

My Rich Wife - Chapter 1691 - 1700

Chapter 1691: Chapter 1,691. Xiao Sheng won by 1

After the drop of blood essence entered, the light became even bigger. It was actually going to swallow the Luo Sheng sect!

Everyone was shocked. The Luo Sheng sect had never had any countermeasures. Now, Zhao Jing was actually going to break the Luo Sheng sect? !

“Xiao Sheng, you must die today!” Zhao Jing raised his head and roared. His hair danced wildly, and all of his internal Qi was pressed into the light!

Xiao Sheng’s expression was extremely calm. He looked coldly at Zhao Jing, and his other hand moved.

This was his left hand. His left hand moved in the air, and then gently pressed in Zhao Jing’s direction.

“Boom!”

The Space Zhao Jing was in instantly collapsed!

Zhao Jing, who was in this space, had countless broken bones. His internal Qi instantly became unstable, and his face was extremely pale!

Even if he wanted to control the light, under the power of this space, his bones were almost crushed!

“Ah! !”

Finally, Zhao Jing couldn’t take it anymore!

He raised his head and roared, kneeling on the ground!

The light formed by his blood essence also disappeared.

Everything returned to normal. Zhao Jing fell to the ground, looking terrible.

His internal Qi was already unstable, and he looked like he was on the verge of death.

After sacrificing such a large amount of blood essence, Zhao Jing no longer had any fighting strength left!

“He lost. He really lost... at the reversion void stage.” In the dark, everyone couldn’t help but sigh.

No one had expected this battle to end like this.

Xiao Sheng had defeated the reversion void stage with his mighty realm cultivation. If news of this spread, it would probably shock the entire holy region.

Just as Xiao Sheng had said, no one below the reversion void stage was his match. As for the reversion void stage, he was not afraid.

“He really did it.” Qin Yu sighed slightly.

Zhao Jing, who had just entered the reversion void stage, was really too miserable.

The strange phenomenon behind Xiao Sheng disappeared. He walked step by step to Zhao Jing and looked down at him coldly.

A strong killing intent was emitted from his body. He slowly raised his palm and a powerful internal Qi instantly erupted.

Zhao Jing’s expression changed greatly. He hurriedly stood up and shouted with all his might, “Xiao Sheng, spare me. Don’t kill me!”

Xiao Sheng didn’t say a word. The radiance of his palm became more and more holy and pure.

“Don’t... Don’t kill me. I don’t want to Die!” Zhao Jing panicked. He had just stepped into the reversion void stage, and he wasn’t willing to die just like that!

“The northern lands have come to invade. There’s still a use for you to keep me alive. I... I’ll redeem myself!” Zhao Jing said desperately.

Xiao Sheng looked at Zhao Jing coldly and shook his head. “I’m not Xiao Hai.”

Before he finished speaking, that Ray of light instantly erupted and completely destroyed Zhao Jing’s head.

An invincible reversion void stage cultivator had become a headless corpse just like that. It looked extremely desolate as it fell to the ground.

“Sigh, Saint Xiao’s strength has far exceeded our imagination.”

“Yeah, I thought that he would definitely lose today. I didn’t expect...”

“Zhao Jing died just like that. It really makes one sigh.”

The people watching from the shadows couldn’t help but sigh. Some sighed while others gloated. However, most of them still felt shocked.

Qin Yu, who was not far away, remained silent. His heart was filled with mixed feelings.

Was this the chosen one of the Holy Region? It was too terrifying.

Even Qin Yu, who had always been conceited, could not help but feel shocked at this moment.

At this moment, Xiao Sheng’s gaze suddenly turned toward the void not far away.

The person hiding in the void instantly tensed up, and his expression was incomparably nervous.

Xiao Sheng quietly stared in that direction without saying a word.

A moment later, Xiao Sheng opened his mouth.

He said coldly, “If any of you still want to attack me, feel free to do so.”

When he said this, everyone was shocked!

What did Xiao Sheng mean by this? ! Could it be that there were other reversion void stage cultivators present? !

Xiao Sheng, who had just experienced a great battle, was actually provoking the other reversion void stage cultivators? !

No one spoke, and the scene was dead silent.

Those cultivators who had just entered the reversion void stage chose to escape in the end.

This battle had dispelled all their thoughts. In this golden era, they weren’t willing to take this risk.

The people in the dark left one after another, and everything fell silent.

However, the Heavenly Cloud sect had already been reduced to ruins, and it probably needed to be rebuilt.

Xiao Sheng looked at the ruins, and there was no expression on his face.

The deputy sect master ran over and stood in front of Xiao Sheng. He said excitedly, "Sect master, don't worry. I will get people to rebuild the Heavenly Cloud sect immediately!"

Xiao Sheng nodded slightly, agreeing with the deputy sect master's words.

The rest of the people in the sect also walked over. They surrounded Xiao Sheng and were all excited.

Following such a sect master was a kind of honor for them.

Qin Yu also stood in the crowd. He looked at Xiao Sheng and couldn't help but let out a bitter laugh.

If he had attacked him back then, he probably wouldn't have had the chance to escape, right?

"You actually did it." Qin Yu walked forward and couldn't help but sigh.

Xiao Sheng raised his eyebrows and said, "Is it very strange?"

"It is quite strange. At the very least, I think I can't do it." Qin Yu said without hiding anything.

Xiao Sheng shook his head and said, "I don't think so."

Qin Yu was stunned, then he smiled bitterly and said, "You really think highly of me..."

Xiao Sheng said indifferently, "In this world, I only recognize two people."

"One is my brother Xiao Hai, and the other is you."

"Qin Yu, I'm looking forward to fighting with you."

Qin Yu opened his mouth but didn't say anything. He just nodded and said, "Okay, that day will come."

Xiao Sheng didn't say anything more. With a few flashes, he disappeared from everyone's sight.

The deputy sect master ran over and said excitedly, "Qin Yu, the sect master really thinks highly of you! He actually compared you to Xiao Hai!"

Qin Yu sighed slightly. He didn't say anything as he turned around and left.

The deputy sect master looked at Qin Yu's back and couldn't help but mutter, "I really don't understand these people. It's so baffling."

...

After this battle, the entire southern region was talking about this matter.

Xiao Sheng, who had been silent for many years, was once again pushed to the cusp of the storm.

"Xiao Sheng is really too terrifying. As expected of the peak of the southern region back then."

"That's right. He used the mighty realm to kill a return to void stage cultivator. That's too terrifying!"

"If he were to step into the reversion void stage, who would be able to defeat him? I don't dare to imagine!"

"In that case, I'm not too worried about that elementalist. Xiao Sheng will definitely be able to kill him!"

Many people came here because of the fame and joined the Heavenly Cloud sect one after another.

This made the Heavenly Cloud sect, which had been in decline not long ago, once again become full of vitality.

Many people came because of the fame, even just to see Xiao Sheng once.

The deputy sect master was naturally so happy that he could not close his mouth. Such a grand occasion had never been seen except when the Tianyun sect was first established.

Chapter 1692: Chapter 1,692, the ancient underworld. Chapter 1, Satan

This wasn't just a feast for the Tianyun sect. It was also a feast for the entire southern region.

Everyone was celebrating, because they saw the hope of resisting the northern lands.

At this moment, Qin Yu was walking aimlessly on the streets.

His mind was filled with the scene of Xiao Sheng and Zhao Jing's battle.

Today, there were still people who were breaking through. The Sky would explode with light from time to time, mixed with the veteran cultivators who had entered the reversion void stage.

Qin Yu was already somewhat numb to all of this.

According to Xiao Sheng, when the Golden Age arrived, the laws of heaven and earth changed, and a great fortune was born in the world. Everyone's comprehension of the Dao became much simpler, causing more and more people to ride the wind and break through the waves, taking the opportunity to break through.

Qin Yu naturally wouldn't be disappointed because of this, but the more he thought about it, the more he couldn't figure out what the laws of Heaven and earth were, and who was the one who set the so-called great age.

"Sigh." Qin Yu sighed slightly.

He looked at the distant sky that was emitting a strange sight, and for a moment he was at a loss, not knowing what to do next.

The arrival of the great age had never been aimed at just one place, but the entire universe's laws of heaven and earth had changed.

Qin Yu couldn't help but think of a question.

Could it be that Earth was also welcoming the revival of Spiritual Qi? If that was the case, could the secret of the underwater world still be kept?

