

Substitute Bride's Husband Is An Invisible Rich Man

Substitute Bride's Husband Is An Invisible Rich Man

Chapter 266: This Is My Contract

"That's not necessary. I'll lose my appetite if I look at you." Mo Yan snorted.

It had to be said that Li Guoguo knew how to judge the situation. Previously, she had tried to curry favor with Mo Lian, almost lowering herself to the ground. Now that Mo Lian had lost her status, her attitude immediately made a 180-degree turn, and she changed her target to herself.

Unfortunately, she hadn't fallen for it.

Mo Yan stood up and looked at Li Guoguo's puzzled expression. "Why are you still standing here? Didn't I make it clear enough?"

If she hadn't understood the meaning behind it, Mo Yan wouldn't have minded repeating it.

Mo Yan had already stated it clearly, but Li Guoguo had quickly gathered her wits. She still humbled herself, looking at Mo Yan with a bright smile. "It's okay if you don't want to have a meal. I'll help you bring the contract back."

As she said this, her finger landed on the contract.

While Mo Yan's attention was directed elsewhere, she quickly wanted to take the opportunity to pick up the document. Too bad for her, Mo Yan was a step ahead and kept her hand on the contract. She smiled, "I won't trouble you. I'll bring the contract back to the company myself."

Li Guoguo's eyes widened. It had been a long time since she had been jealous.

"Sister Mo Yan, you..."

"This is my contract. Naturally, I should be the one to take it back to the company. If you bring it back, is it considered mine or yours?" Mo Yan knew Li Guoguo only too well. At

this time, she was still staring at the contract. It was obvious that she was returning to the company to give a report.

Although Huo Zhen didn't ask for her opinion before he got the contract, Mo Yan didn't want to let Li Guoguo off so easily.

Seeing that Mo Yan had guessed her plan, Li Guoguo felt a little uncomfortable and smiled even more fawningly. "Sister Mo Yan, you are close to President Huo. What kind of contract do you want that you can't get? We are colleagues, so you can go easy on me."

Mo Yan forced a smile. Li Guoguo was really shameless.

"You can go. I won't give you the contract. I'll take it back to the company myself," Mo Yan said as she slowly put the contract away. "This is my contract, and that is yours. Please take your own contract back. Oh, right, how could I forget? Mo Real Estate's signature isn't on it."

"You!"

Li Guoguo knew that she wouldn't be able to gain any advantage from Mo Yan, so her embarrassment turned to anger and she cursed at Mo Yan, "Mo Yan, why are you so arrogant? Do you think that Huo Zhen gave you Mo Real Estate because he values you? Who is Huo Zhen? There are countless women that he toys with every day. In a few days, he will forget all about you. Let's see how long you can be pleased with yourself."

Li Guoguo could hardly get her words out in a fit of anger. "Besides, you still have Luo Tao. I will tell him right now that you hooked up with Huo Zhe. I want to see how you will deal with it? I will also let everyone in the company know about it. When the time comes, even if you get the contract back, you won't be able to stay in the company anymore!"

Without the contract, she could only pack up and leave. However, even if she left, she wanted to drag Mo Yan down with her.

"You don't have to worry about that." Mo Yan smiled lightly, her fingers tapping rhythmically on the table, "You can say whatever you want about me. But for now, please leave. If you don't, I'll call the security."

Mo Yan was clear about what kind of person she was. She didn't need Li Guoguo to make accusations.

Moreover, Huo Zhen and Luo Tao were the same person. No matter how capable he was, he couldn't possibly be jealous of himself.

“Mo Yan, just you wait.”

Li Guoguo stomped her feet, irate. Seeing that Mo Yan was about to call the security guards, she reluctantly left.

Mo Yan watched her leave with a huge smile on her face. Then, she dialed Huo Zhen’s number.

Huo Zhen looked at the caller ID and picked it up leisurely. “Yan Yan, you should have received the gift I got for you, right?”

He looked at the time. Mo Yan should have arrived at Mo Real Estate by now. He did not know if she was satisfied with his massive gift.

Huo Zhen’s casual and teasing tone tickled Mo Yan. Initially, she had still been blaming him, but she could only feel deeply helpless.

“Why didn’t you discuss it with me beforehand?”

“If I had discussed it with you beforehand, wouldn’t it not be a surprise? By the way, don’t you like it? I gave you a company,” Huo Zhen said lazily. Anyway, it was simply a gift for Mo Yan. If she liked it, then she would accept it. If she didn’t, she could throw it away.

