Chapter 218: The Impossible Had Happened

Huo Yu clicked her tongue and let go of Qin Yuan's collar. She rolled her eyes as if she had just noticed something.

"Sister-in-law? Brother, you have a girlfriend?" Huo Yu asked in shock.

Seriously? The impossible had happened?

"Not a girlfriend, a wife," Qin Yuan corrected her.

Back then, he had only said that it was a lover, but Huo Zhen had been on his case for a few days.

Huo Yu's eyes were wide open.

"W...wife? Brother, when did you get married? I'm your sister! You didn't even inform me! It can't be! There's no news of your marriage in Jing City!"

"Didn't you investigate? You didn't find out about this?" Luo Tao calmly picked up a cup of tea and took a sip.

"What investigation? I just happened to hear that you were in C city, so I rushed back. Where do I have the time to investigate anything about you." Huo Yu rolled her eyes at Luo Tao.

"I got married under someone else's identity." Luo Tao explained briefly.

Seeing Huo Yu's utter confusion, Qin Yuan had the decency to explain things to her.

"Brother Huo got into a car accident earlier. Through a convergence of errors, he accidentally took over someone else's identity and married sister-in-law."

Huo Yu widened her eyes in surprise. What era was this? How could there still be such a thing as a marriage under someone else's identity?

"I say, brother, you're too irresponsible! If the girl finds out that you're a substitute, she'll definitely want to kill you!"

"It's not that bad! Our brother Huo is not lacking in the department of finances, looks, and physique. If sister-in-law finds out about brother Huo's true identity, won't she be overjoyed?"

Huo Yu rolled her eyes at Qin Yuan, saying, "Let's not talk about whether it's the right thing to do. Just say, after the matter is exposed, can my brother marry her? Moreover, my brother replaced that person. How will those two continue with their lives after my brother leaves? Or maybe the girl will develop feelings for my brother. Once my brother leaves, she will ask you if you are a scumbag."

The two men in the room were rendered speechless by the young girl's words. Luo Tao frowned. "I will marry her."

"Marry her? What do you think will happen if two people from different strata of society get together? Brother, you grew up in the Huo family. Don't you know what circles you move around in?"

"How many Cinderella romances have you seen in the capital? Moreover, Cinderella is not an ordinary person! She is the daughter of a noble family."

Luo Tao's face was gloomy after hearing Huo Yu's words. Back then, he had had no choice but to fulfill the engagement because he had to hide his identity and did not want to make a big deal out of it.

"I will decide on matters relating to my own marriage."

Huo Yu saw that Luo Tao's expression was really bad, so she did not dare to say anything more. Qin Yuan gave her a look that told her she was on her own.

The room was silent for a moment. Qin Yuan and Huo Yu were like two little quails who had had their mouths sealed shut. They did not dare to say anything more.

Luo Tao broke the silence and asked Huo Yu, "Have you returned to Jing City?"

Huo Yu shook her head. "No, I came directly to your place. I told Grandpa I'll be back in a few days."

"Go back as soon as possible. Don't let Grandpa worry."

"Alright!" Huo Yu answered reluctantly.

Seeing that it was getting late, Luo Tao got up and was about to leave. Suddenly, a text message notification sounded from his phone.

Huo Yu and Qin Yuan looked at the source of the sound at the same time. Therefore, the two of them witnessed the appearance of the face-changing master.

Huo Yu widened her eyes and nudged Qin Yuan with her elbow. She asked, "Who is this person?"

Qin Yuan accepted it much more quickly. It was not the first time he had seen Luo Tao's face-changing.

"Your brother."

"Who sent him the message?"

"If I'm not mistaken, it's sister-in-law."

"Sister-in-law? The girl who got tricked by my brother?"

"Yes."

Huo Yu and Qin Yuan were well-coordinated with each other, as if they were singing a double act.

After Luo Tao finished typing, he turned around and looked at the two of them coldly.

"You have nothing better to do?"

The two of them instantly covered their mouths and shook their heads in unison.

This time, Luo Tao did not say anything and directly left Qin Yuan's office.

"Little Yuan, I really didn't see wrongly earlier. That's my brother? How can he be so gentle? Could it be that he's been replaced by someone else?"

Qin Yuan did not know where Huo Yu's imagination was going, so he could only helplessly say, "Unfortunately, I'm telling you, that's Huo Zhen. After getting married, he became like this. We're all used to it."

Chapter 219: Wish to Go on a Vacation with You

Huo Yu stared at Qin Yuan for a moment before suddenly narrowing her eyes and revealing a smile.