The more Qin Yu thought about it, the more curious he became. However, he didn't have the chance to return to Earth at all.

...

The northern lands.

In the cold wind, every cultivator could sense the changes in the northern lands.

They seemed to smell a trace of spiritual Qi in the cold wind.

Someone with a higher cultivation level had sensed this, so he had long since begun to cultivate in seclusion. Now, he was on the verge of a breakthrough.

That person was none other than the godly king of the northern lands, Sima Bei.

Sima Bei sat cross-legged there, and soon, a terrifying phenomenon condensed in the sky!

This phenomenon attracted everyone's attention, including Yong Ji, He Teng, and the others!

"This is a sign of stepping into the reversion void stage." He Teng narrowed his eyes and said in a low voice.

Yong Ji, who was at the side, frowned and said, "You can't be thinking of doing something, right?"

He Teng couldn't help but laugh mockingly at this.

He snorted lightly and said, "Why would I do such a despicable thing?"

Yong Ji didn't answer, but he scoffed in his heart.

He Teng put his hands behind his back and said indifferently, "Sima Bei is nothing in my eyes. So what if he has stepped into the reversion void stage?"

Yong Ji naturally did not listen to his bragging, but he was a little jealous.

"Sima Bei is probably the first person in the north to step into the reversion void stage," Yong Ji said in a low voice.

He Teng seemed to have thought of something at the side. He smiled faintly and said, "Speaking of which, you really have foresight."

Yong Ji frowned slightly and said, "What do you mean?"

He Teng sneered and said, "If you were still in the South Province, your so-called three uniques probably wouldn't count for anything now, right?"

"As far as I know, there are many people in the south province who have already stepped into the reversion void stage."

"They may not be a match for the three uniques when they are in the mighty realm. But now that they have stepped into the reversion void stage, what do you think you are?"

Hearing this, Yong Ji's pupils constricted!

He looked coldly at He Teng and said with a sullen face, "Is what you said true? Someone has already stepped into the reversion void stage?"

“That’s right. And it seems that not long ago, a person at the reversion void stage went to find trouble with Xiao Sheng.” He Teng said with a faint smile.

“Reversion void stage? Find Trouble with Xiao Sheng? Who Was It? What was the result?” Yong Ji asked impatiently.

He Teng put his hands behind his back and sighed, “Speaking of which, this Xiao Sheng is really terrifying. He actually used the mighty realm to kill that return to void.”

“I’m very curious now. Who gave you the confidence back then to make you dare to touch Xiao Sheng?”

After hearing he Teng’s words, Yong Ji’s entire face became extremely ugly.

His body was slightly trembling. He didn’t know whether it was because of Xiao Sheng’s terrifying strength or because of his ignorance in the past.

“How is this possible...” Yong Ji clenched his teeth. He was wide-eyed and incomparably furious!

He Teng said with a strange tone, “It doesn’t matter. Back then, I was the same as you. I was struck by Qin Yu many times. But what can I do? The person who lived to the end must be I, he teng. The one who can walk the righteous path must be i, he teng!”

At this moment, Yong Ji couldn’t listen to this nonsense. All he could think of was to quickly enter seclusion and cultivate.

Right at this moment, the strange phenomenon in the sky disappeared.

A powerful internal Qi rippled from not far away.

This internal Qi was extremely terrifying, something Yong Ji had never seen before!

Under this internal Qi, Yong Ji even felt a trace of inferiority!

“I’ve stepped into the reversion void stage,” he teng said from the side.

Yong Ji muttered in a low voice, “Is this the terrifying internal Qi of the reversion void stage... looks like it’s time for me to go into closed door cultivation...”

...

The southern region was vast and rich in resources. Along with the great changes in the world, many people also rose up with the wind.

The entire southern region became cheerful at this moment, and all kinds of businesses also erupted.

Walking on the streets, one could almost see many treasured herbs and even treasures that had been stored for many years.

Many auctions also welcomed the eruption. The auctions that were usually held only once every few months were now held every day.

Qin Yu walked to the entrance of an auction house and could not help but look over.

“Young Master Qin, do you want to go in and Try Your Luck?”

At the entrance, a lady dressed in muslin clothes said with a slightly flattering tone.

“A few days ago, a peerless divine weapon appeared here. Today, there are even treasures from the Central Plains,”the lady continued to say.

Qin Yu was not too interested and turned around to leave.

At this moment, the girl suddenly said, “Satan, go in and take a look. I heard that there is an auction for items from the ancient underworld today.”

“The ancient underworld?”Qin Yu frowned and immediately stopped in his tracks.

When he was on Earth, Qin Yu had heard countless rumors about Satan.

Before he stepped onto the path of cultivation, Qin Yu naturally did not believe those rumors. However, after experiencing so much, these rumors did not seem to be false.

Especially on Earth, Qin Yu had once forcefully saved old Mister Yan’s life. At that time, Qin Yu had indeed seen two black phantoms trying to take away old Mister Yan’s divine sense.

And today, Xiao Sheng had even asked Qin Yu to help him forcefully pull back Xiao Hai’s divine sense together with him!

This made Qin Yu have no choice but to believe in these myths and legends that once seemed absurd!

“Something from the ancient underworld? How do you know it came from the ancient underworld?”Qin Yu frowned and asked Satan.

The girl smiled and said, “I heard it from others. As for whether it’s something from the ancient underworld, it’s up to you, Young Master Qin, to decide.”

Qin Yu sized her up and said, "Are you lying to me?"

The girl covered her mouth and chuckled, "Young Master Qin, look at what you're saying. How would I dare to lie to You? Moreover, there are indeed many very mysterious people here today. You might as well go in and take a look."

Chapter 1693: Chapter 1,693, Shentu 1

Qin Yu had some doubts in his heart, but it wouldn't take long for him to participate in the auction. Besides, he didn't have much to lose, so Qin Yu agreed.

After entering the auction, Qin Yu took his number plate and found a place to sit down.

The entire auction was indeed packed with people. Many people seemed to want to get some opportunity to catch up with their fallen cultivation.

Qin Yu closed his eyes slightly. He spread out his divine sense and covered more than half of the auction.

Very soon, he sensed many powerful people.

Just as he was about to investigate further, his divine sense was suddenly cut off!

Before Qin Yu could come back to his senses, an ice-cold voice appeared in his mind. "Put away your divine sense. Don't give yourself trouble."

Qin Yu immediately frowned.

Using his divine sense to directly transmit his voice to him, such strength was absolutely terrifying!

Qin Yu followed the voice and looked not far away. He saw an extremely handsome young master with his eyes slightly closed.

And that voice seemed to be coming from his body.

There were not many people with such strength in the South Province, and there were even fewer people with such strength who were so young!

This was enough to prove that this young man probably did not come from the southern region!

Qin Yu retracted his divine sense and leaned back on his chair.

The arrival of such an expert meant that the woman was not lying.

There was probably some treasure that would appear in the auction today. As for whether or not it was the item from the ancient underworld that Satan mentioned, that was unknown.

Time passed by slowly. After a long time, the auction finally began.

The items up front were all very ordinary. Although they were also treasures, they were not rare enough. Hence, the atmosphere of the auction was a little cold.

Qin Yu's eyes would occasionally look at the young man. He saw that the young man was the same as Qin Yu. He had no intention of making a move.

He closed his eyes slightly. He didn't even have the intention to look at the young man.

"This person is probably here for the item of the ancient underworld," Qin Yu thought to himself. He was afraid that Satan was here for the item of the ancient underworld.

After a long time, the auction had come to an end.

At this moment, someone on the stage walked up with a huge box.

The box looked extremely ancient, and it had traces of dust on it.

Other than that, one could feel traces of internal Qi on the box. The internal Qi was cold and chilling, causing one to shiver.

Qin Yu's eyes stared at the box on the stage. He extended his divine sense, trying to sense something from it.

Unfortunately, Qin Yu's divine sense could not penetrate the box.

Qin Yu did not give up. He tried to activate the desolate divine eye and a beam of light shot towards the box.

However, the result was still disappointing. Even the desolate god eye was unable to penetrate the box.

"This item is indeed extraordinary," Qin Yu thought to himself.

Following that, Qin Yu looked in the direction of the youth.

As expected, the youth opened his eyes and looked at the box.

His eyes emitted a greedy glow. Clearly, he had come here for the box.

Qin Yu did not know whether to be happy or sad. Since he had noticed the chest, it meant that it was indeed a treasure.

