Chapter 1171: Murong Clan's Comeback

When Wu Lan and others saw Yun Jian out of the blue, she and the elders behind her nervously kneeled before Yun Jian in unison. The reason was simple.

Wizard Lord Wu was brilliant back then. What she could do and had done won the deference of Wu Lan and the elders behind her even today.

Even when it was no longer Wizard Lord Wu's peak era now, Wu Lan was still astounded when she saw Yun Jian, a face that was an exact replica of Wizard Lord Wu's.

Wu Qing was dumbstruck when she saw her aunt getting on her knees before the girl whom Lan Su had brought back.

Every clan member who was born in Wu Clan was ground with one belief—Wu Clan would prosper with Wizard Lord Wu! One day, the fallen Wizard Lord Wu would return and lead her clan members in ascending Yulong Mainland's peak again.

That was because Wizard Lord Wu had once promised—"I shall return a thousand years later!"

A thousand years later, Wizard Lord Wu would definitely be returning!

Wu Qing was taught the concept ever since she was a child. The reason for what she said just now was only because she had never seen Wizard Lord Wu personally and thought that the latter was only a legend.

In spite of it, when she saw her aunt who was usually superior to others and whom she had admired since a child get on her knees for this gorgeous girl next to Lan Su—and call her Wizard Lord Wu, she was thoroughly baffled.

"Wizard L-Lord Wu... Aunty, what are you saying? She—she's... Wizard Lord Wu?" No matter how reluctant Wu Qing was, she had still shifted her gaze to Yun Jian and asked Wu Lan in surprise.

It was not just Wu Qing. The group of teenagers behind her were flummoxed as well.

"Qing-er, do not be rude! If you point at Wizard Lord Wu again, you'll be expelled from Wu Clan!"

Wu Lan scrambled up and yanked Wu Qing's hand when she saw her niece pointing a finger at Yun Jian, pulling the girl to kneel down before Yun Jian together.

Seeing that their clan leader had gotten on her knees before Yun Jian deferentially, the juniors of Wu Clan kneeled down as well in fright.

This was the prestige of Wizard Lord Wu!

The juniors were naïve and might not know but Wu Lan had been a clan leader for over a thousand years. She and the elders behind her could clearly recall Wizard Lord Wu's past accomplishments.

The saying about Wu Clan prospering with Wizard Lord Wu being present and Wu Clan crumbling with Wizard Lord Wu falling was proven right as well.

Therefore, Wu Lan and the elders were extremely reverent toward Wizard Lord Wu.

Yun Jian stood in front of them and watch them kneel before her with a squint.

The sight made Lan Su who had been standing beside Yun Jian come before her and put her hands lightly against her chest to take a deep bow at Yun Jian. She then exclaimed in an incredibly thrilled tone, “Wizard Wu Lord has kept her promise a millennium ago! She’s returned to Wu Clan today after a thousand years!”

“Wizard Lord Wu! Wizard Lord Wu! Wizard Lord Wu!”

Wu Clan’s clan leader, Wu Lan, led the cheer and the group of clan members gradually joined in. Their shouts were thunderous.

As Yun Jian took in the scene before her, it felt familiar, like a feeling of déjà vu.

It was during then a woman who was dressed like a servant dashed in from the side in a stumble, falling to the floor limply and vomiting blood. Before she passed out, she cried, “Murong Clan is here again... The courtyard... They’re attacking our people... Clan leader, help...”

Chapter 1172: Whoever They Are, They’re Doomed

The woman fainted right after what she said.

The group who had been cool and fierce just moments ago grew enraged when they heard that Murong Clan was here to pick a fight again.

Thousands of years ago, Murong Clan had only been a clan so small that its presence was easily overlooked. Since the fall of Wizard Lord Wu, however, Murong Clan had ascended from where it was to being one of the four greatest clans in Yulong Mainland now.

Currently, Murong Clan’s status was almost surpassing the top clan in Yulong Mainland.

Wu Clan had fallen, deteriorating to an insignificant presence now. Due to the fact that it had once been such a prosperous clan, members from Murong Clan loved harassing its members.

The saying “comparison is a thief of joy” rang true.