“But why would I want Mo Real Estate?” Mo Yan was in a dilemma.

Thank you for reading on

Chapter 267: I’ll Look for You

“Do whatever you want to do,” Huo Zhen said breezily. Firstly, he believed in Mo Yan’s ability. Secondly, with Huo Corporation as a strong supporter, it would be much easier for Mo Yan to do anything.

Moreover, this was originally Mo Yan’s company, so it could be considered coming full circle.

“You make it sound so simple.” Mo Yan sighed deeply. In the past, she had only been a team leader in the company, so she had had her hands full and had been in a constant state of anxiety. Now, she actually had to manage an entire listed company. There were many things she had no knowledge of, and just thinking about it gave her a headache.

“I heard that Mo Lian just left with her tail between her legs. Also, I called Mo Dong and told him that I would hand over the management of the company to Mo Yan. He was so infuriated that he almost cursed over the phone. Yan Yan, aren't you happy?” That phone call was so remarkable, if Mo Yan needed to reminisce, Huo Zhen wouldn't have minded sharing the recording with her.

Mo Yan thought about it and smiled knowingly.

“That's true. You don't even know how ugly Mo Lian's expression was when she left earlier. I should have taken a picture so that I can take a look at it when I'm unhappy in the future.”

Then, she changed the topic. “But, Huo Zhen, it's better you discuss with me before you do anything.”

She did not mean to blame Huo Zhen, but was simply giving a slight suggestion.

“I got it. I'll definitely discuss it with you the next time.” Huo Zhen's tone was also slightly relaxed, and his words were filled with a hint of indulgence. If it had been anyone else, they would be besides themselves with joy right now, unlike Mo Yan who had already started to blame him for spending money recklessly.

“I've already bought the ticket for the next flight and will be back soon. I'm letting you know now so that you can make preparations in advance.”

“Huh?”

Mo Yan scratched her head. “Your injury hasn't fully recovered yet and you should rest well. What are you coming back for? If there is anything, can't you hand it over to your men?”

In fact, Huo Zhen's injury was not serious. It was different from the previous few times, when he had almost met his maker. This time, it was only a superficial injury. However, Mo Yan's concern was still beneficial to him, “My injury has already recovered. I have other plans when I return. Let's have dinner together tonight.”

“Oh. Okay.” Mo Yan nodded.

She knew that once Huo Zhen had decided on something, she could not dissuade him. Moreover, when she had left, Huo Zhen's injury had already mostly recovered. He should be fine.

She brought the contract back to the company. When CEO Song saw the contract, her eyes lit up and she effusively praised Mo Yan. “Yan Yan, if it wasn't for the official seal on the contract, I would have suspected that it was fake. The other party is the Huo Corporation. We are the first company to take advantage of them.”

Mo Yan smiled awkwardly. Li Guoguo probably felt too embarrassed to stay in the company without the contract. Naturally, she didn't have the chance to properly publicize the matter for her.

"I'm serious. Look at the contract. Not only does the Huo Corporation contribute money and effort, but they also have to bear the risk of losses. But here, not only do we not need to invest, but we can also earn most of the money. How is this a contract? It's clearly a charity. Such a contract is like a gift from above. I never thought that such a blessing would fall into my lap."

Mo Yan could only hurriedly close the contract. She forced a smile and said, "CEO Song, put the contract away quickly. If the Huo Corporation regrets it, make it so they won't be able to find the contract."

"You sure know how to joke. The Huo Corporation has already signed and sealed the contract. How could they go back on their word? However, you really are the company's lucky charm. Whether it's a raise or something else, we definitely will not do away with it." CEO Song patted Mo Yan's shoulder, telling her to continue working hard.

Mo Yan smiled in a lovely manner.

"By the way, Yan Yan, while you were away, Su Hai's secretary came to us and requested that you make a trip there. It should be that our previous contract can be pushed forward. You're really amazing. Not only do you know Huo Zhen, but you also have some connections with Su Hai. Why don't you work hard and try to secure that contract as well?"

"Su Hai?"

Mo Yan frowned. Too many things had happened recently, and she had really forgotten that there was such a character.

Although Su Hai didn't appear to be a serious person, he was actually very shrewd. It was easier said than done to take advantage of him.

"I've only met Su Hai once, so there's no relationship whatsoever between us. But regarding the contract, I'll do my best." After solemnly making a promise, Mo Yan packed up her things and went to the Su Corporation.

Like the Huo Corporation, the Su Corporation was a prominent family business. They mainly dabbled in real estate and finance, and were the leaders in related industries.