However, with Qin Yu's strength, he was not his match. Even if he could get the chest, he might not be able to take it with him.

Maybe it's not a treasure. It's just that this chest is a little strange, Qin Yu thought to himself.

Soon, the host on the stage spoke.

He looked at the box in front of him and said, "I believe that everyone has heard of it. Rumor has it that this item originated from the ancient underworld of Satan. Of course, whether it's real or fake still needs to be determined by everyone."

"No need to talk nonsense. Open the box," the young man said impatiently.

The host shook his head and said, "I'm sorry. The owner of this treasure said that this box can not be opened."

"Not allowed?" The young man's expression turned cold. With a light tap of his finger, the box immediately let out an explosive sound!

In the next second, the box was suddenly opened!

An extremely cold internal Qi instantly swept through the entire hall!

Under the young man's powerful technique, the contents of the box actually floated straight into the air!

"You can't do this, our auction..."

"Bang!"

Before the host could finish his words, the young man raised his finger, and his powerful internal Qi instantly sent the host flying!

Seeing this scene, Qin Yu immediately frowned.

It was called an auction, but this young man was no different from snatching!

"Since you've come to the auction, you must abide by the auction's rules!"

“That’s right, are you trying to snatch something? Aren’t you going a little too far by doing this!”

“If you continue to do this, then don’t blame us for being impolite!”

Even the owner of the box hurriedly rushed up to the stage and looked at the young man with vigilance.

However, the young man didn’t care at all. He swept his gaze across the crowd and then shouted angrily, “Do you all want to die! ?”

With an explosive shout, a terrifying internal Qi instantly erupted out. It was incomparably terrifying!

This young man had most likely already stepped into the reversion void stage!

Qin Yu frowned. He did not know the background of this young man, but he was certain that this person must have come from some great aristocratic family.

“Young master, the clan head has said before not to stir up trouble outside. It’s better to forget it. This thing is definitely ours.” At this moment, the old man beside him suddenly stood up and said.

After hearing these words, the young man restrained himself.

He snorted coldly and sat down again.

Seeing this, everyone couldn’t help but heave a sigh of relief. However, the gazes they used to look at him became more vigilant.

The emcee had been injured by his finger, so he had no choice but to change the emcee at the last minute.

Since this box had already been opened, there was no need to keep it anymore. He simply picked up the thing inside and showed it to everyone.

Qin Yu glanced at it and saw that it was a token.

The token looked quite old and there were some strange characters engraved on it.

And at the center of the token, there were two lines of words.

The first line was written with the three words “Satan”.

As for the second line, it was a person’s name, Shen Tu.

When he saw the two words “Shen Tu”, Qin Yu immediately stood up and stared at the token!

To the holy region, the word ‘god Tut’ might be unfamiliar, but to Qin Yu, it was extremely familiar!

On the other side of the starry sky, Qin Yu knew about the legend of God Tut.

Satan was indeed from the underworld, and he was even one of the Five Emperors of the underworld!

“Could it be that... this token really came from the ancient underworld...” Qin Yu was extremely shocked!

If Satan was really from the ancient underworld, then wouldn’t it be highly possible that the legends on Earth were true? !

At this moment, Qin Yu’s spatial magic artifact suddenly moved.

Qin Yu hurriedly sent out a strand of divine sense into the spatial magic artifact.

In the Spatial Magic Artifact, the venerable fifth mountain was shining!

Chapter 1694: Chapter 1,694, tears of the exalted

Back on Earth, Qin Yu had once heard rumors that the Heavenly Court had established Satan in the East Peak.

All along, there had been countless rumors regarding the east peak, but they were only limited to rumors.

But now, the venerable fifth mountain in Qin Yu’s hands had actually reacted with the divine tea token!

“Could it be that those rumors are true...” Qin Yu muttered in a low voice, feeling even more incredulous!

At the same time, this also caused Qin Yu’s interest in the token to grow even stronger.

Regardless of whether this was related to the rumors on Earth or not, it was enough to prove that the divine tea token on the stage was definitely not simple!

Not far away, the young man's gaze also became increasingly fiery. The corners of his mouth curled up, as if he was determined to obtain it.

This caused a bad premonition to arise in Qin Yu's heart. His face was gloomy and he did not say a word, as if he was calculating the gains and losses.

At this moment, the host on the stage spoke.

He held the divine tea token in his hand and looked somewhat unnatural.

Then, he hurriedly put the token back into the box and said, "According to the owner's request, the owner of the token has to decide for himself."

"Barter?"

Hearing this, the people participating in the auction immediately discussed animatedly.

"When I came here, I didn't hear of such a rule."

"Yeah, barter. We weren't prepared at all."

"Damn, I prepared so many spirit coins. Isn't it a waste of time?"

"Sigh, forget it. Such an item probably wouldn't fall into our hands. Even if we were lucky enough to obtain it, it wouldn't be an opportunity, but a calamity."

Hearing this, everyone's gazes once again turned towards the young man.

The strength that the young man had unleashed was definitely not something that they could compare to.

What was even more terrifying was his age. To have such a cultivation at such a young age, who knew what kind of background he had behind him!

"The auction of the token has officially begun," the host said.

As the sound of his voice faded, people began to take out their treasures.

"I'm willing to exchange a sacred dragon mushroom for that token!" Someone shouted.

"Sacred Dragon Mushroom?"

As soon as he said this, everyone was shocked!

The Sacred Dragon Mushroom was a special spiritual medicine. Rumor has it that it grew in the sky and was nourished by the air.

Because its appearance was like a divine dragon, it was named the Sacred Dragon Mushroom.

“It seems that these people are well-hidden,”Qin Yu thought to himself.

He had heard of the Sacred Dragon Mushroom. It was definitely a supreme treasure!

They had taken out such a treasure at the beginning of the auction. It seemed that the auction was not that simple.

“The Sacred Dragon Mushroom is nothing. I am willing to use the absolute beginning clouds to exchange for this item!”At this moment, someone shouted.

Hearing this, everyone was even more shocked!

The absolute beginning clouds! It was said to be the first wisp of divine glow from the absolute beginning clouds! It was a true supreme treasure!

Of course, there were many rumors about the absolute beginning glow, but that was only limited to rumors.

Compared to the absolute beginning glow, the Holy Dragon Ganoderma suddenly didn't seem as alluring.

And the owner of the token had a strange glint in his eyes. He didn't seem to think that this token would be able to exchange for so many treasures!

Then, someone else took out their most precious treasures.

Immortal Iron, Poison Scripture, Long Yan, and so on. All kinds of treasures appeared one after another, which shocked everyone!

Qin Yu was no exception. He didn't expect these people to have so many treasures in their hands!

The owner of the token was getting more and more excited. He couldn't wait to agree immediately.

However, this thing had already been taken to the auction, so it naturally had to follow the arrangements of the auction and follow their rules. Therefore, he could only be anxious at the side.

The young man not far away had a calm expression, and the corner of his mouth still hung a trace of an extremely confident smile.

It was very obvious that this person was hiding an even more alluring treasure in his hands!

Qin Yu did not make a sound either. He rummaged through the cabinets and found many supreme treasures, even the Huangji Buddha Flame!

However, before that young man made a move, Qin Yu would definitely not make a move, revealing his trump card.

As time passed by, everyone made their move and took out all sorts of treasures.

Soon, the scene quieted down. Those who should have made their move seemed to have already made their move.

Qin Yu's gaze turned towards that young man.

The smile on that young man's face became even wider.

It was very obvious that the treasures these people took out did not enter his eyes at all!

This immediately caused Qin Yu to have a bad premonition in his heart. He frowned and quietly looked at the young man.

Finally, the young man spoke.

He said indifferently, "As expected, a small place like the South Province doesn't have any treasures to speak of."

The moment these words were said, it immediately caused everyone to be dissatisfied, but at the same time, it also caused people to be shocked.

Following that, the young man's mind moved, and he took out a colored glass that was like a teardrop.

This glass is very small, in his palm like a drop of water.

But it is such a thing, its internal Qi, but is incomparably sacred and ancient!

A true ancient treasure! That internal Qi can not deceive a person!

"What is this?"

The people at the scene are confused, can not help but look at his palm.

The young man sneered and said, "See so for myself, this is a dream glass!"

"See so for myself? What is that?" Everyone's brows furrowed even tighter.

