It was imaginable how much pain Xiao Hai had endured!

On the other side of the river of death.

The great battle had already begun in an instant.

One after another, corpses of the reversion void stage crawled out from the ground. They brandished their fierce bodies, as if they wanted to shatter this world!

The three godly monarchs panted slightly. They retreated to the side and said in a low voice, “I didn’t expect this Xiao Hai to be so terrifying... he actually made us reveal our trump card in advance.”

Their condition was very poor. If it weren’t for the fact that Xiao Hai was unable to display his full strength, they would have already turned into corpses.

At this moment, Xiao Hai still did not show any fear. He laughed arrogantly and said, “So what if you are corpses of the reversion void stage. Today, I will kill all of you!”

He raised his rough palm, and thousands of rays of light condensed on his palm. His invincible battle intent and Dao technique fused at this moment. At this moment, Xiao Hai was the god of War!

“Boom!”

With a palm strike, the sky collapsed and the earth cracked, almost shattering this piece of heaven and earth!

The corpse of the reversion void stage was also directly smashed into pieces, turning into a pile of dry bones!

This made everyone gasp! ! How terrifying was Xiao Hai that he could smash the body of a warrior at the reversion void stage with one palm? !

“Just one palm?”Someone around exclaimed.

“Xiao Hai... is too terrifying! If he claims to be number one, no one will dare to claim to be Number Two!”

“This is Xiao Hai’s strength. He is not afraid even when facing a warrior at the reversion void Stage!”

Even iron egg revealed a trace of surprise on his face.

“This Xiao Hai... is a little interesting,”iron egg said in a low voice.

Qin Yu was not as optimistic as them. He knew very well that this seemed to be just a palm strike, but in fact, it was the condensation of all of Xiao Hai’s battle intent. He did not know how many dao techniques had been fused together.

If the palm strike failed, it meant that Xiao Hai would definitely die in battle here!

One after another, warriors at the reversion void stage emerged from the ground. They had extremely powerful physical bodies and an enormous number of them!

No one knew just how many physical bodies were buried under the ground!

Every palm strike from Xiao Hai signified the weakening of his internal Qi.

If this continued, Xiao Hai would definitely die!

“Senior Xiao Hai...”Qin Yu clenched his fists, his expression incomparably ugly.

Seeing Xiao Hai fighting with blood, everyone was moved.

They silently prayed for Xiao Hai, only hoping that Xiao Hai could return safely.

“Hahaha! Today, even if I, Xiao Hai, die in battle, I will drag all of you down with me!” Xiao Hai’s impudent smile shook the entire world!

The earth was shaking, and countless icebergs in the north were shattering!

Xiao Hai raised his head and let out a furious roar. All of his Qi energy was sucked out in an instant, and then he slammed his palm into the air!

Chapter 1600: Chapter 1,600: Born to be a hero, die to be a hero

This palm struck towards the sky, endless true qi burst out from his palms!

Then, 18 true dragons condensed in the sky, each of them vivid and lifelike, as if they had come from a miracle!

Xiao Hai raised his head and roared, the Qi energy in his body had already exploded to the extreme, his body began to bleed, as if he was going to fight to the death.

The eighteen true dragons surged over and overturned the ground. Streams of mist exploded and covered the entire world!

Everyone’s vision was instantly blocked. Even Qin Yu’s desolate god eye could not see through the mist!

“What happened? Why Can’t we see anything clearly!”

“What is senior Xiao Hai trying to do? is he going to risk his life to take this northern God away! ?”

Qin Yu’s expression was extremely grave. He knew what Xiao Hai’s actions meant.

He planned to use his last bit of life to give the northern lands a final heavy blow!

Some people couldn’t help but start to cry. Everyone was moved.

They stared at the other side of the river of death, but couldn’t see through anything.

Traces of blood flowed down from the bank of the river of death and into the river of death.

Everyone present was shocked. They had no idea who the source of this blood was.

Qin Yu stared at the other side of the Dead River. He had an indescribable feeling in his heart.

A top-notch genius had given up his future and crossed the Dead River just to give the northern lands a heavy blow.

What kind of state of mind was this? No one could figure it out, let alone follow his footsteps.

Everyone looked at the opposite shore as if they were waiting for a piece of news. They were waiting for the fog to descend.

However, as time passed by, the fog became increasingly dense. It seemed as though it was about to envelop the entire northern land.

This wait lasted for three whole days.

After three days of fruitless waiting, everyone began to give up.

Although no one was willing to believe it, everyone clearly knew in their hearts that this battle was likely to end in disaster for Xiao Hai.

“From today onwards, the green rock sect will officially resist the northern lands,” a sect leader of a sect said coldly.

“Count me in as well,” a young woman said coldly.

“And my lightning surge sect!”

“Count me in!”