Thank you for reading on

Chapter 268: Mrs. Huo

Mo Yan came to the front desk of the Su Corporation. Just as she was about to explain why she was there, she saw Su Hai teasing the young girl at the front desk. He was telling a cold joke from the last century, and he even wanted the young girl to cooperate with him.

The rumors were true that he really had a thing for beautiful women.

Mo Yan coughed lightly.

Su Hai turned and his eyes lit up upon seeing Mo Yan. He looked like a child with a new toy as he actively approached her, saying, "Hey, isn't this the beauty from the charity gala? What's your name again?"

Mo Yan only smiled. Luckily, Su Hai still remembered her.

"My name is Mo Yan. I'm here today to negotiate a contract with you. You said before that you didn't want to discuss work at the gala. Now that we're in the office and it's working hours, it should be convenient, right?"

"Come on up with me."

Su Hai was a little unhappy. He reluctantly shifted his body and looked at the young lady at the front desk. "Wait here. I'll tell you a joke when I'm done."

The young lady at the front desk smiled bitterly, glad that Su Hai had finally been called away.

Su Hai returned to his office and sat down on the chair. He immediately put away his slack appearance and looked at Mo Yan from top to bottom. "Miss Mo, how should I address you? Is it the chairman of Mo Real Estate? Or is it Mrs. Huo?"

Mo Yan's eyes widened and she froze on the spot.

He knew?

Just a moment ago, he looked as if he couldn't even remember her name, but when he turned around, not only did he know that she was from the Mo family, he even knew about her relationship with Huo Zhen. One had to know that Huo Zhen used Luo Tao's alias in the past, and almost no one knew his real appearance.

"Little beauty, don't be afraid. I have business dealings with Huo Zhen, and there are ways of finding out about things that I want to know."

Su Hai smiled evilly, his eyes still sweeping over Mo Yan. "I just didn't expect that Huo Zhen, who has never been close to women, likes beautiful women, just as I do."

Mo Yan did not feel glad to be praised by Su Hai in this manner. Instead, she felt uncomfortable.

She squeezed out an unnatural smile, "It's really not convenient to tell you more about Huo Zhen and me. Let's talk about collaborating. This is the contract that our company drew up previously. You can give a general direction and we can discuss some details when the time comes."

As Mo Yan spoke, she handed the contract to Su Hai with both hands.

Su Hai took the contract and lazily flipped through two pages. His gaze lingered on Mo Yan for a few seconds. During the charity gala, he was very interested in Mo Yan. Not only was he willing to throw money at her, but he was even willing to use his own connections to search for her after she had disappeared without reason.

He had also received the letter from the kidnappers. At that time, he intended to pay up to make Mo Yan feel grateful towards him...

However, all of this ended when he found out about the relationship between Mo Yan and Huo Zhen.

Who was Huo Zhen? He had money and means. Everyone was looking forward to working with him; no one wanted to provoke such a powerful enemy. Although he could not bear to part with Mo Yan, he was still very clear about how to handle her. She was just a woman. Without Mo Yan, he could still find another one.

There was no need to offend Huo Zhen over this matter.

Su Hai looked through the details of the contract seriously while Mo Yan stood quietly at the side.

This was the contract that she had been following up on all this while, and it was also something that she had always wanted to do.

"Overall, I don't have any problems. However, you need to change these two details slightly, or you can go back and reconsider it." After Su Hai finished reading, he handed the contract to Mo Yan, "Does Huo Zhen's woman have to work so hard? Is he not willing to give you money for spending?"

Mo Yan was about to retort that Huo Zhen had bought a company for her. However, she had never been a flamboyant person. Moreover, this was not something worth promoting.

“I still want to prove myself. I don’t want to rely on him for everything.”

Mo Yan looked at Su Hai solemnly. She really thought so.

“You’re really interesting.” It had to be said that Mo Yan was different from the women that Su Hai usually interacted with. She was more independent and had her own ideas. “Let’s have a casual dinner tonight.”

“I’m sorry. I have something on tonight.”

“Don’t worry, it’s just a simple meal. There’s no other meaning. You’re Huo Zhen’s woman. I have no need to offend him because of you.” Su Hai thought that Mo Yan didn’t want to have a meal with him because she was concerned about what Huo Zhen thought about it.

“That’s not it,” Mo Yan smiled. “Huo Zhen is returning tonight and asked me out for dinner.”

Thank you for reading on

Mo Yan explained with a smile, her face beaming with happiness.

