

Super School Student Chapter 11-12

Chapter 11

This guy is called Song Junlin, who is said to have deep connections with school leaders and the Education Commission, and his family is very rich, so he is known as the “new teacher killer”, basically, he hooks up with all the new female teachers who come to school.

In fact, he started to act from the day Liu Mei appeared in the school, but she didn't see him as a playboy.

“You're a teacher hey! How can you slander your students, shouldn't you believe in them, anyway, I'm sure I'll be rewarded for my efforts.”

Liu Mei was very puzzled by Song Junlin's approach, she thought that teaching and educating people was a sacred thing and through her efforts to give a person a better future, she felt that it was worth the effort.

Of course, it was also this enthusiasm and expectation of hers that kept Ye Lu from completely breaking the bank.

As a result, Song Junlin said with a disdainful look on his face.

“You say he can give you something in return? Fine, then let's bet that if he can really pass the passing line like you said, what I said to you that day will be counted as something I didn't say.”

When he heard Song Junlin say the words “I didn't say anything”, Teacher Liu Mei let out a long sigh of relief, but then, Song Junlin continued.

“However, if this boy does not achieve this grade, you have to agree to my condition.”

Now Liu Mei was in a difficult position, this was indeed a good opportunity to get rid of Song Junlin's pestering, but, she was also aware of Ye Lu's grades, except for the language which was okay and English which she could barely maybe pass with her own tuition, the rest were hardly up to standard, but, just when she was about to give up, Ye Lu spoke up.

“Good, Teacher Song, on behalf of Teacher Liu, I promise you a bet, you have to keep your word.”

Song Junlin immediately raised his eyebrows when he heard Ye Lu's words, however, he still turned his head to look at Liu Mei and said.

“Of course I keep my word, Teacher Liu, what about you, can you keep your word?”

Liu Mei didn't answer, but glanced at Ye Luo and found that Ye Luo's eyes were glowing and his eyes were determined, so he gritted his teeth and turned his head to look at Song Jun Lin and said.

"Of course, I believe in Ye Luo."

Now, Song Junlin was happy, he smiled and walked over to put the flower down and said.

"That's great, this flower is a gift to celebrate our upcoming relationship in advance."

As a result, Liu Mei raised her hand and threw the bouquet into the trash.

Song Junlin wasn't angry, as this had happened more than once, and he looked at Liu Mei's proud breasts, thinking that it was worth the frustration for these two things, before he swallowed hard and turned to leave.

When Song Junlin had gone far away, Liu Mei then looked at Ye Lu and said.

"See, my body is all on your shoulders, so next give me some effort to study and don't always look distracted when I tutor you."

Ye Lu immediately reached out and made an "OK" gesture.

However, when Ye Lu asked what Song Jun Lin had just said, Liu Mei refused to say anything, probably nothing good.

At this moment, in a corner of the senior class, Zhang Yang was discussing things with some of his friends.

"Brother Yang, that Ye Lu is tough enough, can you do it alone?"

The boy who was hit by Ye Lu's head said with some fear as he looked at Zhang Yang.

As a result, Zhang Yang raised his hand and gave him a slap on the face and said.

"F*ck! Do you think I'm you, would I give him a chance to get close to me? It's not a piece of cake to beat him up."

However, although Zhang Yang said so, he actually didn't have much in his heart, because he did learn sparring and had fought before, but basically, he was always a one-sided fighter, and the other party didn't dare to fight back.

So, he thought about it and said.

“How about this, since Brother Tiger is not here, then you go and find someone below Brother Tiger later, bring some more people over, I guess there will be quite a few people there to watch, I have to show everyone what happens when you dare to mess with me, and watch that girl Gushiki, that girl will probably help that kid.”

A little brother agreed, took two steps away and turned back to ask.

“Do you still have guys with you?”

As a result, he was given a slap on the head by Zhang Yang and said.

“There are so many of us, we don’t need to bring any more guys.”

That little brother immediately turned around in embarrassment, but before he could take two steps, he heard Zhang Yang behind him say.

“Instead, we can hide some guys on the edge of the rooftop.”

That little brother instantly had a black line.

.....

After the last class was over, Ye Lu walked towards the rooftop, and the students he met on the way who were watching were all looking at him from afar and pointing and commenting.

“This is the one who’s going to get his ass kicked today.”

“How dare he offend Zhang Yang, I really don’t know what he was thinking.”

