Chapter 529 Wedding Preparation

After sobbing for a while, Whitney took out her phone and searched for Nicole's phone number. Now that Aaron was not the company's representative, he would not need to stay in prison even if the household registration remained. For the past few years, she had earned a lot of money with the help of Nicole, Zachary, and her hacker skills; it was enough to raise Aaron.

However, Whitney felt she couldn't stay there any longer, as she didn't dare to face Douglas. When she saw him with Emily together, her heart ached in pain, which in turn made her feel as if she was a third-wheeler.

For some reason, Whitney's tears fell uncontrollably as soon as she heard Nicole's voice. She sniffled and said saddeningly, "I want to go back, Nicole."

When Nicole heard her words, she knew that something was off. So, she frowned and asked, "Did something happen?"