Although she had complained about Huo Zhen running around despite his injuries, she couldn’t help but feel delighted when she thought about meeting him that night.

Su Hai had originally thought that Mo Yan was just making excuses, but when he saw her innocent and happy face, he couldn’t help but believe her. He felt as though he was being forced to watch their love story play out, and even felt a little envious of Huo Zhen.

When Mo Yan left the Su Corporation, it was already a little late.

She changed into a classy outfit, put on some light makeup, and went to the restaurant that Huo Zhen had arranged to meet her at. This was a very high-class restaurant. Mo Yan felt strange. After all, every time she had met Huo Zhen, he would choose an ordinary restaurant.

Mo Yan silently thought to herself that she still preferred an ordinary restaurant. Only then would it be more lively.

When she entered the private room, Huo Zhen was already waiting for her inside.

When Mo Yan saw Huo Zhen, she was even happier. She strode to Huo Zhen's side and sat down. "Are you really okay? If you're not feeling well, you must tell me. Don't force yourself."

"Got it," Huo Zhen drawled. He lovingly scratched Mo Yan's nose with his hand. "You, don't worry so much. I'm not a child anymore."

"Oh right, did you like the present I gave you?" Huo Zhen stroked the back of Mo Yan's hand, his smile growing wider.

"I like it very much, but I'm still afraid that I won't be able to do well." Mo Yan tugged at her hair. She had pondered about it for a long time on the way there, but she really couldn't think of how to run a listed company.

"Don't worry. I believe in you, and I will help you."

Huo Zhen changed the topic and got Mo Yan to sit beside him. "I asked you here today because I have another gift for you."

"Another gift?"

Mo Yan's eyes widened in shock. What special occasion was it that day? Why was Huo Zhen giving her gifts one after another? He had already gifted her a company which she couldn't afford.

"Let them in."

Huo Zhen moved closer to Mo Yan. "Believe me, you'll like this gift as well."

Mo Yan did not expect Huo Zhen to invite Mo Lian and Mo Dong. Mo Dong's face was full of smiles. It was obvious that he had already been educated by Huo Zhen in advance. As for Mo Lian, her reluctance was displayed on her face; it was as though she wanted to swallow Mo Yan alive.

"Huo Zhen, why are they here?"

Mo Yan increasingly did not know what Huo Zhen was up to. Moreover, what kind of gifts were Mo Dong and Mo Lian?

Gifts should make her feel happy, not disgusted.

Mo Dong smiled apologetically. He walked over and wanted to sit, but Huo Zhen glared at him.

He immediately restrained himself and smiled.

“Dad, why are we here? And why are you so good to Luo Tao? Isn't he just a translator? Does he really think he's a big shot?”

Mo Lian was irate. She had originally thought that they were here to have a big meal, but she didn't expect to see Mo Yan and Luo Tao. Moreover, her father was nodding and bowing to them respectfully. How could she not be embarrassed?

“Shut up.” Mo Dong glowered at Mo Lian. “What Luo Tao? He is Huo Zhen, the young master of the Huo Corporation. He bought our company.”

“He is Huo Zhen?”

Mo Lian widened her eyes. She could not believe her ears. Wasn't Luo Tao a pauper? Mo Yan had cheapened herself to marry Luo Tao. How did he suddenly become Huo Zhen?

“Dad, did you make a mistake?”

Mo Lian pulled Mo Dong's sleeve, and Mo Dong simply pushed her. Seeing his own daughter fall to the ground, Mo Dong did not think of helping her up. Instead, he squeezed out a smile and looked at Huo Zhen, “CEO Huo, my daughter is not sensible. She is blind to the glory before her. Please don't hold it against her.”

Huo Zhen only snorted lightly and picked out food for Mo Yan as if there was no one else around.

Mo Yan glanced at Huo Zhen. Why did he ask Mo Lian and Mo Dong there?

Mo Dong looked at Mo Yan ingratiatingly again, wanting to speak with her in private.

“Mr. Mo, there's no need. If you have something to say, just say it here. Huo Zhen and I are already husband and wife. There are no secrets between us. Huo Zhen can know everything you have to say to me.”

Mo Dong looked as though he was about to cry. He did not know what to say.

“Yan Yan, please ask Mr. Huo not to send me to G Country. There are few people there and the infrastructure is not sound. If I go there, it will be no different from being in exile.”

Thank you for reading on

Chapter 270: Grand Finale

“I originally intended it to be an exile. Don’t worry, Mo Lian will be with you,” Huo Zhen said calmly. His eyes were still looking at Mo Yan gently. “Are you satisfied with what I did?”