“That’s right, looking at his relaxed face, he must have a blister in his head.”

.....

Ye Lu ignored these chattering guys, the last thing missing in the school were these melon-eating students.

After going over the iron gate to the rooftop, Ye Luo realized that Zhang Yang and the others had already been waiting there for a long time, a large group of people in black, actually all wearing uniform costumes, looking as if they were filming a movie.

And on the other side of the rooftop were gathered as many students watching the fun, eating melons, eating popsicles, eating chilli sticks, and even one actually carrying instant noodles

The first thing you need to do is to get a good idea of what you’re getting into.

Unlike Zhang Yang, she didn't have a team at school, so she went to a lot of trouble to get a few people from the jewellery shop's security team, only to be stopped from entering by the school's security guards.

"Zhang Yang, if you dare to touch Ye Luo, I'm not finished with you."

Gu Shiqi said viciously as she looked at the direction of the rooftop with some worry.

On the rooftop, the gap between the enemy and us was extremely obvious, on one side was Ye Luo alone, on the other side were thirty to forty students dressed in black, the crowd began to mourn for Ye Luo.

Ye Luo, on the other hand, looked at Zhang Yang, who was the head of the aggressive group, and said lazily.

"Come on, stop posing, hurry up and fight, I'm still waiting for dinner, I have things to do later."

Zhang Yang felt a little defeated when he saw Ye Luo's leisurely appearance, he originally wanted to suppress the other party from his aura, but he didn't expect it to be of no use to Ye Luo at all.

He had no choice but to take two steps forward and looked at Ye Lu and said.

"You kneel for me now"

Before he could finish his words, Ye Luo had already rushed over.

"You're so full of crap."

Zhang Yang couldn't care less about saying harsh words, he threw a punch at Ye Lu who was rushing over, not to mention, his punch was really decent, it seems he did practice.

However, Ye Lu grabbed the fist he was throwing and slammed his head into it.

"Boom!"

The heavy blow just hit Zhang Yang's nose, and he immediately felt his eyes glaze over and something hot dripping down, while the blow completely knocked him dumbfounded.

He hadn't encountered this kind of hit before, and it was followed closely by another kick to his noggin.

Zhang Yang instantly fell to his knees in pain like a lobster covering his vitals.

Two blows finished.

“Ooh!”

There was a gasp from the people watching around!

Everyone didn't expect the fight to end so quickly.

For his part, Ye Lu clapped his hands and said.

“Alright, remember not to ask me out on the rooftop if there's nothing to do in the future, I'm very busy.”

After saying that he dashingly prepared to turn around and leave.

At this time, Zhang Yang, who was kneeling on the ground, said with difficulty.

“Go on, give me a fight

Seeing that Zhang Yang actually did not keep his promise and wanted to force a group fight, the people watching on the rooftop instantly exploded.

“Shit! Didn't we agree to fight one on one?”

“That's right, this is too discredited.”

“Don't even have any face.”

.....

However, Zhang Yang could no longer care about that, all he could think about now was how to teach Ye Lu a lesson, as the pain down there made him worry that he might not be able to lift his dick in the future.

“Shit! Do you think I'll be afraid of you guys?”

Ye Luo moved his neck, followed by a somewhat unexpected dash to the side as everyone stared at him.

“F*ck! Our guy's hiding on that side.”

“Jeez, how did he know.”

“Hurry!”

.....

Those minions of Zhang Yang were surprised to find that the direction Ye Luo rushed over was actually where they had put their guys, however, by the time everyone reacted and rushed over, Ye Luo had already gotten a stick first.

After getting the stick, he did not fight the group of people, but swung the stick and rushed towards Zhang Yang.

However, soon the others also picked up their sticks and began to greet Ye Lu's body.

Ye Lu did not tangle with these minions, he gritted his teeth and rushed to Zhang Yang's side, then dragged Zhang Yang, who was just about to stand up, to the edge of the rooftop.

"Zhang Yang, kneel down and apologise to me or I'll throw you off this place."

Ye Lu looked at the people carrying guys around, then wrapped his arms around Zhang Yang's neck and said with a smile.

However, this time, Zhang Yang did not believe that Ye Lu really dared to throw himself down, this was the roof of the seventh floor, falling down he would definitely hang, that would be murder, he just died without believing that Ye Lu had the guts to do so.

So, he looked at Ye Lu and said through clenched teeth.