To Murong Clan members, their clan could never compare to Wu Clan a millennium ago. Now, though, Wu Clan that used to bask in its prime had fallen to this state and the tables had turned—it was Wu Clan that could not compare to Murong Clan now.

The stark contrast gave Murong Clan members the joy of success. It was why they loved to pick on Wu Clan members and had even treated their lives as playthings, killing them as they pleased. Some young Murong Clan heirs would even sexually assault Wu Clan girls in public!

In comparison to other clans, Wu Clan women placed a lot of emphasis on their dignity and decorum. A woman of Wu Clan would be punished even for holding hands with another man. If a woman lost her chastity, she could only marry the man who defiled her or kill him—or kill herself!

It was because the young masters of Murong Clan knew this that they liked sexually assaulting girls from Wu Clan.

As the clan leader of Wu Clan, Wu Lan had no way nor the ability to stop them, because Wu Clan was no longer the flourishing and successful clan it used to be a thousand years ago. If they did not forbear it and openly challenged Murong Clan, Wu Clan would not just face humiliation but extinction!

It would be a walk in the park for Murong Clan to defeat Wu Clan now.

“Clan leader, so many girls in our clan have suffered from their sexual assault. We can’t keep enduring it!” someone stepped up to say aloud with a glint of tear shining in the eyes just after the servant woman had spoken and passed out.

Most Wu Clan members were women. There were men too, but not many of them—eight or nine out of ten of Wu Clan members were women.

Wu Clan women were pure because of its clan rules. No woman was allowed to be close to any man before getting married.

What Murong Clan was doing was basically forcing Wu Clan to a corner. That was why Wu Clan members yearned for the return of Wizard Lord Wu as much as they hoped for their clan to prosper again.

Wu Lan gripped her fists in indignation.

A crisp voice of a girl sounded at the same time, “Murong Clan is the clan that sent someone to assassinate Lan Su?”

Everyone turned to look at Yun Jian when they heard her. This was Yun Jian’s first time speaking upon her return to Wu Clan. They raked their eyes over her while Lan Su who stood in front of her nodded.

“Yes, the ones who sent an assassination against me was Murong Clan...”

Ya Dang had shielded her from the blades and guns ultimately and suffered a serious injury.

The others trained their gazes on Yun Jian when she spoke. The latter smirking unnervingly after hearing Lan Su’s confirmation.. “I don’t care whoever Murong Clan is. They’re doomed for daring to lay a finger on my people!

Chapter 1173: Beating Them up Even Without Her Spiritual Power

Did it mean that Yun Jian was ready to strike? Wizard Lord Wu was ready to battle?

The Wu Clan members were stunned. They were frozen still as they stared at Yun Jian like they were seeing their savior.

There was a faint gleam that flashed across Si Yi's eyes where he stood next to Yun Jian. He suddenly raised a brow, as if he already had some sort of plan.

Right now, Yun Jian stood before the Wu Clan members with a commanding presence. She smirked with her cherry lips. "Lead the way."

Yun Jian's presence was strong. Even when she had no spiritual power, people around her were unable to ignore the air she carried. It was the aura of a king!

"Wizard Lord Wu, come with me!" Wu Lan got up and hastily took the lead to guide Yun Jian.

The entourage then made their way to the courtyard.

Wu Clan's courtyard.

This was a slightly darker and unsettling place surrounded by lush bamboo forest and the occasional sounds of birds and insects.

Right in front at the courtyard, a few young masters dressed extravagantly were pulling three to four Wu Clan girls and harassing them.

"Heh heh heh. Haha! Trying to escape? Go on! Let me see where you'll run to! Pretty girl, just let me do what I want, hahaha..."

One of the young masters who was dressed like he was the richest stopped a Wu Clan girl who wore an all-black costume to get handsy with her.

"Scram! Go away! Don't touch me!" the Wu Clan girl cried in despair. She then wanted to run into the wall, planning to kill herself as an effort to protect her chastity.

People in Yulong Mainland were physically like earthlings. Other than being able to cultivate spiritual energy, they would die from physical trauma as well.

Before the Wu Clan girl could ram into the wall, however, her dainty hand was caught by the fat young master. "Heh heh heh, pretty girl, I haven't even had fun with you. No way I'll let you kill yourself first..."

