

Rise 149

Chapter 149

“Brother!” The girl looked at Joseph miserably. She also realized the killer who was chasing after her. She wanted to avoid him, but she had no strength after running all the way from Vowhye to Usmit. She didn’t expect that after all her hard work that led her to him, before she could speak, she was about to die at the next second. She had a lot to tell Joseph, yet at this moment she could only yell the word ‘brother’.

Joseph’s mind was trembling. He couldn’t imagine what had happened to Tang Mei till she came to him at all costs. And now she was so desperate!

At this moment, seeing that the killer behind her was about to cut off her neck, Joseph was furious and his killing intent instantly surged. “Boom!” The next moment, Joseph’s figure crossed more than ten meters and directly arrived in front of Tang Mei. He smashed the head of the killer behind her! Joseph was already extremely furious.

The next second, with a light snap, the killer hiding in a distance who was holding a sniper rifle also fired. The muzzle was aimed at her head. In fact, the killer shot at the same time when Joseph moved. There was no time for him to avoid it. After all, the speed of the bullet was faster. Joseph stared at the direction of the bullet while holding her in his arms.

“Get lost! Bang!” However, a soft sound sounded in the next moment. Alpha 1 held a long knife and directly chopped off the bullet that was shot at Joseph and Tang Mei. Then, Alpha 1 did not stay any longer. His figure burst out in an instant, and he rushed in the direction of the killer with the long knife in his hand.

“Keep him alive!” Joseph stared in the direction of the killer and said in an extremely cold voice! The anger in his heart was monstrous, and Tang Mei in his arms had fainted. He held the girl in his arms tightly, and his eyes were cold!

When Alpha 1 made his move, another killer appeared in the distance. However, after seeing this scene, the killer did not dare to attack again. He turned around and wanted to escape, but the next thing he knew was, there were seven God of War experts around him! At this moment, except for Alpha 2 and Alpha 7, who went out to protect Paige, the remaining experts among the eight Gods of War who were tasked to protect Chloe, all appeared!

Eight Gods of War? How, how could it be possible! The killer who still wanted to escape was instantly terrified. The three of them were also Semi God of War experts. They chased after Tang Mei all the way to Usmit because they wanted to kill her in front of Joseph to warn him. But they didn’t expect that there were eight God of War level experts around Joseph.

Immediately, the frantic killer was frightened out of his wits. However, this killer was also a ruthless character who wanted to bite the poisonous pill in his mouth and kill himself. But he had no chance to do so. Alpha 3 punched him in the face, and all his teeth were knocked off.

Then, his legs and hands were broken in an instant. On the other side, Alpha 1 also caught the killer with a spear. In front of the several experts at the level of God of War, it would be difficult for these killers to

commit suicide. Two hours later, in a building behind Joseph's room, Tang Mei was still in a coma, Her wounds had been cleaned up and she was given the best healing medicine. She was lying in bed and was sleeping soundly.

"Boss, I've gotten some information..." The next moment, Alpha 1 walked up to Joseph and whispered.

Joseph nodded and looked at the girl lying on the bed with a complicated expression in his eyes.

Five years ago, Joseph's mother, Tang Yun, died and Joseph was expelled from the family. After Tang Yun's death, the Tang family in Vowhye, who was relying on their marriage with Dawson family suffered a great calamity. Especially Joseph's father, William, married another woman not long after Tang Yun's death. He also said that the relationship between Dawson family and the Tang family had ended with Tang Yun's death. In a sudden, the Tang family in Vowhye suddenly lost its biggest backer, and their family business began to deteriorate.

That was the beginning of the Tang family's catastrophe. Although the Tang family was not a famous family in Vowhye, there was also a God of War in its family history. The God of War had been dead for many years. But even so, the Tang family had also built a large part of the foundation in Vowhye since the founding of the country.

Therefore, when it came to the generation of Tang Yun, the Tang family accepted the Dawson family's marriage. At that time, the Tang family had money, and the Dawson family had power, the two families were complimenting each other. In fact, after the marriage between the two families families in Vowhye, they indeed gained great benefits from the marriage. They lived in peace for more than 20 years. But the situation finally changed five years ago. Five years ago, when Joseph's mother died, his father, William, immediately cut off all partnership with the Tang family and even took the opportunity to take over a large part of the Tang family's business.

In the following five years, the Tang Family became more desolate. It was getting worse year by year.

Finally, a few months ago, another top family in Vowhye, the Huang family, which had a God of War as its leader rose. They attacked the Tang Family in an attempt to take over everything of the Tang Family.

The Tang family could not hold on any longer.

Alpha 1 paused for a moment and continued, "Three days ago, the Huang family even gave the Tang family a final warning. They asked them to hand over all the assets of the Tang family in Vowhye to them by next Wednesday. Otherwise, the Tang family would be exterminated.

A cold light flashed in Joseph's eyes. He sneered and said, "Humph, what a brave statement! Has the nation become a lawless state? What is Sebastian doing huh? Isn't him in charge of Vowhye?"

Alpha 1 frowned. After thinking for a while, he said in a low voice, "Boss, during my conversation with the two killers, I learned from them that in the past year, there have been mysterious masters going in and out of the Huang family. Somehow, there is a peak God of War in the Huang family, and the head of the Huang family is also at the peak of God of War. Therefore, boss, I feel that there should be some long-standing powerful clan behind the Huang family, at least one of them."

Joseph's eyes narrowed, and then he smiled and said, "A powerful clan? What is it? The family must have a Diving King level expert in order to be a clan. It's impossible for them to reach Titan level,

because if it reaches the Titan level, it will be at the Royal level in the Outer Region battlefield. A family like that would be able to conquer any military in any country, for example as Sebastian or the two giants in the Smiyacia military.”

Alpha 1 nodded and said, “Yes, they at most have one or a few experts at the peak of the Divine King level, or at most Semi Titan level. They are only newbies to us. Boss, you don’t need to do anything. We can call back the Four Divine Kings and defeat them! No matter how powerful they are, no matter how many clans are there! Our Dragon Temple can defeat them all!”

Joseph’s eyes were full of excitement. He took a deep breath. Originally, he did not intend to go to Vowhye so soon, but it seemed that he had to hurry up, otherwise the Tang family could not hold on any longer.

Fortunately, the press conference of Junlin Group would be held tomorrow. After the press conference, he would hand everything over to Paige in a day and he would be able to make it in Vowhye on Wednesday.

After thinking for a moment, Joseph felt relieved in an instant. He said to Alpha 1, “Alpha 1! Tell Qian Mian to ask Alpha 11 to Alpha 20, all the ten peak Gods of War to get out of the battlefield immediately and rush to Vowhye! I want to protect the Tang family!”

Yes!” Alpha 1 nodded. Without any hesitation, he walked to the side and began to contact Qian Mian. Half an hour later, on the Outer Region battlefield tens of thousands of miles away from Usmit, in the strongholds where the forces of the Dragon Temple were located, ten peak War Gods quickly left the battlefield and headed for Vowhye from different directions.