The young man snorted and said, "They don't even know about it. They're just a bunch of country bumpkins."

"Brother, please tell us what this see so for myself is for." The owner of the token asked anxiously.

The young man laughed coldly and said, "See so for myself? This is a true item from an ancient god. Rumor has it that it's a tear from an ancient supreme in the galaxy!"

"Supreme cultivator? Ancient supreme cultivator?"

"That is an existence that surpasses true saints!"

"Rumor has it that the breath of an ancient supreme cultivator can destroy all living beings and make thousands of stars lose their radiance instantly. Although it is not as powerful as a cultivator at the tribulation stage, it is definitely an existence that transcends the ages!"

"A tear from him can be said to be a saint artifact!"

Qin Yu could not help but be shocked when he heard this!

This glazed dream was a magical artifact, and its power was almost no weaker than a saint artifact!

With such a treasure, he could basically run amok in the Southern Region!

"Good, good, I Want This!" The owner of the token said impatiently.

When the young man heard this, a proud smile immediately appeared on his face.

"Alright, let's announce the results." The young man said to the host with great confidence.

The host smiled and said, "Is there anyone else who wants to compete for this item?"

There was silence below the stage. Qin Yu sat there with his brows tightly furrowed. His face was filled with conflict.

"This is veluriyam dream. There's no need for you to take out the scrap metal in your hands," the young man said with a faint smile.

The host saw that no one had spoken for a long time, so he smiled and said, "Alright, then I'll announce..."

"Wait!"

Just then, Qin Yu shouted.

Chapter 1695: Chapter 1,695, Divine Dragon Blood 1

Qin Yu's voice immediately attracted everyone's attention.

The young man's expression turned even colder.

He looked at Qin Yu and said coldly, "It's You Again?"

Qin Yu ignored the young man. He looked at the host and said, "I have something in my hand too. I want to take it out and try it out."

"You? What can you have? How dare you snatch an unknown thing from me?" The young man coldly berated.

The host on the stage smiled and said, "Okay, please take out your replacement item."

Qin Yu took a deep breath. After thinking for a while, he took out a small bottle from the spatial magic artifact.

This bottle wasn't big. It was only the size of a palm, but it was filled with red blood.

A wave of corpse qi rushed at him, followed by a strong sense of oppression!

"What is this thing?"

For a moment, the thing in Qin Yu's hand attracted the attention of countless people. Even the young man frowned.

He asked the old man beside him, "What is the thing in his hand?"

The old man bowed slightly and said, "I'm afraid it's Saint Blood?"

"Holy Blood? This kid actually has holy blood?" The young man appeared somewhat surprised.

The host on the stage also asked, "What is this thing?"

Qin Yu held the bottle with one hand and then said in a deep voice, "This is dragon blood."

"Dragon Blood? What Dragon Blood?"

"The Blood of the demonic beast of the Green Rock Forest?"

"Qin Yu seems to have stayed in the green rock forest for a period of time. It doesn't seem strange that he could get the blood of such a demonic beast."

"But... The Blood of this demonic beast doesn't seem to be worth taking out, right?"

In the face of everyone's doubts, Qin Yu said in a deep voice, "This is the blood of the Divine Dragon, taken from the Dragon Burial Cave."

As soon as these words were said, everyone's eyes instantly widened!

Even that young man suddenly looked at Qin Yu!

"Dragon Burial Cave? This is the blood of the Divine Dragon from the Dragon Burial Cave?" The young man stared at the bottle in Qin Yu's hand!

There were too many rumors about the dragon burial cave. It was a place where even a saint would die if he entered!

Rumor has it that the dragon burial cave was filled with ancient divine dragons. It was extremely terrifying!

"Impossible!" The young man said coldly.

"Even we can't leave the dragon burial cave unscathed, let alone you! If you went to the Dragon Burial Cave, How Could You Come Out Alive!"

Qin Yu's expression didn't change as he said, "This is indeed obtained from the dragon burial cave. As for how I came out, I don't think I have to tell you."

"Hahahahahaha! You really don't know how to Brag!" The youth mocked.

"Do you know what the Divine Dragon Blood Means? A drop of its blood can kill you! It's not something a person like you can touch!"

Qin Yu did not say anything. He opened the bottle in his hand and an extremely sacred internal Qi gushed out.

Under this internal Qi, everyone felt as if they had seen a god. Some even knelt down on the spot!

After sensing this internal Qi, the expression of the old man beside the young man changed slightly.

“Young master, this is probably the true divine dragon’s blood,” the old man took a deep breath and said in a low voice.

The young man gritted his teeth and said, “How could he have the Divine Dragon Blood!”

“Young master, you don’t have to be anxious. This is a good thing for us. It’s an unexpected gain,” the old man reminded him faintly.

The young man narrowed his eyes slightly, as if he understood the old man’s meaning.

He sneered and said, “What you said makes sense. This kid actually has such a supreme treasure on him. Interesting...”

Qin Yu didn’t say anything. He knew very well that once the divine dragon blood was taken out, it would definitely bring him trouble!

However, Qin Yu did want to obtain the divine tea token, so he could only take this risk now.

“Any drop of dragon blood can bring you great improvement. However, for ordinary people, this divine dragon blood can not be taken directly. It can only be used to refine medicine,” Qin Yu continued.

Then, he looked at the bottle in his hand and said, “If you use it, this small bottle of divine dragon blood can easily allow you to step into the reversion void stage, or even the higher true Saint Stage.”

As soon as he said this, everyone’s eyes widened!

This small bottle of blood could actually allow people to directly step into the reversion void stage or even the true Saint Stage? This was too inconceivable!

“What he said is true. I’ve heard of the rumor has it that many true sages wanted to enter the dragon burial cave to obtain the Divine Dragon’s blood, but they all died in the end.”

“If he really has the Divine Dragon’s blood in his hands, then it’s a true supreme treasure.”

“How could this Qin Yu have such an item in his hands? How did he obtain it?”

On the stage, the owner of the token was also slightly excited.

Nothing could compare to his own strength and realm.

If he could really step into the return to void realm or even the true saint realm, then not to mention the small southern region, he could even walk unhindered in the entire holy region!

“How do you prove that the blood in your hands is Divine Dragon Blood?” At this time, the host asked.

Qin Yu held the bottle, shook his head and said, “I don’t know how to prove it. I can only tell you that what I said is true. As for whether you believe it or not, I have no choice.”

Speaking up to this point, Qin Yu glanced at the young man not far away, he said indifferently, “Just like how do you prove that the dream glaze in his hand is real? If he trades a fake for the token in your hand, what can you do?”

“Compared to an arrogant and despotic person who I’ve never met before, I think you should trust me more.”

A few words instantly made that young man furious!

Just as Qin Yu said, the dream glass in his hand was indeed a fake! But it could also be considered the best of the fakes!

Now that it was exposed by Qin Yu in public, how could he not be angry in his heart!

“Kid, you’d better not talk nonsense,” the young man said coldly.

Qin Yu couldn’t be bothered with him at all. He knew clearly in his heart that after experiencing this matter, he had already offended him, so there was no need to give him any face.

“How you decide is up to you,” Qin Yu said.

After saying this, he sat down.

The owner of the token on the stage seemed to be a little conflicted.

A moment later, he suddenly said, “Qin Yu, you’ve made great contributions to the South Province and saved us many times. I’m willing to believe that what you said is true!”

Qin Yu immediately heaved a sigh of relief when he heard that.

He smiled and said, "Don't worry, what I said is true. If you're willing, I can use dragon blood to refine medicine for you."

That master was immediately delighted and hurriedly said, "Thank you, Young Master Qin!"

The host at the side smiled and said, "Is there anyone else who wants to offer other treasures?"

The scene was silent, but that young man's expression was incomparably cold.

At this moment, a voice sounded in Qin Yu's mind.

"Kid, have you considered the consequences of snatching things from me?" The young man said coldly.

Chapter 1696: Chapter 1,696 was indeed at the reversion void stage

Qin Yu had already expected that he would not give up so easily, so he was not surprised. He only replied coldly, "It's just a fair competition between us."

"Fair competition? hahahahaha, do you have the right to compete with me on a fair basis?" The voice sounded again.

"Let me tell you, not only can you not keep Satan's token, you can not keep your dragon blood either."

After saying this, the voice disappeared.

Qin Yu knew that this young man was extremely dangerous, so he did not dare to stay any longer. He hurriedly got up and went backstage to exchange for the token.