"Little Yuan, looks like you know quite a lot! Come on! Tell me about it."

Qin Yuan blinked. "Oh right, brother Huo earlier asked me to contact Wen Ze, I..."

Qin Yuan was just about to escape when Huo Yu put him a chokehold, keeping him in place. Then, a sinister voice sounded in his ear. "It seems like we haven't met for too long, causing you to misunderstand my combat ability, hmm?"

"Don't, sister Yu, I'll talk, I'll talk..."

...

Mo Yan didn't understand why Luo Tao didn't want to share a room with her. Sometimes, when Mo Yan thought that their relationship would go further, Luo Tao would restrain himself and walk to the living room sofa to sleep, just like tonight.

Around two o'clock in the morning, Mo Yan got up and went to the bathroom. When she passed by the sofa, she saw only a thin blanket that was tousled up. There was no sign of Luo Tao.

Mo Yan was a little surprised. When she heard the faint sounds of conversation on the balcony, she walked over.

"... ask the other party to increase the price. Take his..."

Just as she reached outside the door, Mo Yan heard Luo Tao's voice.

The other side seemed to have said something. Luo Tao's voice sounded again, "Well done. Speed up the process."

Luo Tao, who was he speaking with?

Mo Yan suddenly realized that Luo Tao was different from the rumors. Her husband didn't seem to be her husband...

After a moment of silence, Mo Yan lowered her eyes and left quietly.

The next day, Mo Yan was woken by the alarm clock. She hadn't sleep well the night before because she had thoughts going round in her head, so she said good morning to Luo Tao with dark circles beneath her eyes.

"What's wrong? Does your arm hurt that much?" Luo Tao's voice was full of concern.

Mo Yan looked up at him and was drawn into his gaze that was full of heartache.

Mo Yan's heart throbbed in pain and she subconsciously avoided his gaze.

Luo Tao was focused on Mo Yan's wound and did not notice her expression.

“Eat your food before taking your medicine. Take a leave from work today. I’ll bring you to the hospital to have a look.”

Luo Tao frowned and wanted to touch Mo Yan’s shoulder, but he was afraid that he would hurt her. His hand froze in mid-air.

Mo Yan lowered her eyes and held Luo Tao’s hand with her right hand, smiling, “I’m not that noble. It’s normal for it to hurt. If it doesn’t hurt, I’ll wonder if my arm is going to be useless.”

Seeing that Mo Yan was still in the mood to joke, Luo Tao’s worries eased a little. He clasped Mo Yan’s fingers and brought her to the table where breakfast had already been laid out.

Mo Yan loved eating porridge and buns from the small shop downstairs. However, that shop was tiny and crowded with customers, so if she wanted to eat their buns and still be able to go to work on time, she had to go downstairs early to queue up.

Sometimes, when Mo Yan said she didn’t want to make breakfast, Luo Tao would go downstairs to help her buy it. It was unknown when the two of them had become accustomed to getting along so warmly.

“You…”

Mo Yan looked at Luo Tao and didn’t say anything in the end. She pulled him along to have breakfast.

“I don’t want to request for leave from work. Mo Lian and I aren’t on good terms. She came to the company yesterday to discuss a collaboration. If I absent myself, she might have something to say about me again.”

Mo Yan complained as she chewed on her bun. She might have caused trouble for Mo Lian in her previous life, so she came to seek revenge on her in this life.

Hearing Mo Yan’s words, Luo Tao’s thin lips opened slightly and closed. He wanted to say that he could support her so that she need not work so hard, but in the end, he couldn’t say anything.

“I remember you said that if you had money and didn’t have to work, you would want to go on a vacation?” Luo Tao asked.

Mo Yan nodded. She didn’t expect Luo Tao to remember what she had mentioned in passing.

“Then when your arm has healed and you’re on leave from work, let’s go out and enjoy ourselves! Just the two of us.”

Luo Tao's voice was very soft and gentle, like a feather drawing circles on Mo Yan's heart. Mo Yan's face was slightly flushed. "It's still early! Didn't the doctor say that my arm needs to rest for more than a month?"

"If you want to go, I'll make plans first."

Luo Tao seemed to be seriously considering this matter, and was waiting for Mo Yan's reply.

Thinking of all the things that had happened since she came onboard the company, Mo Yan suddenly felt a little tired, and she nodded in agreement.

Luo Tao's eyes were smiling. "Then let me decide where to go! I want to give you a surprise."

Mo Yan raised her eyebrows. Her mind was instantly attracted by the word "surprise".

"Surprise? It won't turn into a shock, will it?" Mo Yan teased.