"I am scared! If you have the guts, you can throw me down, what? Scared."

Hearing Zhang Yang's words, Ye Lu suddenly laughed wickedly and said.

"What's so scary about that."

Chapter 12

Seeing Ye Lu's smile, Zhang Yang inexplicably got a little scared, followed closely by Ye Lu making a move that he could not imagine in any way.

Ye Luo hugged Zhang Yang and flew over the edge of the rooftop and jumped down.

"Waaaaah!"

"F*ck!"

"Holy shit!"

"What a nasty fall!"

.....

There was a gasp from the people watching from afar, and even the guys who had gathered around the rooftop with their sticks were astonished beyond belief.

Because this was the roof of the seventh floor!

“Holy f*ck

The one who was most devastated was Zhang Yang, his head had gone blank after he saw his body hanging in the air.

However, Ye Luo was not worried, since he could divine where the guy had hidden his weapon, he could of course divine when the car would pass by and where the two of them would fall in the car.

It was a delivery van carrying bedding for the dormitory, and it was full of bedding wrapped in bags, and it happened to be walking past this corner of the building at the moment.

“Boom!”

“Boom!”

The driver, who hadn't noticed the unusual situation at the moment, was pulling the two people around the corner of the building towards the dormitory area.

“Shit! It's too wimpy, it's all scared shitless.”

Ye fall sitting up, the result looked to Zhang Yang trousers a large wet, has just been a scene of scared piss, people also passed out.

And at this moment Qin Siyu only just returned to the dormitory.

“Xiao Li, how come there are so few people in the dormitory?”

Qin Siyu asked, somewhat puzzled.

The girl who was called Xiao Li said with a smile.

“Right, you went to the sprint tutoring class this afternoon, so you don't know yet, right, Ye Lu is now fighting with someone on the rooftop, no, I should say he is being fought with because he has offended Zhang Yang in a good way.”

Hearing that Ye Lu had offended Zhang Yang, Qin Siyu was also startled, as Zhang Yang was notorious for his vengeance.

However, immediately afterwards, she pointed out the window and said.

“Isn’t that Ye Lu and Zhang Yang, I saw the two of them in the car, just below us.”

With those words, Qin Shiyu ran to the window and opened it, Xiao Li also ran over, and there were many others doing the same thing, some with lunch boxes, as it was just about time to eat.

“What’s with that Zhang Yang, did he wet his trousers? Or is he dead, why is he not moving at all.”

“That’s right, didn’t they say the two of them went for a one-on-one fight?”

“Picked on the car.”

.....

While everyone was talking, the car had arrived downstairs.

Ye Lu moved his body in the car before jumping down, and at this moment the driver also happened to come out, and he saw with a dumbfounded face that a man jumped down from the bucket.

“There’s another one up there who has pissed himself, please get him down later.”

At this moment, around the car, the doorway, and in front of the window were already full of girls watching, and Ye Luo knew that Zhang Yang was going to show a big face this time.

“I’ll go first, I’ll leave this place to you.”

He waved his hand at the driver master who was still confused about the situation, and then left the girls’ dormitory building in style.

As he walked, Ye Lu reached out and started pressing on his glasses, because, just when he was fighting, he felt as if the left side of his glasses flashed a light, because Ye Lu had been thinking about the unlocking of his glasses, so he paid very close attention to every detail of his glasses, and he knew that it was definitely not an illusion just now.

However, after fiddling with them for half a day, he did not see any change in the glasses and eventually had to give up.

Without stepping out much further, Ye Lu saw Gu Shiqi running in the direction of the school building in a breeze, as the rooftop where the fight was taking place was right on top of the school building.

“Hey! Gu Shiqi, where are you going?”

Ye Luo looked at her and quickly shouted.

Hearing Ye Luo's voice, Gu Shiqi shouted with some surprise.

"Already! Ye Luo, you're alright, great, I was worried about you, but unfortunately the security guard I got they wouldn't let me in, are you alright, why are your clothes torn, and what's with the injuries on your body?"

Seeing Gushiki's fussed look, Ye Lu smiled and said.

"Don't worry, it's all superficial injuries, things have been solved for now, but I have something to ask you, do we have a night market for antiques here? You said last time that you could pluck treasures and sell them to your shop, right, I want to go and try."