Not far away, the young man coldly looked at Qin Yu's back and then said to the old man beside him, "Follow him."

"Yes, Young Master." The old man bowed slightly and then quickly followed.

Backstage, Qin Yu used a small bottle of dragon blood to get the token of Satan. Then, he hurriedly walked out.

As soon as he walked out of the door, the young girl who pulled Qin Yu into the room greeted him warmly, "How is it? Young Master Qin, did you get anything?"

Qin Yu hurriedly nodded at her. Then, he directly used the line word formula and shot into the distance.

He didn't know his goal, but he just wanted to get as far away from this place as possible.

In the blink of an eye, Qin Yu had already shot out for several hundred Li, but even so, Qin Yu didn't dare to stop at all.

"There's no need to escape. You can't escape."

At this moment, the young man's voice exploded in Qin Yu's mind!

This caused Qin Yu's expression to immediately change! He stopped in his tracks and looked around nervously.

Not long after, the young man and the old man walked out.

The two of them stood in front of Qin Yu with playful smiles on their faces.

Their eyes were like a cat catching a mouse, making people extremely uncomfortable.

"Do you think you can escape?" The young man said indifferently.

Qin Yu's brows were tightly furrowed, and his heart was incomparably shocked!

Along the way, Qin Yu did not stop at all. With the support of the line word formula, his speed was even faster to the extreme.

But even so, they still caught up silently!

"Run, keep running," the young man said with a sneer.

Qin Yu didn't say a word. He looked at the two people in front of him vigilantly, and the internal Qi on his body was quickly adjusted to the extreme.

"Young man, don't waste your energy. With Your Realm, you have no chance of fighting back in front of us. You'd better hand over the thing obediently," the old man said with a smile.

Qin Yu narrowed his eyes and said, "Hand over the thing. Will you let me go?"

“Hehe, of course not. But we will consider leaving you a complete corpse.”The old man said with a faint smile.

Qin Yu said coldly, “Then why are you wasting your breath with me? Do it.”

“I’ve said it. In front of us, you have no room to resist.”The old man shook his head and said.

Qin Yu sneered, “How would we know if we don’t try?”

“Sigh.”The old man sighed slightly, and then said, “Since you are so stubborn, then don’t blame me for being impolite.”

After saying that, the old man suddenly stretched out a palm and gently cut through the air.

In an instant, the DAO technique appeared, and a radiance that was like a steel knife directly approached Qin Yu’s face!

This internal Qi was incomparably terrifying, and it shattered the void, leaving behind one clear mark after another in the air!

Qin Yu naturally wouldn’t be negligent. Golden light erupted from his entire body, and his right fist was raised. He clenched his dao technique, and with a single punch, he crushed everything in his way!

Boom

An enormous radiance exploded at this moment, and swept out in all directions!

The old man’s mark actually shattered under Qin Yu’s Golden Fist!

A terrifying aftershock swept out in all directions, and Qin Yu was forced back a few steps.

On the other hand, the old man was quite relaxed, but his face was full of surprise!

“Oh? You have some ability...”the old man said in surprise.

The young man beside him also snorted coldly. “No Wonder You Dare to challenge us. So you have some ability, but unfortunately, you will still die today.”

Qin Yu’s face was somewhat cold. The internal Qi on his body continued to increase and soon reached its limit!

In the next second, the old man suddenly disappeared. His palm pierced through the air and directly grabbed at Qin Yu's head!

Such a fast speed made it impossible for Qin Yu to dodge in time. He could only quickly turn his head to the side and Dodge this fatal attack!

The old man's palm fiercely slapped onto Qin Yu's shoulder, instantly emitting an explosive sound like steel clashing!

"Eh?"

The old man was instantly even more surprised. He lowered his head to look at his palm, only to feel that his palm was shaken until it was in pain!

"What's Wrong?"The youth at the side asked.

"What a tough body,"the old man said with a frown.

He glanced at Qin Yu and said, "I'm afraid this boy's body is not weaker than the reversion void stage. In fact, it's even tougher than the ordinary reversion void stage."

The young man sneered and said, "I'm afraid it's because of the effect of the dragon's blood."

The old man nodded slightly and said, "Maybe."

"Well, don't waste time with him. Father said not to stir up trouble outside. Kill him quickly and get the thing,"the young man urged.

The old man nodded slightly, and then looked at Qin Yu coldly.

At this moment, his internal Qi had exploded to the extreme, and a terrifying sense of oppression assaulted his face!

Reversion Void Stage!

Qin Yu's expression changed greatly! As expected, this old man was a genuine reversion void stage!

In front of a reversion void stage, Qin Yu didn't have any power to resist!

"What, are you afraid?"The old man noticed Qin Yu's strange behavior and sneered.

Qin Yu didn't say anything. Since things had come to this, even if he couldn't win, he still had to give it a try.

Qin Yu's body suddenly shook, and the fighting word formula was instantly activated!

At the same time, he flipped his palm and took out the return to void pill!

Once he saw that things weren't going well, he immediately swallowed the return to void pill!

"Weng!"

At this moment, the old man had already formed a seal!

Tens of thousands of lights gathered in his palm like a bouquet of flowers. A terrifying pressure spread rapidly in all directions, and everything in the surroundings seemed to be shattered!

This kind of internal Qi was probably even more powerful than Zhao Jing's!

"Brat, you can go and die now," the old man said coldly.

After he finished speaking, he flipped his palm and pressed down in Qin Yu's direction!

In an instant, tens of thousands of rays of light closed in on Qin Yu. That space was instantly shattered, revealing a pitch-black void!

Under this powerful pressure, Qin Yu felt as if his entire body weighed tens of thousands of Jin. He was completely unable to resist!

He gritted his teeth and raised his head to roar furiously. The golden light erupted to the extreme, and he planned to fight to the death!

But even so, Qin Yu's strength was still insignificant! There was no way to resist!

At this critical moment, a black void suddenly appeared in front of Qin Yu!

The void was like a huge door, swallowing the thousands of rays of light!

Everything in the surroundings instantly fell silent, as if nothing had happened.

Chapter 1697: Chapter 1,697, the ancient underworld and the ancient Heavenly Court, Chapter 1, Satan

"HMM? There's another top-notch martial artist?" The old man's face was filled with surprise when he saw this.

Qin Yu could not help but be slightly startled. He looked at the black void that was slowly disappearing in front of him and quickly recognized this technique. It was none other than Xiao Sheng's Rashomon!

Soon, Xiao Sheng, who was dressed in long clothes and had long hair, walked over from a short distance away.

His footsteps were quite slow, and the internal Qi on his body was not strong. It was impossible to tell that he was a top expert.

"Meddling in other people's business?" The young man said with a cold face.

Xiao Sheng did not say anything. He walked to Qin Yu's side and stopped.

"You... Why are you here?" Qin Yu could not help but be a little surprised.

Xiao Sheng did not say anything. He just looked at the two people opposite him.

"What do you mean by this, sir?" The old man asked.

Xiao Sheng faintly smiled and said, "To save people."

"Save people? Do you know who we are?" The old man said with a cold face.

Xiao Sheng faintly smiled and said, "No matter who you are, this is the South Province."

"What? Do you think the South Province is your territory?" The young man said somewhat angrily.

Xiao Sheng put his hands behind his back and said, "You can say that."

"I think you're courting death!"

The young man shouted and charged straight at Xiao Sheng!

Xiao Sheng was unhurried and raised his palm to meet the attack.

"Boom!"

A terrifying airwave instantly spread out. The young man was actually forced back a few steps by Xiao Sheng!

The old man's expression became even colder. He looked at Xiao Sheng in front of him and said, "Sir, do you really want to go against us? Have you considered the consequences?"

Xiao Sheng smiled and said, "I will definitely save him. You can try."

"You!" The young man gritted his teeth, but he did not act rashly. He only sneered and said, "You will regret what you did today."

"Perhaps." Xiao Sheng was not flustered.

The old man narrowed his eyes and said, "You will definitely pay the price for offending us."

After saying that, he looked at Qin Yu and sneered, "Keep the things with you for the time being. We will get them back. See You Again."

After saying that, they turned around and left. They were very straightforward and didn't stay for a second.

After they left, Qin Yu looked at Xiao Sheng and said, "Thank you."

Xiao Sheng shook his head and didn't say anything else.

Qin Yu said worriedly, "I'm afraid these two people are not from the South Province. I'm afraid they have some big background. You..."

