Chapter 133

After the meal, Estella went straight back to the room to teach Yahir a lesson. This old fool dared to make Joseph angry. Well, she had to teach him a lesson. Moreover, Yahir seemed to go out often late at night and she had to teach him a lesson. If she didn't beat him up, she didn't know who was in charge of this family!

After Paige finished her meal, she insisted on going back to the company to work. She hadn't had her leave yet. She worked very hard. Joseph took Chloe downstairs to see Paige off.

Joseph looked at the Mercedes-Benz which was transported from Oplen driven by Paige. He frowned and said to Paige, "Honey, this car is okay in Oplen, but it doesn't deserve your identity as the Divine King's wife in Usmaït. Would you like me to change to a better car for you?"

Paige smiled and said, "No need, honey. This car is very good. It's also a new car. It's quite comfortable for me to drive it. Well, I'm going to work. I haven't been there for several days. I guess I will be scolded by the supervisor again.'

Joseph narrowed his eyes, and a dangerous light flashed in his eyes. He said slowly, "Who dares to scold my wife? Does he want to die? How about I lead the troops to destroy the Shangguan family and avenge you!"

Paige was speechless. She glared at Joseph charmingly and said, "Humph, you won't think about anything else. You can't be more gentle except for fighting. Hey, you don't know the pleasure of work. Forget it, I don't want to talk to you, a rude guy.'

Looking at the Paige who became more and more charming. She had the charm of a mature woman, plus her perfect figure and face, which made Joseph's eyes flutter.

"Well, honey, can you not go to work?" Joseph couldn't help but ask Paige.

She smiled and rolled her eyes at him. She bent down and got into the car, saying, "If I don't go to work, can you raise me? And I can earn tens of thousands of yuan in a month. Well, I'm going to work. I want to be a manager in the future!"

Joseph looked at her strangely and said, "Then, will you be the president of the group? Can you manage it?"

Paige smiled and said, "Okay. Who am I? I was also a campus belle when I was in college, okay? Hehe, I really have to go now, dear. Otherwise, we would have to retreat in the afternoon..." After Paige finished speaking, she closed the car door, stepped on the accelerator, and drove away.

Looking at Paige's distant car, Joseph murmured with a smile, "Little girl, you said that yourself! Don't blame me when the time comes! Wait for me to give you a company and let you be the president!" Joseph smiled. Well, that was good. In the future, Paige took charge of the Junlin Group and he will be much more relaxed. He didn't want to handle that. "Where is the luxury car you promised me? I have been waiting for several months. I have completely graduated from college. Where is my luxury car,

Joseph?" At this moment, Serena suddenly ran behind Joseph and looked at him. It was really a pity for her, especially her voice with some coquettishness.

Immediately, Joseph trembled all over and got goosebumps on his arms. Joseph turned his head and looked at Serena for a while, but he really couldn't stand her gaze. He couldn't help but say, "Paige said that I don't have money. How can you be so sure that I can buy money for you?"

Serena looked at Joseph with deep resentment in her eyes. She lowered her head, clenched her small fists, and said faintly, "Joseph, you just whispered to yourself. I heard it. You said that you wanted to give Paige a company, how could you have no money? And Joseph, you still have something to hide from my sister!"

Serena pretended to be more pitiful as she spoke. She sighed and said, "Alas, poor sister. She is so beautiful, but her brain is not good enough. She doesn't doubt what you said in front of you. Alas, my sister has a hard life. When you were gone, she was with Chloe alone.

"Stop, stop, stop! Stop, stop, stop! A luxury car, okay? Fine, I'll buy it for you, I'll buy it for you!! Don't say that. Besides, I'm got goosebumps..." Joseph was suddenly speechless. Just now, he only focused on his beautiful wife. He really forgot Serena.

F*ck, the plan was known by her.

When Serena saw that Joseph had agreed, she jumped up excitedly and said with a smile, "Thank you, Joseph. You are the best. Haha, then let's go buy a car. By the way, I don't want a Mercedes-Benz. I want a Porsche. I have already thought of that.'

Joseph nodded and said, "Okay, let's go shopping." Anyway, there is nothing to do in the afternoon. Then Joseph said to Chloe, "Chloe, let's go buy a car for Serena and mother, okay?"

Chloe nodded happily. She liked to buy a car. She had bought a car several times with her father. Well, it was fun. Thus, Joseph did not waste any more time. He called a taxi and took Serena to the Porsche 4S shop. On the way, Joseph asked Serena, "Serena, why do you have such a good memory? How can you still remember this?"

Serena was also stunned for a moment and said, "I don't know why. In fact, Joseph, I really forgot about it. But one day, I dreamed of a handsome man named Yan Bei, who was super charming and the most good-looking writer in the universe. He wrote a book called Dragon Temple. The male protagonist inside seemed to be called Joseph, and he seemed to have a sister-in-law named Serena.

Joseph's eyes suddenly widened. He looked at Serena in confusion and asked, "Is there such a bizarre thing?" Serena also nodded strangely and said, "Well, yes, I dreamed that what wrote in the book that Joseph promised to buy a car for Serena, and then he forgot to write. Then tens of thousands of readers remind him. He was so scared that he trembled all over. Then I woke up, so I quickly reminded you,' Serena lowered her head and looked at Joseph.

"I'll buy it. I have to buy this car as soon as possible!" Joseph trembled with fear.