"Do you not trust your husband?" Luo Tao pretended to be serious.

They looked at each other for a moment and suddenly laughed out loud.

Chapter 220: Banquet Organized with Malicious Intentions

"Sister, I wonder what you think of what I said?"

Mo Yan had been in a daze and was a little muddleheaded when she was suddenly called out. She reacted slightly and said, "The concept is very good. I think the project can proceed smoothly."

Mo Lian had originally thought that she would be able to make a fool out of Mo Yan, who had been in a daze. In the end, however, she was disappointed. She had no choice but to let her assistant continue.

Mo Yan was helpless against Mo Lian's way of torturing her. This project was obviously not going to involve her but Mo Lian still kept an eye on her to see if she had been paying attention.

After the project meeting, Xu Tian and Mo Yan walked side by side to the office.

“It looks like tonight’s gathering is a banquet organized with malicious intentions, aimed at you,” Xu Tian said plainly.

Before they dispersed, Mo Lian had specifically mentioned that there would be a gathering that night. She hoped that everyone would be able to attend.

“Ever since I decided to sever ties with the Mo family, Mo Lian has had no way of threatening me. All she can do is say something unprofessional to humiliate me. I didn’t suffer any losses, so why bother with her?”

Xu Tian looked at Mo Yan with a gratified expression in her eyes.

Mo Yan was not the only one who had figured out Mo Lian’s tricks after a few exchanges. Mo Lian also understood Mo Yan.

Mo Yan could write it off when it involved herself, but not when it came to her family.

Mo Yan’s mother and younger brother had long fallen out with the Mo family. Even if Mo Lian wanted to find them, she would not be able to. The only person she could look for was Mo Yan’s husband, Luo Tao.

Mo Lian scrolled through her phone for a long time before she found Luo Tao’s number and dialed it.

A moment later, an icy male voice came from the other end of the phone, “Hello.”

“Hello! Luo Tao? This is Mo Lian.”

When Luo Tao heard that it was Mo Lian, he did not utter a single word and directly hung up. Who knew that the woman’s call would come again.

“Luo Tao, we’re having a banquet tonight. You can join us.”

“I’m not going.”

This time, Mo Lian did not give Luo Tao a chance to hang up. She quickly said, “There are quite a number of guys attending the party today. If you don’t come, I don’t know who will take Mo Yan away tonight.”

“Are you threatening me?”

Luo Tao’s tone was frosty, like an ice pick piercing through the other end of the phone.

“It’s not a warning, just a friendly reminder. After all, Mo Yan is quite good-looking. There should be a lot of people in the company who like her.”

“Time and place.”

“7 p.m., Singh Hotel.”

After obtaining the address, Luo Tao quickly hung up on Mo Lian and called Mo Yan.

“Hello? Luo Tao?”

Hearing a gentle and familiar voice sounding from the phone, Luo Tao was slightly relieved and asked, “Is your company having a banquet tonight?”

“Huh? How did you know? I haven’t had the chance to tell you yet!”

“Mo Lian called to inform me.”

“Why would she call you? And to talk about the gathering?” Mo Yan couldn’t comprehend it.

Luo Tao was also unclear about what Mo Lian was trying to do.

“I don’t know. What time is the banquet? Send me the address.”

“Tentatively 7 p.m.; as for the address, it’s at Singh Hotel.”

Luo Tao raised his eyebrows slightly. He didn’t expect Mo Lian to be telling the truth.

Until that day, Luo Tao had still been brooding over the fact that Mo Yan had been drugged; Mo Yan was the same.

Therefore, when Mo Lian mentioned the Singh Hotel, Mo Yan frowned deeply. At the same time, she could not help but wonder if Mo Lian had deliberately chosen that place, knowing that she had been traumatized there.

Thinking about the fact that other managers and directors would be present, Mo Yan did not want to bother Luo Tao, so she said, “Sister Xu Tian will be joining us for dinner tonight, so there won’t be any problems. Besides, the more Mo Lian wants you to come, the more we can’t let her have her way, right?”

Luo Tao was silent and did not answer. Mo Yan continued, “You know the address. If there’s anything, you can hurry over anytime.”

Seeing that Mo Yan kept trying to dissuade him, Luo Tao could only listen to her advice, “Contact me anytime.”

“Okay.”

The two of them reached an agreement. Mo Yan put down her phone and heaved a sigh of relief. If this Mo Lian could leave her alone, she would really thank the heavens.

Although she would have dinner that night, she still had to continue working during the day. Mo Yan threw herself back into work and soon forgot about Mo Lian.