Qin Yu didn't finish his words, but his intention was very obvious.

If they took revenge on Xiao Sheng, it would be a disaster.

"No worries, don't worry," Xiao Sheng said.

Qin Yu smiled bitterly. He cupped his hands to Xiao Sheng and said, "I will never forget the favor of saving my life."

Xiao Sheng glanced at Qin Yu and smiled without saying a word.

He raised his hand and gently patted Qin Yu's shoulder. Then, he turned around and left.

Looking at Xiao Sheng's back as he left, Qin Yu had mixed feelings.

This Xiao Sheng was really strange. No one could figure out what he was thinking.

I hope they won't come too early, Qin Yu thought to himself.

Qin Yu didn't dare to stay any longer and hurriedly turned around to leave.

He planned to find a place to study the connection between this token and the venerable fifth mountain.

...

In the northern lands.

The Dead River became narrower and narrower. It was more than a thousand feet long at the beginning, but now it was only a few dozen meters long.

The speed of change was too fast, making it impossible for people not to worry.

Sima bei and he teng stood on the side of the Dead River and quietly looked at the other side.

"According to this progress, the Dead River will disappear very soon,"Sima Bei said quietly.

He Teng, who was by the side, said, intentionally or unintentionally, "Now that you have already stepped into the reversion void stage, I want to conquer the South region. I don't even need the master to make a move."

Sima bei's expression changed slightly. He glanced at he teng and said, "I will not make a move against Saint Xiao."

"Why? Are you afraid of Him? You are now at the reversion void stage."He Teng smiled faintly.

Sima bei did not say anything. He naturally had the thought of challenging Xiao Sheng.

Even when he first stepped into the reversion void stage, his first thought was to go to Vietnam to fight Xiao Sheng.

But when he heard that Zhao Jing was defeated by Xiao Sheng, this thought immediately disappeared without a trace.

"How is Yongji Now?"At this time, Sima Bei suddenly changed the topic.

He teng smiled and said, "Yongji is, after all, once the top person in the southern region. His talent doesn't need to be mentioned, and he works extremely hard. I think it won't be long before he can step into the return to void realm."

Sima bei did not speak, but the expression on his face was somewhat strange.

He Teng seemed to have seen through his thoughts and immediately said, "You plan to let Yongji Take Action?"

"That's right." Sima bei did not hide his thoughts.

"Hasn't he always wanted to prove himself? This opportunity is given to him."

After saying this, Sima bei turned around and left.

He Teng, however, sneered in his heart. No one knew what he was thinking.

...

Qin Yu found an inn and temporarily stayed there.

He pointed with his finger, and a ray of light fell on the door, completely sealing the room.

Following that, Qin Yu took out the divine tea token from the spatial magic artifact.

At this moment, the token was extremely quiet, but it was indeed emitting a strong dark energy.

Qin Yu sniffed hard. The purity of this dark energy was something that Qin Yu had never encountered before.

"Could it be that the ancient underworld really exists?" Qin Yu couldn't help but frown. Satan was a legendary figure.

There were many legends about the divine tea on earth, but the timing didn't match at all.

The divine tea was only a figure from a few thousand years ago, and this divine tea token probably had a history of tens of thousands of years or even hundreds of thousands of years.

Following that, Qin Yu took out the venerable fifth mountain.

He placed the venerable fifth mountain and the divine tea token together, and in an instant, both the token and the venerable fifth mountain began to emit light.

The two streams of light interweaved, as if forming some kind of connection, as if they were going to be resurrected on their own!

Qin Yu was instantly shocked. He sat at the side, not daring to move, quietly watching the interaction between them.

But this light continued for a long time, but there was no next step.

“What’s going on?” Qin Yu frowned slightly. He wanted to find a connection between them, but he had no clue.

Qin Yu tried to activate the token, but unfortunately, it had no effect.

“This token of Satan... how should I activate it? Why does that young man want this token so badly?” Qin Yu stroked his chin and pondered for a long time.

“Could it be... that this token is the key to the ancient underworld?” A bold idea suddenly popped up in Qin Yu’s mind!

This was because the venerable fifth mountain itself was related to the underworld, and the token of Satan could be connected to it. This made people suspicious!

This was just Qin Yu’s guess, but he was sure that Satan’s ancient underworld really existed!

As for where it was, no one knew.

“If Satan’s ancient underworld exists, then what about the ancient heavenly court? Could it be true as well?” Qin Yu couldn’t help but be startled. All sorts of rumors he had heard on Earth and what the Heavenly Court should look like quickly appeared in his mind.

Chapter 1698: Chapter 1698, Eternal Void Return! 1

However, Qin Yu soon felt that it was impossible. Even if the ancient heavenly court really existed, it was definitely not the same as the legendary scene.

Qin Yu finally put the token away. He put the token back into the spatial magic artifact and kept thinking about his guess.

After thinking about it, this seemed to be the only possibility.

“If I bring this divine tea token into the dragon burial cave, I wonder what effect it will have,” Qin Yu thought to himself.

In any case, he had already been planted with the east barren’s mark. In the future, he wouldn’t feel any psychological pressure when he entered the east barren.

“I shouldn’t enter the east barren for the time being. I’m afraid it’s already too late,” Qin Yu thought to himself.

The northern lands could make a comeback at any time. As for the young man he met recently, he didn’t know when he would attack. Therefore, Qin Yu didn’t have that much time.

He sat cross-legged by the wall as countless thoughts flashed through his mind.

Before this, Qin Yu had never thought that he had the qualifications to fight against an elementalist who was in an all-out state. This was because it was absolutely impossible for Qin Yu to step into the reversion void stage so quickly.

However, ever since he saw Saint Xiao make his move, Qin Yu changed his mind.

Since there was a chance of defeating an elementalist who was half-step into the reversion void stage, there might still be a glimmer of hope once he stepped into the half-step into the reversion void stage.

Therefore, Qin Yu decided to rush to the location that Xiao Sheng had given him the next day for closed-door cultivation.

The next day, Qin Yu set off early and rushed to his destination.

In the next few days.

There were still people making breakthroughs in various parts of the southern region. The number of cultivators at the reversion void stage, which had always been extremely precious, had actually reached 13 in the entire Southern Region!

This was an extremely terrifying number! If 13 reversion void stage cultivators were to make a move together, even elementalists would have to think twice!

“The great world has changed. My master has been stuck at the half-step reversion void stage for many years, unable to advance even half a step. However, in just a few short days, he has stepped into the reversion void stage in one go. How terrifying.”

“Yeah, our master is the same. Sigh, the changes in this world are really fast.”

“Let’s not talk about your master. The weakest member of our clan has been stuck at the early-stage of the Almighty realm for decades. Not long ago, he broke through in one fell swoop. It’s too terrifying!”

“Speaking of which... it’s truly a pity for senior Xiao Hai. With his talent, if he could live until today, who knows how terrifying his cultivation would be?”

For a moment, the southern region began to miss Xiao Hai, and they felt a strong sense of regret for him.

The northern lands.

They had naturally noticed the news of the great change in the world.

This could not help but make Sima bei worried.

The southern region was vast and had many cultivators. With the great change in the world, many people’s strength had improved qualitatively. With such a huge base, the northern region was instantly caught in a dilemma.

“This time, it won’t be so easy for the northern region to attack the southern region,” Sima Bei said in a deep voice.

He Teng, who was at the side, smiled faintly and said, “They are so timid, so why would they stop us?”

Sima bei shook his head and said, “That might not be the case. When their strength is weak, they are naturally unwilling to attack. However, once their strength reaches a certain level, their mentality will change.”

“Hahahaha!” In this regard, he teng could not stop laughing.

He placed his hands behind his back and said faintly, “Lord Sima Bei, you think too highly of them. I admit that what you said does indeed have the possibility of happening, but to them, we can easily disintegrate them from the inside.”

Sima bei did not say anything and waited for he teng to continue.

He Teng said indifferently, “First, the invasion of the northern lands will not cause them any harm. There is no point for them to make a move.”

“Second, even if they really make a move, the northern lands can give them a certain promise.”

“Think about it carefully. Now is the golden era. Everyone can deeply feel the changes between heaven and earth. In this era, everyone is filled with hope for the future. Other than people like Xiao Hai, who would be willing to risk their lives at this time?”

Sima bei did not say anything, but he felt that he teng’s words made some sense.