Grabbing hold of the Wu Clan girl's hand, the young master shoved her down and tore her dress. Before his fat hand could take advantage of the girl, he suddenly felt a powerful force kicking his abdomen. He was then flung away by the strong force.

Thud! The young master did not even have a chance to react when he was kicked far away by Yun Jian who had appeared suddenly.

"Argh! Urgh!" The young master spat blood from the impact.

The other young masters from Murong Clan who were about to assault the pure Wu Clan girls froze in fright, shocked by Yun Jian's appearance.

"You... F*ck, pretty girl, and who are you?" One of the young masters who snapped back to reality first nearly drooled at the sight of Yun Jian's beautiful face.

The young master whom Yun Jian had kicked off just now took no longer than two seconds to get up. Looking at Yun Jian's pretty face, he felt his heart itch. Once he thought of how she had kicked him just now, though, he thought that he ought to seek revenge regardless.

The young master swiped the blood at the corner of his lips and barked at Yun Jian, "Where are you from, beautiful? How dare you kick me? I'll make sure you learn your lesson!"

The young master summoned his spiritual power to launch an attack toward Yun Jian. Lan Su, Wu Lan and others who came in follow were shocked.

Yun Jian had no spiritual power! How would Wizard Lord Wu be able to fight the Murong Clan members when she had just returned?

Just when the young master summoned his spiritual power and his fist was coming to Yun Jian, an astonishing scene happened...

Chapter 1174: The Clan as My Betrothal Gift to Marry You

The young master summoned his spiritual energy, the spiritual power that only belonged in Yulong Mainland, and was hurling it toward Yun Jian when it vanished out of the blue three meters away from her despite it just surrounding him seconds ago.

Nevertheless, the young master's fist was already flying toward Yun Jian and it was too late to withdraw it now.

Spiritual energy was a big deal in Yulong Mainland but the only difference between people in Yulong Mainland and people on earth was only that. In other aspects, people from Yulong Mainland were no different from people from earth.

This meant that if people from Yulong Mainland lost their spiritual energy all of a sudden—and because they depended on spiritual power, thus lacked physical training, they could be weaker than the average Joe from earth!

This young master looked formidable because of his spiritual energy. When said spiritual energy disappeared abruptly when he was less than three meters away from Yun Jian, it was like he had suddenly become someone from earth—lacking spiritual energy—and was even weaker than one physically, causing him to be a person weaker than an average earthling.

When someone like this was given to Yun Jian who was known for her ruthless killing, killing him was easier than squashing an ant!

Everyone there was baffled.

The next second, they saw Yun Jian kicking the young master all the way to a large rock some distance away. The latter's internal organs shattered and he died on the spot!

The scene shocked everyone there. However, Yun Jian's merciless attack was only one of the surprises. More importantly, the only person who was ever known to be able to dispel Yulong Mainland's spiritual energy from anyone who was three meters away from them was...

“Wizard Lord Wu! Wizard Lord Wu has returned! Wizard Lord Wu will ensure Wu Clan prosper! Wizard Lord Wu! Wizard Lord Wu!”

Instantly, those in Wu Clan who had come over chanted and shrieked. The shouts were thunderous and resonant. Wizard Lord Wu had really returned!

What Yun Jian did just now—making anyone in Yulong Mainland lose their spiritual power within three meters of herself—was the most significant characteristic of Wizard Lord Wu!

This unique feature was one of the reasons Wizard Lord Wu was so intimidating in the previous life. The second reason was her powerful spiritual energy.

In spite of it, Yun Jian who was without spiritual energy still had no rival in Yulong Mainland in terms of her physical skills! Of course, her ability to strip anyone in Yulong Mainland of their spiritual power within three meters from her, turning them into earthlings like her, had already made her unparalleled in Yulong Mainland!

This was the reason Wu Clan’s Wizard Lord Wu was eternally powerful!

Wu Clan would definitely prosper and flourish with the return of Wizard Lord Wu!

The young masters of Murong Clan looked horrified.

Everyone in Yulong Mainland knew about the legendary Wizard Lord Wu and her physical attribute that could make one lose all spiritual energy within three meters’ distance from her and become a helpless prey.

Yet this young girl in front of them was actually Wizard Lord Wu?! This was unbelievable!

Just when everyone was gradually beginning to accept the reality, Si Yi who stood next to Yun Jian suddenly pulled her into his embrace.

