

## Right Person 509

### Chapter 509 To the Hospital

Over the next few days, Nicole spent most of her time researching the so-called 'Z' medicine with Julia. However, she hadn't made any progress.

Still, there was news from the research center that the vaccine they previously researched had attained significant success, and it worked quite well in many tests. They would hold a press conference in a few days to announce this great news.

Nicole wasn't too happy about it, though. At the moment, her entire focus was on Hayden. Now that Hayden had turned into this, she had to find a way to save him!

During the experimentation process, Julia suddenly frowned in discomfort, but she didn't make a sound. She wanted to take a break before continuing with the experiment.

However, the pain coming from her stomach was so great that she couldn't help but whimper. By the time Nicole noticed it, Julia's face was already covered in a thin layer of sweat.

Nicole hastily went over to check. Julia's face was terribly pale, and her lips were also white as she tightly clenched her teeth.