After seeing the statue of Guigu Zi, Ye Lu's view on these antiques had changed drastically, because Ye Lu found that these old objects might have other uses, for example, the divination function of this Spring and Autumn era statue of Guigu Zi surprised Ye Lu, he started to be curious about these antiques, and of course another thing was that this looked like a new way to get rich.

"Night market, ah, there is, it is said that business is exceptionally hot, because it is newly opened, the policy is relaxed, and it is opened in a densely populated area."

"Let's go, I'll take you there."

Gu Shiqi said and turned around and walked towards the school gate.

"Aren't you going to study in the evening?"

Ye Lu asked from behind Gushiki.

Gushiki said indifferently.

"No, no matter which university I go to, I still have to come back to inherit the family business in the end, so it doesn't matter if I go to evening study or not."

So, the two left the campus straight away, anyway, they had quite a lot of money on them, so they could just have a rubdown outside for dinner.

On the way, Gu Shiqi and Ye Lu introduced Zhang Yang's situation. Zhang Yang was the son of the Zhang Group, which was a very powerful group in the city, and its business included a lot of branches in the supply of raw materials for jewellery and collector's stones, so it had a lot of dealings with the Gu family.

The two sides of the marriage were Zhang Yang and Gu Shiqi, but the two families did not reach an agreement because of Gu Shiqi's firm opposition, and the Gu family put the matter off on the grounds that the two children were still young.

"This was actually two years ago, since that time, Zhang Yang always likes to say that he is my fiancé or something, it's annoying as hell."

Gu Shiqi said with a beak, this matter should have made her depressed, however, immediately she said with a twinkle in her eye.

"By the way, I heard that in a while, they might even go to my house to propose marriage, when the time comes, can you help me out?"

Ye Lu said without raising her head.

"How can I help, by beating him up again?"

As a result, Gu Shiqi said with a smile.

"You don't have to care about that, anyway, I'll take it as you've already promised me, just listen to me when the time comes."

Ye Lu was suddenly a bit teary-eyed, when had he ever promised her, but, anyway, Gushiki was also considered his own valuable person, so Ye Lu acquiesced.

Soon, the two of them found a roadside restaurant and ate.

Once they ate, Ye Lu realized that although this Gushiqi's family was rich, she was not fussy at all about her food, and the things she ordered were all everyday delicious meals, and she ate without any elegance or restraint at all, which made Ye Lu feel very relaxed.

"By the way, Ye Lu, those four things you found, I secretly asked, were sold by my third uncle, four things sold for more than 600,000, so, we kind of let you lose a lot, so, this time to buy things, you don't always have to shop the stalls, expensive things also don't matter, apprentice I am responsible for paying, put just heart to pick it."

Gu Shiqi said with a big grin as she ate.

In fact, although Ye Lu had never been in the antique business, but also understand the way, that is, buying and selling is all based on eyesight, for example, you think this thing is worth 10,000, sold to the other party, the other party turn around and sell a million, in fact, you should not feel the loss, only to say that you have bad eyesight.

So, Gushiki said that his family owed him a favor or something like that purely for his own peace of mind, this nee-san is as good at heart as she is on the outside, a good-hearted person on the inside.

So, Ye Lu thought about it and said.

“Okay, then even if we cooperate and make money together, so that your family’s shop also makes money at the same time, three wins, how about that?”

Hearing Ye Lu’s words, Gu Shiqi raised the cola in her hand and said with a smile.

“Sure, here’s to three wins!”

At the same time, in the park next to the school, Zhang Yang and his group of juniors were gathering together somewhat depressed, at this moment Zhang Yang had already changed into a new set of clothes, having made such a big fool of himself in the girls’ dormitory made him feel extremely depressed, however, thinking about the moment he jumped off the building, he still felt a chill down his back, he had completely walked from the ghost gate.

“Brother Yang, that bastard Ye Lu is an outlaw, let’s forget it.”

“Yeah, it would be bad if someone got killed.”

“Bullshit, is Brother Yang still afraid of getting killed?”

“Of course I’m not afraid, but there’s still Gu Shiqi, her family is also quite powerful!”

.....

Seeing the crowd in disarray, Zhang Yang was inexplicably a little disturbed, and he said as he slapped the stone table hard.

“Stop bickering, wait for Brother Tiger to come back first, if we can’t, if we can’t handle the open ones we’ll play the dark ones, I don’t believe we can’t deal with him.”

At the moment, the man he was dealing with was happily walking with a beautiful woman in the antique night market.