The Wu Clan members widened their eyes at the scene.

Wizard Lord Wu had always been single. Who was this man? How dare he hug Wizard Lord Wu?

Before they could do anything about it, Si Yi had extended his hand and used his spiritual energy that could crush the entire Yulong Mainland in an instant to grab the Murong young masters telekinetically.

The next second, these Murong young masters were smashed into splatters of blood from Si Yi’s telekinesis. The handful of men who had been alive just seconds ago had turned into liquid blood without a piece of bone left!

The Wu Clan members’ eyes bulged in terror.

As Si Yi embraced Yun Jian, he wore a smile. Although his masked face looked average, it could barely conceal his radiance. He looked at Yun Jian tenderly, his gaze soft, as he spoke the most moving words in the most melodious voice in the world, “Xiao Jian, I’d use the fall of Murong Clan as the betrothal gift to marry you!”

Right after Si Yi said that, a strong marriage pact formation glowed in five stars and emerged under his and Yun Jian’s feet. It was a force that was stronger than Wizard Lord Wu’s!

The crowd looked at Si Yi with undisguised shock.

Chapter 1175: Identity Exposed. Two Wedding Rings

What did Si Yi say just now? He said that he would use the fall of Murong Clan as his betrothal gift to marry Yun Jian?

The first half of the sentence was important, so was the last half! He actually had the ability to wipe out Murong Clan?

This man here possessed the capacity to vanquish Murong Clan?

Wu Lan and the elders around her were stunned. After a few thousand years of growth, Murong Clan had now reached a substantially stable stage of success, yet Si Yi said that... he wanted to use the fall of the clan as his betrothal gift to marry Yun Jian?

That would require an ability that sufficed to crush Yulong Mainland! Only then would it be possible to accomplish it immediately—unless he was from the Deity Continent!

As for the last half of Si Yi's sentence, it sounded absurd.

He wanted to marry Wu Clan's Wizard Lord Wu as his wife? Uh... Wizard Lord Wu found her partner? Wizard Lord Wu who had been single for hundreds and thousands of years had actually found her other half!

Nothing was more shocking than this!

In spite of it, no one was as stunned as Lan Su.

Si Yi wore a face mask but Lan Su knew that he was Lord Divinity! Was Lord Divinity really proposing marriage to her Wizard Lord Wu?

What Lan Su knew about Lord Divinity was that he was even a superior presence in Deity Continent that oversaw all the lands. Basically, there was no one in the universe who was better than Lord Divinity!

The portal that connected Yulong Mainland to earth had been forcefully created by Lord Divinity himself who had torn space apart! It was something impossible in the universe but Lord Divinity had done it!

As the crowd watched, the glowing five-star formation beneath Yun Jian and Si Yi's feet grew bigger. This was the marriage deed formation.

As it grew bigger and bigger while everyone else stared, its glow ultimately engulfed heaven and earth. For a marriage deed to glow this brightly, it meant that the two people involved in it were the best of the best among the population!

The luminescence enveloped Yun Jian and Si Yi before a loud noise erupted on the spot. It made those who were standing there widen their eyes in shock.

Only when two brilliant souls got married that such a lofty glowing five-star formation would be produced. The one that Si Yi had triggered had never appeared in the whole Yulong Mainland—no, all the lands in the universe before!

“Oh my god!” someone gasped.

Si Yi and Yun Jian were thoroughly consumed within the formation’s radiance. Ya Dang and Mo Sen were frozen in surprise while Lan Su had gone dumbfounded.

“Could this man be from Deity Continent?” someone exclaimed in astonishment.

To people from Yulong Mainland or other lands, Deity Continent was where the deities stayed. That was because people from Deity Continent were not on the same level as people from Yulong Mainland.

There had been rumors that Wizard Lord Wu came from Deity Continent but it had never been verified.

The formation’s glow eventually subsided and the two figures within it became clearer in view. Above them, two silver rings materialized from the marriage pact, flying to Yun Jian and Si Yi’s hands respectively a while later.

The blinding glow slowly disappeared as well.

A skin mask fell on the ground. Somehow, the mask on Si Yi’s face had fallen off and his impeccably gorgeous face attracted everyone’s attention. The sculpted face that looked aloof exuded a focus that was sharp like a king’s.