“Lord Sima Bei, you can rest assured that this will not have any effect on the northern lands.” He Teng said faintly.

Sima bei sighed slightly and said, “Let’s Hope so. If the northern lands loses this time, I’m afraid the consequences will be very miserable.”

Just as the two of them were talking, a ray of light suddenly flashed not far away!

Then, the northern sky began to be covered with dark clouds, and lightning flashed and thunder rumbled!

It was very obvious that another person was about to break through, and step into the reversion void stage!

“It’s the eternal limit,” Sima Bei said first.

He Teng said indifferently, “As expected of one of the three unique skills of the southern region, stepping into the reversion void stage in such a short period of time.”

The two of them did not say anything more, silently looking at the heavenly tribulation that condensed in the sky.

They were waiting, waiting for the breakthrough of the eternal pole.

After countless heavenly tribulation, the sky slowly regained its calmness. A powerful internal Qi immediately swept over the surroundings!

The power of this internal Qi even made Sima Bei’s heart tremble!

As both of them were at the reversion void stage, Sima bei even felt that the power of the eternal pole wasn’t weaker than him at all!

“He actually stepped into the reversion void stage as well...” Sima bei muttered in a low voice. He had a bad premonition in his heart.

He had always been worried about Yong Ji. Now that he had stepped into the reversion void stage, no one knew what he would do.

Right at this moment.

Yong Ji’s figure appeared in the sight of the two of them.

His footsteps seemed extremely slow, but in a few breaths’ time, he had already arrived in front of the two of them!

This speed, even Sima bei couldn’t help but be shocked!

Who Wasn't a genius! ! Yong Ji was known as one of the three unique, so he was naturally one of the most talented people in the southern region!

"Congratulations, Congratulations." He Teng was the first to break the silence, saying with a smile that wasn't a smile.

Sima bei also returned to his senses. He said in a neither servile nor overbearing manner, "I've finally stepped into the return to void realm. It can also be considered as adding a portion of strength to my northern lands."

Yong Ji did not say anything. He stared coldly at the two people in front of him. The Aura on his body was extremely strange and strange. Internal Qi was extremely powerful.

Sima bei frowned slightly. He adjusted his aura and was ready to make a move at any time.

After an unknown amount of time, Yong Ji finally spoke.

He clenched his fists and looked coldly at the opposite bank.

"This time, I want to make the southern region tremble. I want to let them know the consequences of offending me. I want to let them know just how strong I, Yong Ji, am!"

Yong Ji's voice was bone-chilling, causing the entire dead river to tremble!

Hearing these words, Sima bei KE finally heaved a sigh of relief.

His worries vanished into thin air, and a trace of a smile appeared on his face.

"Yong Ji, prove it to them." Sima bei struck while the iron was hot.

"Now that you have already stepped into the reversion void stage, you can go and fulfill your dream!"

"That Xiao Sheng is merely a half-step into the reversion void stage. You can chop him up like cutting melons and cutting vegetables! In this way, your reputation will definitely be greatly boosted!"

Chapter 1699: Chapter 1699, the so-called balance of yin and Yang 1

When he heard this, Yong Ji looked at Sima Bei coldly.

He raised his eyebrows and said, "Why don't you go find Xiao Sheng?"

Sima bei was stunned, and then he snorted coldly, "Why should I look for him? I don't care about the so-called reputation."

"Really?" Yong ji sneered, "You may not care about the reputation, but don't you care about the psychological trauma?"

After saying this, Yong Ji turned around and left.

Sima Bei's face was as dark as water, and he seemed to be very angry.

However, facing the current Yong Ji, there was nothing he could do.

...

After a few days, Qin Yu finally arrived at Xiao Sheng's destination.

Like other places where dark energy was prevalent, this place was also cold and desolate.

With a glance, it seemed to be a big pit.

Nothing could be seen inside the pit, only countless sand and stones.

Qin Yu walked into the pit. He bent down and picked up a handful of yellow sand and rubbed it in his palm.

Obviously, this was not some yellow sand, but sand and stones formed after the body and bones were crushed.

"It seems that this place was once a battlefield," Qin Yu sighed.

Without a battlefield, such dark energy would not have formed.

Qin Yu did not think too much about it. He sat down cross-legged and began to absorb the surrounding dark energy.

It had to be said that after the great change in the world, Qin Yu's cultivation speed had also increased greatly.

The dark energy surged into Qin Yu's body crazily. In just a few days, it had reached a balance with Qin Yu's spiritual Qi.

Such a speed was really shocking.

In just a few days, the dark energy in Qin Yu's body had reached saturation, and it seemed like he could step into the late stage of the Almighty realm at any time.

Qin Yu opened his eyes slightly. He tried to sense the dark energy around him, but what surprised him was that the dark energy here had almost disappeared!

"How could this be?" Qin Yu couldn't help but widen his eyes!

According to his own calculation, the dark energy here was enough for him to cultivate for a long time. It was impossible for it to disappear in a short period of time!

Qin Yu frowned. He tried to continue to absorb the dark energy, but to his surprise, the dark energy here was indeed gone!

This immediately gave Qin Yu a slight headache. He stood there with a frown and didn't say a word.

A moment later, he seemed to have guessed something.

"Could it be... after the great change in the world, the speed of absorbing the dark energy also increased?" Qin Yu took a deep breath.

At the same time, he also considered another terrifying fact.

After the great change in the world, the dark energy would become less and less because the spiritual Qi would become more and more.

The so-called golden age was when the yin and yang were not balanced.

When the world declined, the dark energy would flourish, and the golden age would flourish with the spiritual energy.

This was definitely not good news for Qin Yu.

It was already difficult to find the dark energy, and now it was even more difficult.

Other People's cultivation became simpler, but Qin Yu's cultivation became even more difficult.

This made Qin Yu not dare to waste any more time. He hurriedly left this place and rushed to the Tianyun sect.

Other than Xiao Sheng from the Tianyun sect, Qin Yu could not think of anyone else who could help him resolve his doubts.

After rushing all the way to the Tianyun sect, Qin Yu discovered that the number of people on the road to the Tianyun sect's courtyard had decreased by a lot.

Everyone seemed to be in closed-door cultivation, wanting to ride the wind and rise through the golden great world.

This immediately made Qin Yu even more anxious. He quickly rushed to the Cultivation Mountain and shouted loudly for Xiao Sheng.

A moment later, a passage appeared on the Cultivation Mountain.

Qin Yu rushed up the cultivation mountain and found Xiao Sheng who was comprehending dao under the tree.

"I'm really sorry to disturb you again," Qin Yu said with a slightly guilty expression.

Xiao Sheng turned around and said indifferently, "The dark energy there is not enough to support your cultivation?"

This time, Qin Yu was not surprised because he knew that Xiao Sheng must have expected it.

Therefore, Qin Yu didn't hide anything and immediately told Xiao Sheng what he was thinking.

After Xiao Sheng heard this, he smiled and said, "You are right. In the future, the dark energy in the world will become less and less. Of course, the dark energy will not completely disappear. In some places, even in the golden era, the dark energy will not disappear."

Qin Yu immediately asked, "Where?"

Xiao Sheng's jade-like fingers pointed towards the north.

"That place is ready-made." Xiao Sheng smiled.

Qin Yu frowned and said hurriedly, "Are we going to the north? I did have this idea, but I don't have senior Xiao Hai's ability. I can not forcefully cross the river of death."

"No one asked you to forcefully cross the river of death," Xiao Sheng said.

Qin Yu frowned and said, "Is there another way?"

"No," Xiao Sheng said.

Qin Yu: "..."

At this moment, Xiao Sheng changed the topic and said, "Wait until the river of death disappears, then you can go to the northern lands."

"Then it'll be too late!" Qin Yu frowned and said.

"What's too late and what's too late?" Xiao Sheng asked in puzzlement.

"Do you think that the war between the southern region and the northern lands is inextricably linked to you?"

Qin Yu opened his mouth, but was momentarily speechless.

"My views have always been different from Xiao Hai's. He always believed that everyone should get enough resources, and everyone should unite and help each other. In every battle, the key factor that determines victory or defeat is everyone's unity," Xiao Sheng said faintly.

"I understand and respect his thoughts. This is the result of the environment that he and I grew up in."

"But he didn't realize that generations have changed. The environment that everyone lives in has also changed. At this level, what do you think is the key factor that determines victory and defeat?" Xiao Sheng suddenly asked Qin Yu.