“ ... ”

In an instant, almost all the sects on the shore issued letters of challenge to the Northern Lands!

Qin Yu suddenly understood the meaning behind Xiao Hai's actions and felt even more emotional.

“This Xiao Hai is really strange.” Iron Egg couldn't help but shake his head.

To iron egg, this was something that he couldn't understand.

It was simply impossible for him to give up his life for the sake of others, much less give up his own.

This was the essence of the cultivation world. Anyone would step on the bones of others and stand at the peak.

But even in such an environment, there were still people who were willing to go against the current and become a unique existence in this world and this era.

Xiao Hai was such a person.

On the other side of the river of death, everyone began to slowly leave.

They no longer held any hope. Xiao Hai's heroic feat was imprinted in everyone's hearts.

Qin Yu stood on the other side of the river of death and did not leave for a long time.

He had mixed feelings in his heart. He did not know whether it was pain or admiration.

"Xiao Hai's action is to stop the revival of the Northern Land's master." At this moment, the monk of the Hon Xi suddenly appeared beside Qin Yu.

Qin Yu looked at the monk of the Hon Xi and said, "Senior Xiao Hai should also know in his heart that this is an impossible thing, right?"

"The beginning of anything is based on fantasy. If you don't even dare to think about it, then you will never be able to do it," said the monk of the Hon Xi.

"For Xiao Hai, his death can wake up everyone, and it's worth it."

Qin Yu didn't say anything. His heart was like a heavy stone, very heavy, very heavy.

People in the South Province had already fallen at the hands of the northern lands. There was the heavily injured Jue Wu, and now there was Xiao Hai, who had the courage to show himself. Even the Heavenly Cloud sect hadn't been spared.

This made the anger of the South Province reach its peak.

The bank of the Dead River became cold. The cold wind blew, and it was like a sharp steel blade, cutting both on the face and the heart.

The monk of Hongxi put his palms together, worshiped silently, and then left.

"We should go too," qu Zhu said.

Qin Yu sighed slightly and said, "Yes, we should go too..."

The fog on the other side of the dead river became thicker and thicker. There was no longer any movement. There was no point in continuing to stay.

“Xiao Hai wants to think of a way to send you away. He probably doesn’t want anything to happen to you. He probably hopes that you can resist the great flag of the northern lands,” Qu Zhu said, intentionally or unintentionally.

Qin Yu smiled bitterly and said, “Perhaps...”

When he said this, Qin Yu’s tone changed, and his tone became incomparably cold.

He took a deep breath and said, “The northern lands and I will not rest until one of us dies.”

Just as Qin Yu and the others left, a slender figure came to the shore of the Dead River.

He looked at the opposite shore from afar, and the expression on his face was extremely complicated.

“Is it worth it to die just like that?” He muttered softly, but there was some pain on his face.

This person was none other than the sect leader of the Tianyun sect who had disappeared for a long time.

He tried to sense Xiao Hai’s internal qi, but he realized that he could not sense anything.

“You have never liked competition since you were young. Yet, you have chosen to leave like this.” The sect leader of the Tianyun sect muttered softly.

He took out a pot of wine and scattered it in the Dead River. Waves of thick fog instantly rose from the Dead River.

“A person who doesn’t like competition is able to gain the patience of half of the people in the southern region. Perhaps you are more suitable to be the sect master than me.”

Saying this, he laughed bitterly and shook his head. “Speaking of which, with your character, you are not suitable to be the sect master. It’s really contradictory.”

The sect master of the Heavenly Cloud sect raised his head and let out a long sigh. He put his hands behind his back and said in a low voice, “Don’t worry. I will take revenge for you, but that will only happen after the northern region’s master recovers.”

...

This battle quickly spread throughout the southern province. Almost everyone had heard about this battle.

For a time, the news that Xiao Hai had forcefully crossed the death river and single-handedly resisted the entire northern land spread throughout the entire southern province.

Many people had voluntarily started to resist the northern land, which also gave the northern land's cultivators great pressure.

At this moment, Qin Yu was on wind bamboo mountain.

"I don't know what the Southern Region will do next," Qu Zhu said with a sigh.

Qin Yu nodded and said, "The initiative is not in our hands. It depends on the actions of the northern land."

"Don't even think about it. The northern land will certainly invade the southern region. Just wait and see," Iron Egg said with a sneer.

Qin Yu glanced at him and said, "Why do you say that?"

Iron Egg said coldly, "The northern border is the last line of defense. Moreover, they suffered heavy losses in this battle. How could they not think of a way to make up for it?"

"The only way to make up for it is the southern region."

Qu Zhu nodded slightly and said, "What Iron Egg said makes sense."

Hearing this, Iron Egg narrowed his eyes and said coldly, "Kid, you'd better not call me Iron Egg."