More than ten minutes later, in the largest Porsche 4S shop in Usmit City, Serena looked at the luxury cars with her eyes shining. She pointed at a white luxury car and jumped to say to Joseph, "Joseph, Joseph, I want this one. I want this one.'

As soon as Serena finished speaking, all the beautiful employees in the Porsche 4S shop looked at her and Joseph in a strange way. At this moment, Serena was holding Joseph's arm. Suddenly, everyone was extremely strange... Joseph's face darkened.

He quickly took Serena's hand and said to her, "Behave yourself! What if your sister knows about this?"

Hum. Instantly, the atmosphere in the Porsche 4S shop was extremely strange. Joseph's face suddenly became gloomy. Then he took out a black card and patted it on the counter, saying, "Two! What's wrong with me buying a car for my wife and sister-in-law? Can't I? Hurry up, let's get a shopping guide, sign the contract, we will drive a car away, and send another one to my home.

All of a sudden, all the female employees in the 4S shop were shocked. This was a large commission. He didn't hesitate to buy a car, nor talk about the price. He didn't ask for any discount or anything. In this way, although Joseph was paid at once, their bonus was more abundant. After all, in every 4S shop, when you bought a car, you could talk about a large amount of discount.

It was the same with the luxury car, but Joseph was too lazy to talk about the price.

At this time, a beautiful salesperson, who took off her high heels and ran barefoot, grabbed the black card from Joseph. She quickly smiled and said to Joseph, "Dear sir, our car has a lot of discounts. Are you sure you don't want it?"

Joseph said impatiently, "Hurry up. I have something to do later. By the way, there is no password on the card. I don't know how much more money is in it. There should be a few hundred million yuan left. Hurry up and pay." "Uh..." The atmosphere in the whole 4S shop suddenly quieted down, including Serena's. F*ck, it's too much money. Have you forgotten how many zeros there were in the card?

The process was very fast, and the efficiency of the Porsche 4S shop was also very high. In addition, Joseph did not ask or talk about discounts. It really felt like buying a toy car for Chloe. So in less than half an hour, the cars were bought. One of them was driven by Serena, and the other one was driven home by the people of the 4S shop.

At the door of the Porsche, Serena looked at the newly pure white car really happy. She held the steering wheel and couldn't let go of it.

Seeing this, Joseph couldn't help but grit his teeth. He said to Serena, "Now that the car has been bought, are you satisfied?"

Serena nodded excitedly and said, "Yes, yes, yes. By the way, Joseph, how much did you just say in your card? Don't you know yourself? Joseph, don't you know how many zeros there are in your card?"

Joseph was speechless and said, "Nonsense. Do I still have to count when I'm free?"

When Serena heard this, she was in a bad mood. After staring at Joseph for a long time, she swallowed hard and said, "Er, shouldn't we count?" At this moment, Serena was in a bad mood. Wasn't she and Joseph living in the same world? Did Joseph never count money?

"Should I count?" Joseph looked at Serena very seriously, because, in his heart, he was still really serious and thinking about this question very seriously. He had too many industries under his banner, and they were mainly used. So he really did not have any concept. Anyway, he knew that he could spend money

as his wish. Because there were a lot of industries, and there were huge profits every day. In the Outer Region battlefield, it seemed that he had occupied several gold mines some time ago.

Serena was in a bad mood. She looked at Joseph as if she was looking at a monster and said, "Okay, Joseph. By the way, didnt you say that you still have a company in Usmait City? Then why don't you take me to see it? I'm also very curious, okay?"

Joseph nodded, and then told Serena an address. After receiving the address, Serena happily drove away. However, ten minutes later, when Serena stopped at the top group of Usmait City, Junlin Group Headquarters, she was in a bad mood. She looked at Joseph in a daze and said, "Joseph, you... don't joke with me. This is Junlin Group, isn't it? This area within a few miles is the territory of Junlin Group. There is no other company. You, did you get the wrong address?"

Joseph was speechless and said, "It's here. Junlin Group is my company. Is there anything strange about it?" Serena's eyes widened and she said, "I heard that the president of Junlin Group had disappeared for five years. He came back recently and took over the Junlin Group again."

Joseph nodded and said matter-of-factly, "I just came back."

Serena said stupidly again, "I heard that the president of Junlin Group will hold a press conference a month later, and he will personally come out to host it."

After thinking for a while, Joseph said, "One month later, your sister has adapted to my identity as the Divine King. She is also has been working for a period of time in the company of the Shangguan family. Let's go ahead of time. Let your sister come back early to manage the company. Why does she always work for others?"

"Joseph, you, you didnt joke with me?" Serena was completely stunned. She always felt that Joseph was joking with her.

When Serena had just finished speaking, dozens of senior executives ran out of the hall of Junlin Group and came to their side.

Their leader was Ren Pingsheng, the vice president of Junlin Group, who often appeared on TV.

At this moment, Ren Pingsheng and the others were looking down at Serena's car.

"Let's go. Get out of the car. Dont you want to see my company? Let's go..." Joseph said and got out of the car with Chloe in his arms. Serena also got out of the car with Joseph as if she were dreaming.

"Hello, Mr. Dawson!" After Joseph and Serena got out of the car, the dozens of top executives of Junlin Group all bowed to greet them.

"Joseph is the president of Junlin Group?" Serena was shocked by the scene in front of her and leaned on the car behind her...

She was shocked to the extreme.