Qin Yu tried to answer, "The highest combat strength?"

"That's right," Xiao Sheng said plainly.

"The battle between the northern and southern regions will ultimately be between me and elementalists."

"So, go back to what you were supposed to do."

Even though that was the case, Qin Yu still felt a little worried.

Of course, he knew that what Xiao Sheng said was right, but that didn't mean that Xiao Hai was wrong.

This world was supposed to have many kinds of thinking. Only by coexisting could it be complete.

Therefore, in such a big battle, Qin Yu would never bet on anyone.

What was in his hands was real.

"What about the northern lands?" Qin Yu asked.

Xiao Sheng smiled and said, "The graves of the great cultivators at the tribulation stage are either somewhere in the ancient battlefield or the emperor's grave."

"The big graves of such cultivators are hardly affected by the heaven and earth. but which one of these three do you think you can find easily?"

Qin Yu didn't say anything and couldn't help but sigh slightly.

Xiao Sheng patted Qin Yu's shoulder and said, "You should go to the north. Besides cultivating, you might be able to do something else, or even get more."

Qin Yu smiled bitterly and said, "Sigh, maybe that's the only way. But before that, I don't think I'll just wait."

Chapter 1700: Chapter 1700: Xiao Sheng's thoughts 1

"The death river will disappear very soon," Xiao Sheng said to Qin Yu.

Qin Yu's heart tightened and he hurriedly asked, "How much longer?"

"In less than a month, the death river will completely disappear," Xiao Sheng said coldly.

Qin Yu frowned and said, "Then have you... stepped into the reversion void stage?"

"No." Xiao Sheng did not hide anything.

This made Qin Yu feel extremely uneasy.

One had to know that elementalists were not ordinary people at the reversion void stage. His strength definitely surpassed Zhao Jing's.

Just because Xiao Sheng could defeat Zhao Jing did not mean that he could defeat elementalists.

"Even if I can't defeat an elementalist, I can at least exchange one for one with him," Xiao Sheng suddenly said as if he had read Qin Yu's mind.

Qin Yu opened his mouth, feeling a little uncomfortable.

With Xiao Sheng's talent, his future was limitless.

It would be a pity if he were to exchange for one just like that. That was not what Qin Yu wanted to see.

Although an elementalist was strong, his cultivation method was destined to have a limited future. There was no need for Xiao Sheng to exchange for one with him.

“I finally understand why so many people did not want me to take the risk back then.” Qin Yu sighed slightly.

Then, he tried to ask, “Have you ever thought of trying to mobilize other people at the reversion void stage?”

Xiao Sheng scoffed at this.

He sneered and said, “I’ve never thought of pinning my hopes on others.”

Seeing this, Qin Yu didn’t say anything more.

“Just wait. A month’s time isn’t considered long,” Xiao Sheng said with a smile.

These words were true. For cultivators, a month was too short. Compared to a long life, it was almost negligible.

The lifespan of a cultivator at the reversion void stage was as long as two thousand years, and a mighty figure had a lifespan of more than one thousand years.

“I understand.” Qin Yu nodded and agreed. At the moment, there was indeed no other way.

After leaving the Heavenly Cloud sect, Qin Yu planned to go to wind bamboo mountain because Qu Zhu had also stepped into the reversion void stage not long ago.

However, he was not like Xiao Hai Jue Wu. No one knew if he would make a move.

They arrived at the wind bamboo mountain.

This place had already recovered its original appearance. It was unknown whether it was because Qu Zhu had stepped into the reversion void stage, or because of the great changes in the world, the scenery of the wind bamboo mountain had become even more beautiful.

Qu Zhu seemed to have sensed Qin Yu’s arrival a long time ago. He placed some food and wine in the bamboo forest and waited for Qin Yu.

When Qin Yu walked into the bamboo forest, Qu Zhu raised his hand and poured a glass of wine for Qin Yu.

Qin Yu slowly walked to Qu Zhu and sat down.

He went straight to the point and said, "The death river will disappear in a month."

"I know," Qu Zhu said.

"Xiao Sheng hasn't stepped into the reversion void stage. He might not be able to do so in the remaining month," Qin Yu continued.

Qu Zhu sneered and asked, "So?"

"So... he might not be a match for an elementalist," Qin Yu said in a deep voice.

Qu Zhu remained silent as he waited for Qin Yu to continue.

Qin Yu could only continue, "Big Brother Qu Zhu, with your strength, I believe that you can at least defeat an elementalist."

"You want me to make a move?" Qu Zhu asked.

Qin Yu grunted in gratitude and said, "I can't think of anyone else besides you."

Qu Zhu emptied the wine in his wine cup and said, "So many people have entered the reversion void stage during this period of time. Why Can't Saint Xiao Do It?"

Qin Yu was stunned and immediately felt a little surprised.

Qu Zhu continued, "Saint Xiao is no weaker than anyone else in his life. Regardless of talent or state of mind, he is far superior to others. How could he not be able to enter the reversion void stage after such a long time?"

Qin Yu frowned.

Qu Zhu was right. With Xiao Sheng's ability, it was impossible for him to step into the reversion void stage with such difficulty.

It was not because he was unable to step into the reversion void stage when the world was about to reach its end.

However, the world had changed greatly. It seemed that he could step into the reversion void stage at any time.

"I understand." Qin Yu suddenly understood something.

He looked at Qu Zhu in surprise and said, "Xiao Sheng wants to use the half-step into the reversion void stage to fight against an elementalist? He wants to test his limits?"

“That’s right.” Qu Zhu nodded.

“But isn’t the risk too great? The opponent is an elementalist after all. He is the master of the northern lands who has been sleeping for many years.” Qin Yu frowned.

Qu Zhu smiled and said, “Everyone has their own dao technique. Some people are born not to take risks and not to be radical. For example, I am.”

“And some people are born to put themselves on the edge of danger or even death. They can feel the true meaning of life from it. As the saying goes, if you don’t break, you can’t build.”

“Xiao Sheng is the latter. This is the DAO technique he cultivates. Why do you and I need to worry about it?”

Qin Yu opened his mouth and was immediately speechless.

“This guy is really crazy,” Qin Yu said with a bitter smile.

Qu Zhu sighed and said, “Yes, he and Xiao Hai are like two extremes.”

At this point, Qu Zhu changed the topic and continued, “And you seem to be the moderator between the two of them.”

Qin Yu did not say anything. He did not deny this.

“Why think so much? You should eat, drink, and take things one step at a time.” Qu Zhu patted Qin Yu’s shoulder.

Qin Yu grunted and said, “I understand.”

After leaving Qu Zhu’s place, Qin Yu planned to imitate Xiao Sheng and prepare to travel around the world.

However, just as he walked out of Wind Bamboo Mountain, an ice-cold internal Qi approached him.

This internal Qi was extremely familiar. It came from the northern lands!

Qin Yu’s expression turned cold. A killing intent immediately burst forth from his body as he quietly waited for the other party’s arrival.

In a short while, a person dressed in a black robe arrived in front of Qin Yu.

“You still dare to come to the southern state?” Qin Yu was the first to speak as he asked coldly.

The other party said with a faint smile, "Sir, there's no need to worry. I'm here under the orders of the godly monarch to issue a challenge to you."

"Challenge?" Qin Yu frowned slightly.

The other party nodded slightly and said, "That's right. The eternal limit godly monarch said that in a month's time, the northern border will not rest until one of us is dead."

"Eternal limit?" Qin Yu narrowed his eyes and could not help but sneer.

This piece of SH * t really did not give up on his evil intentions.

"By the way, I'll remind you that the eternal limit godly monarch has already stepped into the reversion void stage," the black-robed man said indifferently.

Qin Yu was not surprised. With Yongji's talent, stepping into the reversion void stage was definitely not a difficult matter.

"Go back and tell Yongji that I will wait for him in a month," said Qin Yu coldly.

The black-robed man said with a faint smile, "In that case, you have accepted the challenge?"

"What do you think?" Said Qin Yu with a cold smile.

The black-robed man said with a smile, "Alright. I hope that in a month, Mr. Qin will be able to abide by the challenge."

After saying this, the black-robed man turned around and left.

After he left, Qin Yu could not help but frown.

He sighed slightly.

He originally thought that this war would not have much to do with him, but now it seemed that it was still at the center of the storm.

"Looks like we can't waste any more time." Qin Yu sighed.