Wu Lan and the elders who saw the face got down on their knees before Si Yi directly. Compared to seeing Yun Jian, the return of their Wizard Lord Wu, an even greater shock washed over their faces.

Wu Lan’s eyes were bulging as she stayed low on the ground to greet Si Yi, “L-Lord... Divinity!”

The person who had completed the marriage pact with Wizard Lord Wu was actually Lord Divinity!

Chapter 1176: All Mine, Inside and Out

“A-aunty?” Wu Qing was shocked by her aunt Wu Lan’s reaction. She was quick to react after that, glancing at Si Yi’s infuriatingly perfect face and feeling a slight sense of jealousy at Yun Jian who was circled in the former’s arms.

The man was gorgeous! That average looking face just now was fake!

Hearing Wu Lan’s term of address toward Si Yi, Wu Qing jumped in surprise.

Wizard Lord Wu was the most common name remembered in Wu Clan but everyone knew Lord Divinity. If Wizard Lord Wu was a legendary figure, Lord Divinity was like the gods modern people on earth mentioned—a presence no one could possibly come across!

That was why Wu Qing was startled for a moment before she snapped out of it. The moment she did, though, she and her peers all kneeled down before Si Yi.

“Lord Divinity! You... Y-you...” As the clan leader of Wu Clan, Wu Lan had always been composed and cool in the past. When she saw Si Yi now, she completely lost her composure.

Goodness! The man who had forced Wizard Lord Wu into a marriage pact with him was actually Lord Divinity!

It. Was. Lord. Divinity!

For the many years Wu Lan had lived, she had only been fortunate enough to see Si Yi once during an annual festival a thousand years ago. That time, Si Yi—who was Lord Divinity—was welcomed personally by the most powerful king in Yulong Mainland. The atmosphere was formidable even as Wu Lan reminisced it now.

After the most powerful king in Yulong Mainland said something wrong, a guardian next to Lord Divinity squashed him on the spot and changed the king to someone else!

This took the whole Yulong Mainland like a storm back then.

The master of Yulong Mainland was the king who was selected from a match among all the strong contenders in the land itself. This meant that the king was the most powerful and the strongest presence in Yulong Mainland.

Of course, Wizard Lord Wu was uninterested in the contest for Yulong Mainland’s throne or else that king back then would not have gotten to take that position.

Despite that, the king of Yulong Mainland still had to bow down and pander to Lord Divinity. That king was even subdued by Lord Divinity’s guardian just because he had said one inappropriate sentence in front of him!

Wu Lan was there too. She was kneeled below them and had clearly heard that king tell Lord Divinity, “Wizard Lord Wu from Wu Clan... She’s not attending the festival today. She certainly won’t be coming.”

This was the statement that made Lord Divinity order his guardian to quash the king!

Wu Lan had found it strange at that time. Why was Lord Divinity putting an end to the king just because of what he said?

Now that Lord Divinity had forced a marriage pact on Wizard Lord Wu... In retrospect, did he already like her a thousand years ago?!

Wu Lan nearly sprang up from the ground in revelation. But Lord Divinity had never met Wizard Lord Wu alone, how could...

As Wu Lan watched Yun Jian and Si Yi in a complicated gaze, she saw Si Yi lifting Yun Jian’s hand gently and flashing a boyish smile. He spoke before everyone, unabashedly declaring his possessiveness, “Xiao Jian, from today onward, you’re mine—inside and out!”

Chapter 1177: To Exterminate Murong Clan

Si Yi smiled after he spoke, only showing a tender expression like this when he was looking at Yun Jian.

This sight of Si Yi caused even an aged woman like Wu Lan to shudder, obviously surprised by the young man's demeanor.

Lord Divinity who had come from Deity Continent and was already incredibly honorable there would smile when he looked at a woman too?

It was... It was even more unbelievable than a flood happening in Yulong Mainland!

Yun Jian did not speak since the beginning but her eyes stayed on Si Yi with a tinge of tenderness. There was no doubt that Yun Jian inwardly allowed it, especially when she got the ring on her hand. Her heart thumped lightly with it.

An emotion that she had never felt before surged in her heart. It felt warm.