Only then did Mo Yan realize that Huo Zhen was sticking up for her.

The conditions in G Country were tough. Mo Dong and Mo Lian were used to living in luxury. Once there, they would definitely not get used to it. Even if they could survive there, they would still be traumatized.

“I’m very satisfied.” Mo Yan was not pretentious, nor did she feel pity for Mo Dong and the others. Everything was his own fault.

“Mo Yan, I’m your father. Have you never thought about the friendly sentiments between us?” Mo Dong was anxious as he pointed at Mo Yan and scolded her.

Huo Zhen wanted to stand up for Mo Yan, but Mo Yan gently pressed on his arm. “I don’t need to trouble you. I can do it myself.”

“Mo Dong, what you said is really interesting.” Mo Yan sneered, “You mistreated me and my mother. When you didn’t care whether we were dead or alive, did you ever think that we were a family? My mother was in the ward, awaiting money to save her life, and what were you doing? You didn’t lend me a single cent, and you were still fooling around outside. Did you ever think that this day would come?”

“But…”

Mo Dong still wanted to defend himself, but his tongue was tied, and he could not find any words to refute Mo Yan.

Mo Yan did not want to see them again. “I’m very satisfied with Huo Zhen’s arrangements, and I won’t change it. Look at how unlucky you guys are, you’re even hindering me from eating.”

Huo Zhen glanced at the security guards beside him, and someone immediately went forward to “invite” Mo Dong and Mo Lian out. Mo Lian, who had always been extremely proud and stuck up, finally lowered her head in disappointment and did not dare to speak.

Mo Yan sucked in her cheeks and seemed to be deep in thought.

“What, you don’t like my present?” Huo Zhen played with Mo Yan’s hair. Even her worried look looked cute.

Mo Yan slapped Huo Zhen's hand away and sat upright, "It's not really a matter of whether I like it or not. I originally wanted to deal with Mo Dong and Mo Lian myself. With this arrangement of yours, it's saved me a lot of trouble. But now that this matter is settled, I don't know what to do next."

Mo Yan pursed her lips and pulled at her hair.

"Alright, since you don't like this gift, I'll give you another one." Huo Zhen seemed to have guessed the slight disappointment that Mo Yan felt. There was actually another gift.

"Are you Santa Claus? Why did you prepare so many gifts for me?" Mo Yan was confused and even had a bit of a headache.

Huo Zhen was really odd that day.

However, the next moment, Huo Zhen took out a small box from his pocket, knelt down on one knee, and handed it to Mo Yan. He opened the box and inside was a beautiful and unique diamond ring. Not only was the size of the diamond shocking, the design was also very clever. It was a bespoke diamond ring that Huo Zhen had spent a lot of money on, requesting for it from a famous brand. It was one of a kind.

"What are you doing?" Mo Yan was startled and stepped back.

"Of course it's a proposal. Although you're already my wife, we should still go through the process. Other people have wedding rings when they get married; my wife also has to have one."

Huo Zhen looked at Mo Yan dotingly and intimately.

"Isn't this too big, too grand?"

Music had even started to play in the venue, and many people walked in. There were Huo Yu and Qin Yuan, Xu Tian, and colleagues who worked in the company. They all walked in with smiles, clapping and cheering, asking Mo Yan to agree to Huo Zhen's proposal.

"Marry him, marry him."

Their cheers completely broke the last line of defense in Mo Yan's heart. Although she had already adapted to her status as Huo Zhen's wife, she had never thought that Huo Zhen would arrange such a proposal for her.

Her face flushed red as she nodded repeatedly.

Huo Zhen happily put the ring on Mo Yan's hand, picked her up, spun her around, and kissed her gently on the face.

The crowd became even more excited, and one after another, they asked for another kiss.

Mo Yan was so shy that she wanted to hide in his arms. Huo Zhen saw her embarrassment and requested for their friends to take their leave. Then, he whispered into Mo Yan's ear, "I'll be preparing for the wedding next. The day will be livelier than now. You'd better prepare in advance."

Mo Yan didn't hear him clearly, and she didn't know whether to nod or shake her head.

Huo Zhen hugged her even tighter, his face almost touching Mo Yan's ear. He whispered, "You don't have to be embarrassed. I'll help you. I'll take care of you and protect you from now on."

After saying that, he indulgently kissed Mo Yan's lips.

The kiss deepened bit by bit, as if it wanted to meld the two of them together.

Thank you for reading on