"Mn." While Wu Lan and others thought that Yun Jian would say something, they heard her agreeing softly with a blush.

Wizard Lord Wu would blush too?

They simply stared in bewilderment and were caught in the shock. Even Mo Sen who stood by the side could not help thinking that his young master was acting very promptly.

As Si Yi held Yun Jian's hand, he turned to Wu Lan. His tall figure intimidated one into shuddering just by looking at him. There was a brief pause while Wu Lan froze in fright, too scared to move due to Si Yi's presence as she kneeled in front of him before the young man's indifferent voice rang, "Lead the way to Murong Clan."

Wu Lan and the rest of Wu Clan members understood Si Yi immediately. Lord Divinity was fighting back for Wu Clan. Murong Clan was doomed this time!

Since hundreds and thousands of years, Murong Clan's assaults on Wu Clan's innocent girls had been absolutely repulsive. This time, Wizard Lord Wu came back and Lord Divinity had become her man! Murong Clan was done for!

Wu Lan got up quickly and led the way like a gust of wind, guiding everyone to where Murong Clan was. She was dying to wipe the clan out! Wu Clan members resented Murong Clan to their core!

...

The hall of Murong Clan.

There were currently plenty of people seated here, men and women; most of them were older but there were a few younger ones as well. These younger people were no doubt the younger generation of Murong Clan's hope.

The person seated at the power seat in the clan was an older man around his forties. That was Murong Clan's clan leader, Murong Jing.

As Murong Jing sat front and center and overlooked the group of people seated below him, he casted his gaze to a good looking young man and asked with a sense of seriousness, "Yu'er, where is Hua'er?"

“Heh, clan leader, him? He took some men to Wu Clan saying that he wanted to have some fun with a pure Wu Clan girl!” the young man who was addressed at Yu’er answered lecherously.

This guy was named Murong Yu and often partook in assaulting the poor Wu Clan girls as well.

“I told you guys to not pick a fight with Wu Clan so much. You all better watch it from now on! If Wu Clan’s Wizard Lord Wu returns some day later, we—” Murong Jing’s voice was quivering in fear at the mention of Wizard Lord Wu.

Before he finished his sentence, however, Murong Yu cut him off. “Hey, clan leader! There’s no such thing as Wizard Lord Wu. If Wu Clan really has Wizard Lord Wu around, how could they possibly deteriorate to the stage they are in today?”

“Heh, those girls in Wu Clan are chaste. Tsk, I don’t even want to get out of their bed after getting in!” Murong Yu exclaimed brazenly.

What Murong Yu and Murong Jing did not know was that Murong Hua whom they mentioned was already a dead soul thanks to Yun Jian.

Chapter 1178: Wiping Out the Whole Murong Clan

“Stop the nonsense. Wu Clan’s Wizard Lord Wu has never lied!” Murong Jing was obviously more mature than Murong Yu as he spoke with a frown.

Murong Jing was already around during the time when Wizard Lord Wu was still in Wu Clan. It was just that he had no status or importance back then, so he was never qualified to see Wizard Lord Wu or Lord Divinity face to face.

Despite that, Murong Jing had heard a lot about them. What Wu Clan’s Wizard Lord Wu had accomplished back then were basically legendary.

That was why Murong Jing was rather afraid when he saw his younger generation treating Wu Clan members like that. Their Murong Clan would be doomed if Wizard Lord Wu were to return one day and saw it!

“Ugh, clan leader, look at the era now. What about Wizard Lord Wu? I think it’s just Wu Clan’s imagination!”

“Besides, what could Wizard Lord Wu do even if she comes back? Hah, I believe that even if she returns, they’ll still have to stay below us and take what we give based on Wu Clan’s current capacity!”

Murong Yu spoke confidently and even licked his lips, already thinking about how he should toy with the Wu Clan girls after this.

It was just after what he said that the door to the hall was suddenly kicked open. Murong Jing felt his eye twitch as he straightened up in fright.

A slender figure entered while a taller silhouette came in after her. Behind them, many more people dressed in Wu Clan’s outfits walked in.

Murong Jing who was greeted by the sight felt his eyes twitch again before he stood up. He furrowed his brows when he saw Yun Jian and Si Yi who entered first. He had never seen Wizard Lord Wu, forget about being qualified to see Lord Divinity.

Murong Jing could not recognize them at all. He had only walked over when he saw Wu Lan, the clan leader of Wu Clan who stood behind Yun Jian and Si Yi.

“Wu Lan, why are you barging into Murong Clan with this large group today?” Murong Jing had to show his authority as a clan leader, especially when Murong Clan was no longer the small fry of a clan back then.

Murong Clan was currently one of the top four clans in Yulong Mainland! Its status was unlike what it had been in the past.

Murong Jing’s authoritative voice stirred the deference of many Murong members there. Their clan leader was truly one of a kind! No one should underestimate him whether in terms of presence or ability!

Murong Clan was destined to be successful. As the clan grew in power and status now, they would surpass the top clan of Yulong Mainland before long and actually become the top clan in Yulong Mainland!

At that time, they would make the women of Wu Clan their sex slaves! Other than being pure and chaste, Wu Clan’s women were beautiful. That was why Murong Clan liked assaulting them.

As Murong Jing questioned Wu Lan, it was another crisp female voice that replied. “Why? I’m wiping out the whole Murong Clan on behalf of Wu Clan today!”

The attention of Murong Clan members were attracted to the statement.. When they came back to focus, they saw the girl who stood in front speaking brazenly as she took in the scene with a cold smirk.

Chapter 1179: Pay It Back Fully to Murong Clan

What Yun Jian said locked Murong Jing’s brows together. Looking at the teenage girl before him, he had a feeling that the girl’s sense of presence seemed to be above him. His instinct told him that he could not afford to offend her.

“You’re?” Murong Jing asked with a crease of brows.

It was when he asked the question that Yun Jian suddenly smirked. Before she could answer, the group of Wu Clan members behind her shouted fervently, “Wizard Lord Wu! Wizard Lord Wu! Wizard Lord Wu!”

The Wu Clan members were extremely thrilled. Everyone from Wu Clan resented Murong Clan to their core. Many of the Wu Clan women who stood here had been assaulted by Murong Clan members and plenty of them had lost their purity because of Murong men’s forceful advances.

Wu Clan members loathed Murong Clan so much that they could no longer take it.

In Yulong Mainland, the concept of the survival of the fittest was deeply embedded in everyone's head. The strong ones would succeed while the weak ones were bullied.

When Murong Jing suddenly heard Wu Clan members calling Yun Jian Wizard Lord Wu, he tensed in fear.

"You're... You're Wizard Lord Wu?" Murong Jing was incredibly shocked as he pointed a finger at Yun Jian.

As for the other Murong Clan members who heard what the Wu Clan members called Yun Jian, a few juniors who did not know how intimidating Wizard Lord Wu once was guffawed. Murong Yu, especially, laughed the hardest.

"Hahaha! This girl is Wizard Lord Wu? The Wizard Lord Wu who Wu Clan said to be so magical? Is this a joke?"

"I thought that Wizard Lord Wu is an old hag! Did you Wu Clan people simply get a pretty girl here to make up for the headcount?"

Murong Yu laughed and scanned Yun Jian lustfully. Everyone there could clearly see the lewd intention in his eyes. As Murong Yu stared at Yun Jian's incredibly gorgeous face in a salacious gaze, he cackled.

"You're so beautiful, lady. Why don't you follow me? My tool is big and I'm good at it. I'll make sure you feel so good like you're in—"

Murong Yu had yet to say "heaven" when he felt as if an invisible hand had gripped his neck and pulled him up into midair from the floor.

"Cough... Co—cough..." Startled, he struggled to escape the intangible hand that was choking him.

Not too far away, Si Yi had his arm stretched as he used his mental power to lift Murong Yu from the floor.

"My woman is not for a scum like you to set eyes on," Si Yi spoke icily, a terrifying murderous intent flashing in his eyes.

"Wizard Lord Wu, Lord Divinity, please serve justice for Wu Clan. Pay the humiliation we Wu Clan have suffered for hundreds and thousands of years fully back to Murong Clan!" Wu Lan who stood behind Si Yi got on her knees before him and Yun Jian and cried aloud.

All the Wu Clan members kneeled down before the couple as well as they chanted, "Wizard Lord Wu, Lord Divinity, please serve justice for Wu Clan. Pay the humiliation we Wu Clan have suffered for hundreds and thousands of years fully back to Murong Clan!"

...

As the Wu Clan members cried in earnest, the chants were thunderous.

Whether it was Murong Yu whose throat was being telekinetically choked by Si Yi, clan leader Murong Jing, or anyone in Murong Clan, they were all stunned.

"Lord—You're Lord Divinity?!" Murong Jing nearly fell to his knees as he looked at Si Yi.

He was Lord Divinity from Deity Continent?!

Chapter 1180: Clenching a Living Man Into Nothing but Blood

One of them was Lord Divinity and another was Wizard Lord Wu! Either of them was a household name in Yulong Mainland. There were even parents who scared their kids who were unwilling to cultivate spiritual power with lines like this, "You don't want to cultivate spiritual energy? Sure, kids who don't do that will be eaten by Lord Divinity and Wizard Lord Wu!".

Lord Divinity and Wizard Lord Wu were already intimidating presences in the whole of Yulong Mainland. It was because of their power.

Compared to Wizard Lord Wu, Lord Divinity came from Deity Continent.

What sort of place was Deity Continent? It was the place that ruled the life and death of all lands.

There were also people who said that Wizard Lord Wu came from Deity Continent due to her ability.

Murong Jing had heard about something that once he heard Wizard Lord Wu's name now, he grew afraid. That was because he had heard that Wizard Lord Wu had once split a deity from Deity Continent who came into half!

The name, Deity Continent, was literal. Those who were from Deity Continent were all deities. There, people lived forever without dying or vanishing into the void. There, it was where earthlings claimed that deities stayed.

Despite that, it was a deity from Deity Continent who was torn into half by Wizard Lord Wu with one single hand and died on the spot! She had killed a deity singlehandedly!

It was from then on that Wizard Lord Wu's name grew.

That was why Murong Jing was terrified just by hearing Wizard Lord Wu's name and that was why Wizard Lord Wu became a petrifying presence to countless people in Yulong Continent.

As for Lord Divinity, there were rumors about him being the ruler of Deity Continent. Some people even said that he was the son of Deity Continent's king.

Whichever land it was, the ruler was called the king.

There were plenty of rumors regarding Lord Divinity while he had never been to Yulong Mainland for more than three times since the existence of the land. He was someone only in one's imagination.

That was why when Murong Jing heard that Si Yi was Lord Divinity, the shock to him was significant.

"L-Lord... Divinity? Mercy...cough—mercy, Lord Divinity..." Murong Yu who was telekinetically grabbed into midair by Si Yi believed it this time.

He had never felt a strength so powerful! The force was enough to destroy the whole Yulong Continent within a day!

Murong Yu was beginning to feel scared, so he begged Si Yi for mercy.

“Do you think I’ll let you go when you lust for my woman?” Si Yi scoffed. His flawlessly handsome face attracted everyone’s attention.

The crowd present did not focus on what Si Yi said because all of them were bewildered by his identity.

Lord Divinity had graced this place with his presence!

That statement itself frightened everyone, so they did not even consider what Si Yi had just said. Despite that, they heard him loud and clear.

‘My woman?’

Did he mean... Wizard Lord Wu? Lord Divinity and Wizard Lord Wu?

It was then Murong Jing suddenly noticed the pair of silver rings on Yun Jian and Si Yi’s hands.

“You... You both had completed the marriage pact?!” Murong Jing shuddered in fear when he saw it.

Lord Divinity had actually married Wizard Lord Wu? That meant that Lord Divinity was now family with Wu Clan?

Once he recalled what his own Murong Clan had been doing to Wu Clan, Murong Jing suddenly fell limply to the floor. What rolled off his tongue threw every Murong Clan member into despair.

“Karma! It’s karma! It’s destined that Murong Clan can’t avoid its doom!”

Some juniors were still indignant hearing what their clan leader said. It was when these juniors were going to voice their disagreement that Si Yi clenched his hand that was telekinetically grabbing Murong Yu.

Pow! Murong Yu who was hovering in the air exploded from the squeeze. He exploded into liquid blood without a piece of bone remaining!

“Ah!” The gory scene caused the disgruntled Murong juniors to huddle together and quiver in fear.

Murong Yu, a living person, was just clenched into exploding and becoming a splatter of blood!
